Asian States And The Development Of Universal International Law:

Asian States and the Development of Universal International Law R. P. Anand, 1986 The papers presented at the Seminar held at the Indian School of International Studies in Nov 1967 *Some Newly Established Asian States and the Development of International Law* J. J. G. Syatauw, 2013-11-22 *The Battle for International Law* Jochen von Bernstorff, Philipp Dann, 2019 This edited collection represents the first comprehensive analysis of international legal debates between 1955 and 1975 related to the formal decolonization process which brought a new perspective on topics such as self determination wars of national liberation and multinational corporations **Third World Attitudes Toward International Law** Frederick E. Snyder, Surakiart Sathirathai, 1987-06-23 **Chinese Contemporary Perspectives on International Law** Xue Hanqin, 2012-12-03 Built on the theme history culture and international law this special course gives a comprehensive review of China's contemporary perspective and practice of international law in the past 60 years with its focus on the recent 30 years when China is gradually integrated into international legal system through its opening up and economic reform process **The Oxford Handbook of the History of International Law** Bardo Fassbender, Anne Peters, Simone Peter, Daniel Högger, 2012-11-01 The Oxford Handbook of the History of International Law provides an authoritative and original overview of the origins concepts and core issues of international law The first comprehensive Handbook on the history of international law it is a truly unique contribution to the literature of international law and relations Pursuing both a global and an interdisciplinary approach the Handbook brings together some sixty eminent scholars of international law legal history and global history from all parts of the world Covering international legal developments from the 15th century until the end of World War II the Handbook consists of over sixty individual chapters which are arranged in six parts The book opens with an analysis of the principal actors in the history of international law namely states peoples and nations international organisations and courts and civil society actors Part Two is devoted to a number of key themes of the history of international law such as peace and war the sovereignty of states hegemony religion and the protection of the individual person Part Three addresses the history of international law in the different regions of the world Africa and Arabia Asia the Americas and the Caribbean Europe as well as encounters between non European legal cultures like those of China Japan and India and Europe which had a lasting impact on the body of international law Part Four examines certain forms of interaction or imposition in international law such as diplomacy as an example of interaction or colonization and domination as an example of imposition of law The classical juxtaposition of the civilized and the uncivilized is also critically studied Part Five is concerned with problems of the method and theory of history writing in international law for instance the periodisation of international law or Eurocentrism in the traditional historiography of international law The Handbook concludes with a Part Six entitled People in Portrait which explores the life and work of twenty prominent scholars and thinkers of international law ranging from Muhammad al Shaybani to Sir Hersch Lauterpacht The Handbook will be an

invaluable resource for students and scholars of international law It provides historians with new perspectives on international law and increases the historical and cultural awareness of scholars of international law It is the standard reference work for the global history of international law

Legal Regime of the Sea-Bed and the Developing Countries Ram Prakash Anand,1976 Bandung, Global History, and International Law Luis Eslava,Michael Fakhri,Vasuki Nesiah,2017-11-30 In 1955 a conference was held in Bandung Indonesia that was attended by representatives from twenty nine developing nations Against the backdrop of crumbling European colonies Asian and African leaders forged a new alliance and established anti imperial principles for a new world order The conference captured the popular imagination across the Global South Bandung s larger significance as counterpoint to the dominant world order was both an act of collective imagination and a practical political project for decolonization that inspired a range of social movements diplomatic efforts institutional experiments and heterodox visions of the history and future of the world This book explores what the spirit of Bandung has meant to people across the world over the past decades and what it means today Experts from a wide range of fields show how despite the complicated legacy of the conference international law was never the same after Bandung

International Law and the Developing Countries R.P. Anand,2024-02-12 **An Introduction to Contemporary International Law** Lung-chu Chen,2015 Applies the New Haven School approach explaining discrete aspects of the global decision process and their effects on the content of international legal rules Provides an in depth treatment of the key features of the New Haven School of international law References both classic historical examples and contemporary events to illustrate international legal processes and principles Focuses on important trends in international law including the movement from a state centered system to a people centered one Contributes to the growth of a world community of human dignity through international law Publishers website

The International Law Commission 1999-2009 Arthur Watts,Arnold Pronto,Michael Wood,1999 Contains summaries of the Commission s work on various topics and any resulting treaty texts with notes Research Handbook on Global Climate Constitutionalism Jordi Jaria-Manzano,Susana Borràs,2019-12-27 Climate change is causing traditional political and legal concepts to be revisited The emergence of a global polity through physical economic and social interaction demands global responses which should be founded upon new principles and which cannot simply be modelled on traditional constitutionalism centred on the nation state This Research Handbook explores how to build this climate constitutionalism at a global level starting from the narrative of Anthropocene and its implications for law It provides a critical approach to global environmental constitutionalism analysing the problems of sustainability and global equity which are entwined with the causes and consequences of climate change The Handbook explores how to develop constitutional discourses and strategies to address these issues and thereby tackle the negative effects of climate change whilst also advancing a more sustainable equitable and responsible global society

The Structure and Process of International Law Ronald St. John Macdonald,Douglas M.

Johnston,2024-03-11 This wide ranging series provides expert insights into the most fundamental aspects of public international law and has for many years made a major contribution to the international debate on legal issues affecting the world community

The Oxford Handbook of the Theory of International Law Anne Orford, Florian Hoffmann, Martin Clark, 2016 Histories Approaches Regimes and doctrines Debates

Global Constitutionalism and the Path of International Law Surendra R. Bhandari, 2016-04-26 In Global Constitutionalism and the Path of International Law Surendra Bhandari succinctly offers an account of the most important growth and features of international law from the perspectives of global constitutionalism The author examines the concept from its constitutive features and the operative standards or modus operandi These two aspects offer a new and innovative methodology in explicating the theory of global constitutionalism By examining three cases international trade WTO human rights and the role of Security Council the author demonstrates how the idea of global constitutionalism is shaping and deepening the path of international law in the 21st century and elucidates the development of international law as a body of positive rules

The Middle Eastern States and the Law of the Sea Ali A. Hakim, 1979

The Life and Death of States Natasha Wheatley, 2025-12-02 An intellectual history of sovereignty that reveals how the Habsburg Empire became a crucible for our contemporary world order Sprawled across the heartlands of Europe the Habsburg Empire resisted all the standard theories of singular sovereignty The 1848 revolutions sparked decades of heady constitutional experimentation that pushed the very concept of the state to its limits This intricate multinational polity became a hothouse for public law and legal philosophy and spawned ideas that still shape our understanding of the sovereign state today The Life and Death of States traces the history of sovereignty over one hundred tumultuous years explaining how a regime of nation states theoretically equal under international law emerged from the ashes of a dynastic empire Natasha Wheatley shows how a new sort of experimentation began when the First World War brought the Habsburg Empire crashing down the making of new states Habsburg lands then became a laboratory for postimperial sovereignty and a new international order and the results would echo through global debates about decolonization for decades to come Wheatley explores how the Central European experience opens a unique perspective on a pivotal legal fiction the supposed juridical immortality of states A sweeping work of intellectual history The Life and Death of States offers a penetrating and original analysis of the relationship between sovereignty and time illustrating how the many deaths and precarious lives of the region's states expose the tension between the law's need for continuity and history's volatility

Institutionalizing International Environmental Law Bharat Desai, 2021-10-01 This is a ground breaking study of the law making process and the linkage between international environmental law and international environmental institutions Among many highlights this study shows that international institution building is an organic process directly geared to the needs of states It underscores the fact of international life that institutions are essentially tools operating within legal parameters for states to address global problems Published under the Transnational Publishers imprint

Completing Humanity Umut Özsu, 2023-12-21 Examines the history of the rise and fall of the twentieth century's last major attempt to decolonize international law

Research Handbook on Foreign Direct Investment Markus Krajewski, Rhea Tamara Hoffmann, Increasing international investment the proliferation of international investment agreements domestic legislation and investor State contracts have contributed to the development of a new field of international law that defines obligations between host states and foreign investors with investor State dispute settlement This involves not only vast sums but also a panoply of rights duties and shifting objectives at the juncture of national and international law and policy This engaging Research Handbook provides an authoritative account of these diverse investment law issues
