Asian Security 1997-98:

Asian Security, 1997-98, 1997 **Regional Outlook: Southeast Asia 1997-98** Institute of Southeast Asian Studies, 1997 Written in a format and style that is easily readable Regional Outlook provides succinct yet substantive overviews and insights into the current geopolitical and economic situations in the individual countries as well as the region together with the likely trends over the next year or so This year's issue also includes an expanded overview of the Asia Pacific setting with a special focus on the 1997 transition in Hong Kong Regional Outlook serves as a useful and handy guide to the region's aspirations and prospects each year in addition to casting a look ahead **China and the People's Liberation Army** NA NA, 2019-06-12 China and the People's Liberation Army defines great powers and developing states and suggests that the purposes of their militaries are fundamentally different Solomon Karmel works to debunk frequently unquestioned myths about China's status as a great power He employs extensive research of Chinese and foreign sources secret and public to understand shortcomings in the strategic military and industrial overhaul of China's military industrial complex His thematic framework and case study analysis have important implications for the study of developing world militaries and East Asian security China's Military Faces the Future James Lilley, David L. Shambaugh, 2016-07-01 This is the most up to date assessment of all aspects of the People's Liberation Army Leading specialists on the Chinese military cover military leadership defense doctrine and military readiness preparations for high tech warfare military expenditure military logistics the scientific and technological base for defense procurement and China's security concerns in Northeast Asia **Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 1998: Justification of the budget estimates, Department of State, Maritime Administration, the Judiciary** United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies, 1997 **Northeast Asian Regionalism** Christopher M. Dent, David W. F. Huang, 2002 This examination of developments in North East Asian regionalism looks at security international relations international political economy and politics together with historical social and cultural factors **Asian Maritime Power in the 21st Century** Vijay Sakhuja, 2011 Maritime power has been a key defining parameter of economic vitality and geostrategic power of nations This book explores how the first decade of the 21st century has witnessed the rise of China and India as confident economic powers pivoting on high growth rates exponential expansion of science technology and industrial growth

Central Asia, Security, and Strategic Imperatives Tabassum Firdous, 2002 The present study offers an assessment of security concerns in Central Asia after the collapse of Soviet Union in 1991 It deals with the transition period for the five Central Asian States from the communist system to a democratic and pluralistic one Essentially the focus of the writer is on bilateral multilateral and international commitments of these States to ensure peace and security in the region The withdrawal of nuclear warheads from Kazakhstan collective security formula bilateral agreements and the role of the big

powers all make an interesting study The author has discussed these concerns in the context of the stance of neighbouring States vis a vis Central Asia Economic interests also figure wherever necessary This work is highly useful to those who would like to concentrate on any aspect of history in Central Asia and adjoining regions in the post Soviet period **Interpreting China's Military Power** Ka Po Ng, 2005-08-09 Although inter state tensions have generally been easing after the Cold War military power remains a dominant factor in Asian regional politics As China operating the world s largest army grows stronger there are ongoing debates over the implications for Asia s regional security This book argues that it is imperative to look beyond the empirical observations and conventional materialist reading of Chinese military development to understand its dynamics and directions in doctrinal terms and put it in a readiness context for evaluation Military doctrine has long been under studied and is often treated as a subject separate from force development But as this study contends this factor is necessary for interpreting the making and purposes of China s military power because it forms the intellectual foundation of military structural and hardware development When loaded with political rhetoric it also communicates to us the intended uses of the military power The role of doctrine is reinforced in the context of military readiness which defines what for and how the army is getting ready Force development is evaluated in structural operational and directional terms The importance of this analytical framework based on military doctrine and readiness is demonstrated in a survey of the evolution of Chinese military doctrine and force development As the Chinese People s Liberation Army has continued to adjust its military structure and operation to follow the doctrinal lead its switches between the doctrines of local war and total war have seen corresponding changes to the emphasis between operational and structural readiness **Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 1998** United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies, 1997 Asian Security, 1997-98, 1997 **Asian Regional Governance** Kanishka Jayasuriya, 2004-07-31 Jayasuriya looks at the changing global and domestic political economies shaping the new regionalism in Asia and examines the relationship between regional domestic political and economic structures and forms of regional governance Well known contributors in the field focus on the impact of globalization on Asian regionalism new security challenges monetary cooperation sovereignty democratization industry policy and China s engagement with southeast Asia Providing a detailed overview of the conceptual foundations of regional governance this text is an indispensable resource for all who want to understand the emerging dynamics of regionalism in the Asia Pacific *Korea's Changing Roles in Southeast Asia* David I Steinberg, 2010 The Republic of Korea s global expansion has been mirrored by its interest and presence in Southeast Asia From trade investment aid tourism to the cultural Korean wave its various roles have blossomed and its influence has grown The ASEAN region has not only affected Korean foreign policy but also many aspects of Korean life from the migration of Southeast Asian industrial workers to marriages and the curricula of academic institutions This volume explores various

aspects of these new relationships and their importance to all concerned parties It brings together a group of specialists who have documented the growing interlocking roles between Korea and ASEAN and its constituent states in detail These developments have profound implications for relations in the East and Southeast Asian regions and for the world as a whole

Indian Naval Strategy in the Twenty-first Century James R. Holmes, Andrew C. Winner, Toshi Yoshihara, 2009-04-02 This is the first academic study of India's emerging maritime strategy and offers a systematic analysis of the interplay between Western military thought and Indian maritime traditions By a quirk of historical fate Europe embarked on its Age of Discovery just as the main Asian powers were renouncing the sea ushering in centuries of Western dominance In the 21st century however Asian states are once again resuming a naval focus with both China and India dedicating some of their new found wealth to building powerful navies and coast guards and drawing up maritime strategies to govern the use of these forces The United States like the British Empire before it is attempting to manage these rising sea powers while preserving its maritime primacy This book probes how India looks at the sea what kind of strategy and seagoing forces New Delhi may craft in the coming years and how Indian leaders may use these forces It examines the material dimension but its major premise is that navies represent a physical expression of a society's history philosophical traditions and culture This book then ventures a comprehensive appraisal of Indian maritime strategy This book will be of interest to students of sea power strategic studies Indian politics and Asian Studies in general James R Holmes is an Associate Professor of Strategy at the U S Naval War College and a former U S Navy surface warfare officer Toshi Yoshihara is an Associate Professor in the Strategy and Policy Department at the Naval War College Andrew C Winner is Professor in the Strategic Research Department at the U S Naval War College

Chinese Foreign Policy in Transition Guoli Liu, 2017-07-12 Since the establishment of the People's Republic of China in 1949 and particularly after the opening brought about by economic reforms roughly thirty years thereafter China has become an influential player in regional and global affairs Increasingly both American and European policymakers examine Chinese foreign policy as a flexible pragmatic and significant element in world affairs This

has accelerated in the middle of the new first decade of this century as business firms and political officials have developed interests in the sources processes and significance of China's reemergence as a global force This volume examines how in conjunction with rapid economic growth and profound social transformation China's foreign policy is experiencing significant transition The purpose of this truly deep and probing collection is to deepen Western understanding of the sources substance and significance of Chinese foreign policy with a focus on the post Cold War environment Contributors include academic specialists area researchers and distinguished journalists all with firsthand experience in the field of China studies The volume is divided into four parts 1 theory and culture 2 perspective and identity 3 bilateral relationships and 4 retrospective and prospective essays on Chinese policy concerns The volume is sensitive to changes in national leadership and Communist Party structure as well as continuity and change in foreign policy As Lowell Dittmer of the University of California notes in his Foreword precisely because it is so difficult to do well the analysis of foreign policy is often conducted rather tritely Thus it is a real pleasure to find assembled here a treasure trove of some of the finest work by some of the field's most penetrating minds This is fortunate for at the core of this volume is one of the biggest and most portentous questions to confront the world at the outset of the twenty first century That The Future U.S. Military Presence in Asia Robert H. Scales, 1999
