conflict in Vietnam often focused on spectacular destructive conflagrations ignited by hi tech machines of war their dominant trope was fire Hundreds of poems and related writings about Vietnam circulated in the FRG yet they are almost entirely forgotten today Poetic Writing and the Vietnam War in West Germany uncovers and explores some of this rich production in order to present a new history of engaged poetic writing in the FRG in the 1960s and 1970s and to draw out distinctive characteristics of wider protest culture In doing so it makes the case for attending to marginal non canonical or neglected literary and cultural forms and for critical thinking about why they might over time have been obscured This book offers too a case study for reflection on the representation of war on ways in which German oppositional culture could imagine its others and the ways in which other voices could speak to it in turn and on the relationship of poetry to the historical world *Chop Suey and Sushi from Sea to Shining Sea* Bruce Makoto Arnold,Tanfer Emin Tunc,Raymond Douglas Chong,2018-06-15 The essays in *Chop Suey and Sushi from Sea to Shining Sea* fill gaps in the existing food studies by revealing and contextualizing the hidden local histories of Chinese and Japanese restaurants in the United States The writer of these essays show how the taste and presentation of Chinese and Japanese dishes have evolved in sweat and hardship over generations of immigrants who became restaurant owners chefs and laborers in the small towns and large cities of America These vivid detailed and sometimes emotional portrayals reveal the survival strategies deployed in Asian restaurant kitchens over the past 150 years and the impact these restaurants have had on the culture politics and foodways of the United States Some of these authors are family members of restaurant owners or chefs writing with a passion and richness that can only come from personal investment while others are academic writers who have painstakingly mined decades of archival data to reconstruct the past Still others offer a fresh look at the amazing continuity and domination of the evil Chinaman stereotype in the foreign world of American Chinatown restaurants The essays include insights from a variety of disciplines including history sociology anthropology ethnography economics phenomenology journalism food studies and film and literary criticism *Chop Suey and Sushi from Sea to Shining Sea* not only complements the existing scholarship and exposes the work that still needs to be done in this field but also underscores the unique and innovative approaches that can be taken in the field of American food studies **Fodor's Vienna & the Best of Austria** Fodor's Travel Guides,2024-05-14 Whether you want to explore Vienna s elegant palaces and concert halls ski the Austrian Alps or soak in the charms of Salzburg s classical music scene the local Fodor s travel experts in Vienna are here to help Fodor s Vienna the Best of Austria guidebook is packed with maps carefully curated recommendations and everything else you need to simplify your trip planning process and make the most of your time This new edition has been fully redesigned with an easy to read layout fresh information and beautiful color photos Fodor s Vienna the Best of Austria travel guide includes AN ILLUSTRATED ULTIMATE EXPERIENCES GUIDE to the top things to see and do MULTIPLE ITINERARIES to effectively organize your days and maximize your time MORE THAN 15 DETAILED MAPS to help you navigate confidently COLOR PHOTOS throughout to spark your wanderlust HONEST
