Aspects Of American Film History Prior To 19:

The Transformation of Cinema, 1907-1915 Eileen Bowser, 1994-05-04 Summary on the history of the American cinema Picture Personalities Richard DeCordova, 2001 Moving pictures existed for over a decade before anything resembling a star system appeared Then American cinema went from being devoid of stars to being dependent on them This is an account of this development in cinema and modern culture **Working-Class Hollywood** Steven J. Ross, 2020-06-30 This path breaking book reveals how Hollywood became Hollywood and what that meant for the politics of America and American film Working Class Hollywood tells the story of filmmaking in the first three decades of the twentieth century a time when going to the movies could transform lives and when the cinema was a battleground for control of American consciousness Steven Ross documents the rise of a working class film movement that challenged the dominant political ideas of the day Between 1907 and 1930 worker filmmakers repeatedly clashed with censors movie industry leaders and federal agencies over the kinds of images and subjects audiences would be allowed to see The outcome of these battles was critical to our own times for the victors got to shape the meaning of class in twentieth century America Surveying several hundred movies made by or about working men and women Ross shows how filmmakers were far more concerned with class conflict during the silent era than at any subsequent time Directors like Charlie Chaplin D W Griffith and William de Mille made movies that defended working people and chastised their enemies Worker filmmakers went a step further and produced movies from *A Martyr* to *His Cause* 1911 to *The Gastonia Textile Strike* 1929 that depicted a unified working class using strikes unions and socialism to transform a nation J Edgar Hoover considered these class conscious productions so dangerous that he assigned secret agents to spy on worker filmmakers Liberal and radical films declined in the 1920s as an emerging Hollywood studio system pressured by censors and Wall Street investors pushed American film in increasingly conservative directions Appealing to people s dreams of luxury and upward mobility studios produced lavish fantasy films that shifted popular attention away from the problems of the workplace and toward the pleasures of the new consumer society While worker filmmakers were trying to heighten class consciousness Hollywood producers were suggesting that class no longer mattered Working Class Hollywood shows how silent films helped shape the modern belief that we are a classless nation

Film - An International Bibliography Malte Hagener, Michael Töteberg, 2016-12-16 Kommentierte Bibliografie Sie gibt Wissenschaftlern Studierenden und Journalisten zuverlässig Auskunft über rund 6000 internationale Veröffentlichungen zum Thema Film und Medien Die vorgestellten Rubriken reichen von Nachschlagewerk über Filmgeschichte bis hin zu Fernsehen Video Multimedia **Provenance and Early Cinema** Joanne Bernardi, Paolo Cherchi Usai, Tami Williams, Joshua Yumibe, 2021-02-01 Remnants of early films often have a story to tell As material artifacts these film fragments are central to cinema history perhaps more than ever in our digital age of easy copying and sharing If a digital copy is previewed before preservation or is shared with a researcher outside the purview of a film archive knowledge about how the artifact was

collected circulated and repurposed threatens to become obscured When the question of origin is overlooked the story can be lost Concerned contributors in Provenance and Early Cinema challenge scholars digging through film archives to ask How did these moving images get here for me to see them This volume which features the conference proceedings from Domitor the International Society for the Study of Early Cinema 2018 questions preservation attribution and patterns of reuse in order to explore singular artifacts with long and circuitous lives The Silents of Jesus in the Cinema (1897-1927) David Shepherd, 2016-03-31 While Jesus has attracted the sporadic interest of film makers since the epics of the Sixties it is often forgotten that between the advent of motion pictures in the 1890s and the close of the silent era at the end of the 1920s some of the longest most expensive and most watched films on both sides of the Atlantic were focused on the Life and Passion of the Christ Drawing upon rarely seen archival footage and the work of both the era s most important directors e g Alice Guy Ferdinand Zecca Sidney Olcott D W Griffith Carl Dreyer and C B DeMille and others who have been all but forgotten this collection of essays offers a representative survey of the Silents of Jesus illustrating the ways in which the earliest films and those which followed were influenced by a multiplicity of factors Written by leading scholars in biblical and early film studies this collection explores the ways in which the Silents of Jesus were shaped not only by the performing and visual arts of the nineteenth century and the technological challenges and opportunities of a new medium and industry but also by the artistic theological and ideological predilections of studios and directors and the expectations of audiences as the genre evolved Taken together the essays collected here offer a seminal treatment of the genesis and early evolution of the cinematic Jesus

Medieval Art and the Look of Silent Film Lora Ann Sigler, 2019-07-11 The heyday of silent film soon became quaint with the arrival of talkies As early as 1929 critics and historians were writing of the period as though it were the distant past Much of the literature on the silent era focuses on its filmic art ambiance and psychological depth the splendor of the sets and costumes yet overlooks the inspiration behind these This book explores the Middle Ages as the prevailing influence on costume and set design in silent film and a force in fashion and architecture of the era In the wake of World War I designers overthrew the artifice of prewar style and manners and drew upon what seemed a nobler purer age to create an ambiance that reflected higher ideals *Florence*

Lawrence, the Biograph Girl Kelly R. Brown, 2007-04-03 Florence Lawrence's film career began just as the cinema was being born. She recognized the wonder and appeal of the fledgling industry and her early work with the Vitagraph company gained her a legion of fans and a reputation as a willing and hard working actress. In 1908 she appeared in *Romeo and Juliet*, America's very first screen Juliet. By 1909 she was working steadily for the Biograph studio; she was dubbed the Biograph girl and was being praised for her personal attractions and very fine dramatic ability. But just as Lawrence was the first movie star in the industry, she was also one of the first to be undone by it. Hindered by setbacks, grueling work schedules, self-imposed retirements, three marriages, repeatedly unsuccessful comeback attempts, Lawrence finally committed suicide in 1938. This impressively researched piece of film history represents the first full-length biography of Florence Lawrence, also called *The Girl of a Thousand Faces*. Among the photographs are some never before published. A complete filmography of Lawrence's entire career is provided. A summary chapter includes comments from various critics and historians addressing how Lawrence is important to film history.

She Could Be Chaplin! Anthony Slide, 2016-08-29 Alice Howell (1886-1961) is slowly gaining recognition and regard as arguably the most important slapstick comedienne of the silent era. This new study, the first book-length appreciation, identifies her place in the comedy hierarchy alongside the best-known of silent comediennes, Mabel Normand. Like Normand, Howell learned her craft with Mack Sennett and Charlie Chaplin. Beginning her screen career in 1914, Howell quickly developed a distinctive style and eccentric attire and mannerisms, successfully hiding her good looks and was soon identified as the Female Charlie Chaplin. Howell became a star of comedy shorts in 1915 and continued her career through 1928 and the advent of sound in film. While she is today recognized as a pioneering female filmmaker, during her career she never expressed much interest in her work, seeing it only as a means to an end, with her income carefully invested in real estate. It has taken many years for her to gain her rightful place in film history, not only as a comedienne but also as matriarch of a prominent American family that includes son-in-law and director George Stevens and grandson George Stevens Jr., founder of the American Film Institute and the Kennedy Center Honors, who provides a foreword.
