The Oxford Textbook of Palliative Social Work Terry Altiglio, Shirley Otis-Green, John

G. Cagle, 2022 It is so important to advocate for things that may not always seem possible Getting to work with patients families at the end of their life is the ultimate honor Lauren G Markham MSW LCSW APHSW C In this work one witnesses both depths of human suffering and heights of human transcendence that can inspire both awe and fear At those times I have found that surrendering my need to be an expert and instead allow myself to simply be a human is the wisest action Kerry Irish LCSW OSW C FAOSW Handbook of Social Work in Health and Aging Barbara Berkman, 2006-02-09 The Handbook of Social Work in Health and Aging is the first reference to combine the fields of health care aging and social work in a single authoritative volume These areas are too often treated as discrete entities while the reality is that all social workers deal with issues in health and aging on a daily basis regardless of practice specialization As the baby boomers age the impact on practice in health and aging will be dramatic and social workers need more specialized knowledge about aging health care and the resources available to best serve older adults and their families The volume s 102 original chapters and 13 overviews written by the most experienced and prominent gerontological health care scholars in the United States and across the world provide social work practitioners and educators with up to date knowledge of evidence based practice guidelines for effectively assessing and treating older adults and their families new models for intervention in both community based practice and institutional care and knowledge of significant policy and research issues in health and aging A truly monumental resource this handbook represents the best research on health and aging available to social workers today

Transforming Palliative Care in Nursing Homes Mercedes Bern-Klug, 2010-02-12 The teacher and gerontological social work scholar Mercedes Bern Klug joins experts on nursing law medicine sociology and social work to provide a thorough understanding of nursing home palliative care Their broad definition of palliative care treats comfort care as appropriate across the illness experience not just at the end of life Because a majority of nursing home residents are older adults facing multiple advanced chronic conditions this book is grounded in the provision of palliative care especially palliative psychosocial care Yet its practice recommendations can also be applied to other long term care settings such as assisted living The contributors combine scholarship with practical wisdom in each chapter mixing reviews of scholarly literature with insights gleaned from clinical practice Chapter topics comply with the eight domains of palliative care developed by the National Consensus Project for Quality Palliative Care Some focus on care of the resident while others concern the resident s family A special section addresses self care for nursing home staff members and another discusses nursing home rituals to mark the death of a resident Bern Klug concludes with an overview of the factors that will shape the future of palliative care for advanced chronic illness *Palliative Medicine E-Book* T. Communication Elaine Wittenberg,Betty R. Ferrell,Joy Goldsmith,Thomas Smith,Sandra L. Ragan,George Handzo,2015-11-20

The Textbook of Palliative Care Communication is the authoritative text on communication in palliative care. Uniquely developed by an interdisciplinary editorial team to address an array of providers including physicians, nurses, social workers, and chaplains, it unites clinicians and academic researchers interested in the study of communication. **Oxford Textbook of Palliative Nursing** Betty Rolling Ferrell, Judith A. Paice, 2019-03-04. The Oxford Textbook of Palliative Nursing remains the most comprehensive treatise on the art and science of palliative care nursing available. Dr Betty Rolling Ferrell and Dr Judith A Paice have invited 162 nursing experts to contribute 76 chapters addressing the physical, psychological, social, and spiritual needs pertinent to the successful palliative care team. Organized within 7 Sections, this new edition covers the gamut of principles of care from the time of initial diagnosis of a serious illness to the end of a patient's life and beyond. This fifth edition features several new chapters including chapters on advance care planning, organ donation, self-care, global palliative care, and the ethos of palliative nursing. Each chapter is rich with tables and figures, case examples for improved learning, and a strong evidence-based practice to support the highest quality of care. The book offers a valuable and practical resource for students and clinicians across all settings of care. The content is relevant for specialty hospice agencies and palliative care programs as well as generalist knowledge for schools of nursing, oncology, critical care, and pediatric. Developed with the intention of emphasizing the need to extend palliative care beyond the specialty to be integrated in all settings and by all clinicians caring for the seriously ill, this new edition will continue to serve as the cornerstone of palliative care education.

Social Work, Health and Equality Paul Bywaters, Eileen McLeod, 2012-10-12. What impact can social work make on inequalities in health? *Social Work, Health and Equality* opens up a new direction in the practice and theory of social work. Focussing on the profound human suffering which arises from social inequalities in health, it shows how social work can make a significant contribution to creating more equal experiences of health and illness, describes the major shifts in conceptualisation, practice, and organisation necessary to bring about change. The authors explore these questions in relation to four key aspects of health: health maintenance, illness at home, hospitalisation, and facing death. Grounding the text in everyday lived experience, they show how social work must change its discourse and its practice if it is to respond effectively to the challenges of its new role in tackling health issues. *Coverage of Hospice Care Under the Medicare Program* United States. Congress. House. Committee on Ways and Means. Subcommittee on Health, 1982.

Clinical Anesthesia (SAE) Dr. Nishkarsh Gupta, Dr. Anju Gupta, 2021-06-01. **Geriatrics Models of Care** Michael L. Malone, Elizabeth A. Capezuti, Robert M. Palmer, 2015-05-22. This book describes geriatrics practice models that are used to guide the care of older adults, allowing seniors to remain at home, prevent functional disability, and preserve quality of life. The models include specific interventions which are performed by health care workers to address the needs of older persons and their caregivers. These models respect patient values, consider patient safety, and appreciate psychosocial needs as well. Divided into six parts that discuss hospital-based models of care, transitions from hospital to home, outpatient-based models of care, and emergency department models.

of care this text addresses the needs of vulnerable patients and the community Geriatric Models of Care is an excellent resource for health care leaders who must translate these programs to address the needs of the patients in their communities

Medical Social Work In Singapore: Context And Practice Geok Ling Lee, Soon Noi Goh, 2020-09-17 Medical social work in Singapore traces its roots to the post war period This textbook documents the historical development and evolution of the medical social work profession in Singapore as well as the specialist work done in the profession The first part of the book gives an overview to the field in Singapore It provides information which is considered as fundamental and core to medical social workers across the various medical or healthcare settings The second part focuses on the selected practice areas and adopts an integral approach to discuss theory and practice This book is essential for social work students who wish to learn from a range of examples of good social work practice presented from human developmental perspectives and in sufficient breadth to provide a reasonable overview of social work practice in health care This book also provides added lens for medical nursing and other allied health students and practitioners who wish to better understand their patients and families
