Asimov's Space Of Her Own:

Isaac Asimov's Space of Her Own Shawna McCarthy, 1989 **Isaac Asimov's Space of Your Own** Shawna McCarthy, 1983 *A Checklist of Some New Science Fiction Writers* C. P. Stephens, 1994 The Short Story Anthology and Women's Writing Aleix Tura Vecino, 2025-08-14

Hundreds of anthologies of women's short stories have appeared in the literary market between the 1970s and now. This publishing and cultural phenomenon is considered for the first time in this book which argues that during this period anthologies have become a literary technology used not only to make visible female short story writers but also to think about and mould ideas of womanhood. Through creative and contextualised readings of the most important anthologies produced in this period, this study shows that this literary form has contributed to and in some cases pioneered key developments in gender theory and feminist thought including questions of political combination among women which underlie contemporary global movements such as MeToo. In doing so, the book also develops the first book-length conceptualisation of the features and meaning-making mechanisms of the short story anthology as a literary form. This book will benefit academics and students working in the fields of short fiction publishing and women's studies as well as feminist scholars and a growing number of specialists interested in the anthology as a literary form worldwide.

Asimov's Space of Her Own Shawna McCarthy, 1983 **Partners in Wonder** Eric Leif Davin, 2006-01-01

Partners in Wonder revolutionizes our knowledge of women and early science fiction. Davin finds that at least 203 female authors published over a thousand stories in science fiction magazines between 1926 and 1965. This work explores the distinctly different form of science fiction that females wrote, offers a comprehensive bibliography of these works and provides biographies of 133 of these women authors.

The entry for each individual work includes title, publisher, date and place published, number of pages, hardbound or paperback format and type of book (novel, anthology, etc.).
