Asking Mystery Michael Gelven, 2010-11-01 How do we ask the great questions What does it mean to ask so profoundly What does it mean for us to ask at all Michael Gelven confronts these questions as he explores humans as self-reflecting thinkers He recognizes two central phenomena as fundamental the recognition of our own possibility lying within our existence and the realization of our suspension between total ignorance and complete knowledge Using concrete analyses Gelven investigates the questions we ask that may seem initially unanswerable but are ultimately confronted through our own self-realization Asking becomes fundamental when we shift from relying on projected schemes such as clocks and calendars that enable answers to ordinary questions about time to an ongoing nonschematic reflection on our own existence Not only are Platonic Kantian Nietzschean and Heideggerian analyses considered but so are David's psalms Auden's poetry and Shakespeare's plays Gelven asserts that fundamental asking is essential to our being we must ask greatly first for the great explains the lesser the small does not account for the large

Addresses the importance of Haudenosaunee women in the rebuilding of the Iroquois nation. Indigenous communities around the world are gathering to both reclaim and share their ancestral wisdom. Aware of and drawing from these social movements, *A Clan Mother's Call* articulates Haudenosaunee women's worldview that honors women, clanship, and the earth. Over successive generations, First Nation people around the globe have experienced and survived trauma and colonization. Extensive literature documents these assaults, but few record their resilience. This book fulfills an urgent and unmet need for First Nation women to share their historical and cultural memory as a people. It is a need invoked and proclaimed by Clan Mother Iakoiane Wakerahkats'eh of the Mohawk Nation. Utilizing ethnographic methods of participatory observation, interviewing, and recording oral history, the book is an important and useful resource for capturing living histories. It strengthens the cultural bridge and understanding of the Haudenosaunee people within the United States and Canada. **Dance of the Moon** Dan Furst, 2009.
