

The background is a dark, atmospheric illustration of a rainy Japanese scene. In the upper left, a lighthouse stands on a distant shore. In the foreground, two figures are walking across a wooden bridge or path. One figure is wearing a blue patterned kimono and a blue umbrella, while the other is in a light-colored kimono. The rain is depicted as numerous white diagonal lines falling across the entire scene. In the upper right corner, there is a small yellow rectangular sign with some illegible Japanese characters.

Asian Feminist Biblical Studies : Perspectives and Methods Maggie Low, 2023-10-12 Groundbreaking and inspiring, this book offers a comprehensive and up-to-date overview of Asian feminist biblical criticism. It is a gift to the Asian churches and to the theological community. I highly recommend it to all who search for biblical insights to empower women and men to work for justice. Kwok Pui-lan, Dean's Professor of Systematic Theology at Candler School of Theology, Emory University. This is a superb collection of the different approaches of feminist biblical scholars in Asia. I found it invigorating and thought-provoking to learn about the multiple ways in which Asian feminists made their exodus from Western biblical studies to interpret this foundational text in their own unique contexts. Gale A Yee, Nancy W King, Professor of Biblical Studies, Emerita, Episcopal Divinity School. This collection of essays by mostly younger Asian biblical scholars is a welcome addition to a small but growing body of Asian feminist studies. The diversity of perspectives, methodologies and creative interpretations makes it an ideal introductory text for anyone wishing to learn more about Asian feminism. Simon Chan, Editor, Asia Journal of Theology.

Encyclopedia of Asian Philosophy Oliver Leaman, 2006-10-19 Incorporating cultural and religious contexts, this unique Encyclopedia provides a vital guide to the main concepts and thinkers in Asian philosophy, starting with Abhidharma and ending with Zurvan. The A-Z structured encyclopedia emphasizes that Asian philosophy is not merely an ancient form of thought but that it is a living philosophy with roots in the past and also a potent and animate presence today. This translates into the reciprocal exchange of theories between Eastern and Western thinking, for example of new schools of thought such as orientalism. Requiring no prior knowledge of philosophy, religion or Asian cultures, this book is essential reading for students, teachers and the interested individual who wishes to gain an understanding of the
