World War Two Kevin Noles, 2025-06-30 During World War Two some 67 000 Indian personnel of the British Indian Army were captured by Imperial Japanese forces including a large number at the surrender of Singapore in February 1942 This book the first of its kind critically examines why these colonial Prisoners of War POW were largely forgotten in the post war period and therefore represents a case study in the formation of British wartime historical memory It addresses three questions relating to the impact of evidence that some Indian prisoners were disloyal the role of British colonial propaganda in shaping later memory of Indian prisoners and the unavailability of important documentary sources It argues that the process of forgetting can be understood in terms of three active memory practices namely suppression obscuration and selection Examples of how each of these have impacted British memory of Indian prisoners are provided These practices acted in a colonial context within which a pertinent element was a myth of loyalty namely the idea that whatever may have occurred in captivity most Indian prisoners stayed fundamentally loyal to the British Newly available sources including records from British military intelligence allow a reassessment of such narratives It examines the impact of the creation of the Indian National Army INA from volunteers among the Indian prisoners the way that the experiences of Indian prisoners were remembered explores how the INA was denigrated in later British accounts and reviews post war war crimes trials of Japanese military personnel where the victims were Indian prisoners including highlighting cases involving miscarriages of justice The book provides vivid portrayals of Indian prisoner experiences in areas such as Singapore Borneo and the Southwest Pacific as well as offering new perspectives on the INA s contribution to campaigns such as Imphal and Kohima in 1944 arguing that their impact was greater than previously admitted in British accounts Throughout the emphasis is on the role of forgetting in the management of unpalatable truths by the British

Researching Japanese War Crimes Records: Introductory Essays , Japanese war crimes committed in Asia and the Pacific between 1931 and 1945 concerned few Americans in the decades following World War II Japan s crimes against Asian peoples had never been a major issue in the postwar United States and with the notable exceptions of former U S prisoners of war held by the Japanese even remembrance of Japanese wartime atrocities against Americans dimmed as years passed American attitudes about Japanese war crimes changed markedly following the 1997 publication of Iris Chang s *The Rape of Nanking* 2 Chang s moving testament to the Chinese victims of the sack of Nanjing in 1937 graphically detailed the horror and scope of the crime and indicted the Japanese government and people for their collective amnesia about the wartime army s atrocious conduct The bestselling book spurred a tremendous amount of renewed interest in Japanese wartime conduct in China Korea the Philippines Southeast Asia and the Pacific *The Rape of Nanking* raised many issues that demanded further explanation Why were the Japanese not punished as severely as the Nazis for their crimes Did the United States suppress evidence of the criminal responsibility of activity by the emperor to ensure a smoothly running occupation of Japan Did the U S government protect Japanese medical officers in exchange for data on human experimentation Chang also charged the U S government

with inexplicably and irresponsibly returning confiscated wartime records to Japan before microfilming them making it impossible to determine the extent of Japan's guilt. Others were convinced that the U.S. government retained highly classified documents that would prove Japanese guilt beyond doubt and implicate the highest levels of Japanese government and society in the crimes. These issues led concerned parties to investigate Japanese wartime records among the holdings at the U.S. National Archives and Records Administration (NARA) in College Park, Maryland, and at other U.S. government agencies. Thorough documentation of Japanese war crimes and criminal activities among these holdings seemed unavailable, leading to speculation of an official cover-up. Suspicions that the U.S. government was deliberately concealing dark secrets were fueled when, instead of finding the records they sought, researchers encountered a card stating the records had been withdrawn for security reasons, as well as when they received a notice that requested information could not be located.

Gender and Labour in Korea and Japan Ruth Barraclough, Elyssa Faison, 2009-09-10. This book explores gender, labour, and class in Korea and Japan both during the twentieth century and today. It shows how sexuality is inscribed in working-class identities, demonstrating that sexual and labor relations have been crucial factors in shaping the cultures of industrialization in both Japan and Korea.

The Japanese Occupation of Malaya and Singapore, 1941-45 Paul H. Kratoska, 2018-04-30. Japanese forces invaded Malaya on 8 December 1941, and British forces surrendered in Singapore 70 days later. Japan would rule the territory for the next 3 years. Early efforts to maintain pre-war standards of comfort gave way to a grim struggle for survival as the vibrant economy ground to a halt and residents struggled to deal with unemployment, shortages of consumer goods, sharp price rises, a thriving black market, and widespread corruption. People were hungry, dressed in rags, and falling victim to treatable diseases for which medicines were unavailable, and there was little reason to hope for better in the future. Using surviving administrative papers, oral materials, intelligence reports, and post-war accounts by Japanese officers, this book presents a picture of life in occupied Malaya and Singapore. It shows the impact of war and occupation on a non-belligerent population and creates a new understanding of the changes and the continuities that underlay the post-war economy and society. The book was first published in 1998 and is now reissued in a new edition that incorporates information from newly translated Japanese documents and other recent discoveries.

A Companion to World War II Thomas W. Zeiler, Daniel M. DuBois, 2012-12-21. A Companion to World War II brings together a series of fresh academic perspectives on World War II, exploring the many cultural, social, and political contexts of the war. Essay topics range from American anti-Semitism to the experiences of French African soldiers, providing nearly 60 new contributions to the genre, arranged across two comprehensive volumes. A collection of original historiographic essays that include cutting-edge research. Analyzes the roles of neutral nations during the war. Examines the war from the bottom up through the experiences of different social classes. Covers the causes, key battles, and consequences of the war.

Mass Suicides on Saipan and Tinian, 1944 Alexander Astroth, 2019-03-28. When the Americans invaded the Japanese-controlled islands of Saipan and Tinian in 1944,

civilians and combatants committed mass suicide to avoid being captured Though these mass suicides have been mentioned in documentary films they have received scant scholarly attention This book draws on United States National Archives documents and photographs as well as veteran and survivor testimonies to provide readers with a better understanding of what happened on the two islands and why The author details the experiences of the people of the islands from prehistoric times to the present with an emphasis on the Japanese Okinawan Korean Chamorro and Carolinian civilians during invasion and occupation

External Intervention and the Politics of State Formation Ja Ian Chong, 2012-06-29 This book posits that when foreign actors face high opportunity costs of intervention in a weak state their behavior may foster state sovereignty This occurs as foreign actors work with local groups to avoid their worst fear domination of the polity by rivals Drawing from primary and secondary sources Ja Ian Chong examines this argument by considering China Indonesia and Thailand between the late nineteenth and mid twentieth centuries The book augments existing perspectives on nationalism sovereignty and state formation by introducing insights from research on foreign intervention and local collaboration

Australia's War Crimes Trials 1945-51 Georgina Fitzpatrick, Timothy L.H. McCormack, Narrelle Morris, 2016-08-29 This unique volume provides a detailed analysis of Australia's 300 war crimes trials of principally Japanese accused conducted in the immediate aftermath of the Second World War Part I contains contextual essays explaining why Australia established military courts to conduct these trials and thematic essays considering various legal issues in and historical perspectives on the trials Part II offers a comprehensive collection of eight location essays one each for the physical locations where the trials were held In Part III post trial issues are reviewed such as the operation of compounds for war criminals the repatriation of convicted Japanese war criminals to serve the remainder of their sentences and reflections of some of those convicted on their experience of the trials In the final essay a contemporary reflection on the fairness of the trials is provided not on the basis of a twenty first century critique of contemporary minimum standards of fair trial expected in the prosecution of war crimes but by reviewing approaches taken in the trials themselves as well as from reactions to the trials by those associated with them The essays are supported by a large collection of unique historical photographs maps and statistical materials There has been no systematic and comprehensive analysis of these trials so far which has meant that they are virtually precluded from consideration as judicial precedent This volume fills that gap and offers scholars and practitioners an important and groundbreaking resource

Colonial Project, National Game Andrew D. Morris, 2011 Morris successfully weaves the intricacies of baseball's history into a compelling narrative while giving us a keen analysis of its larger significance It is rare to find someone who can pull that off This is an absorbing and distinguished addition to sports history to Taiwanese history and to studies of colonialism and its aftermath William Kelly Yale University Colonial Project National Game offers an engaging and penetrating analysis of the culture of baseball in Taiwan in both its local and global conditions Morris weaves details into a compelling narrative that is as much about the game on the field as the game being played out in the arenas of

ethnicity nationalism and geopolitics Morris's study is a model of sophistication and lucidity He demonstrates that through a perceptive reading of the mundane world of curve balls and player contracts we can better understand the ideological substructure of the social Joseph R Allen University of Minnesota Twin Cities

Forces of Nature David Fedman, Eleana J. Kim, Albert L. Park, 2023-05-15 Bringing together a multidisciplinary conversation about the entanglement of nature and society in the Korean peninsula *Forces of Nature* aims to define and develop the field of the Korean environmental humanities At its core the volume works to foreground non human agents that have long been marginalized in Korean studies placing flora fauna mineral deposits and climatic conditions that have hitherto been confined to footnotes front and center In the process the authors blaze new trails through Korea's social and physical landscapes What emerges is a deeper appreciation of the environmental conflicts that have animated life in Korea The authors show how natural processes have continually shaped the course of events on the peninsula how floods droughts famines fires and pests have inexorably impinged on human affairs and how different forces have been mobilized by the state to variously control extract modernize and showcase the Korean landscape *Forces of Nature* suggestively reveals Korea's physical landscape to be not so much a passive context to Korea's history but an active agent in its transformation and reinvention across centuries With support from the Henry Luce Foundation our goal is to produce all titles in this series both in Open Access for reasons of global accessibility and equity as well as in print editions
