Aspern Papers And The Spoils Of Poynton:

The Aspern Papers Henry James, 1959 Amidst the decaying splendor of a Venetian palace two women live in penury and seclusion one the aged mistress of a great poet long dead the other her spinster niece For years they have zealously guarded some unpublished love letters of the poet now their lives come a young man on a ruthless mission to secure the letters on any terms Inspired by an incident in the life of Lord Byron's mistress this first rate novella is unequalled in James for suspense mood and virtuosity **THE SPOILS OF POYNTON** James's first work in his later style this wonderfully constructed short novel centers around the fate of a family home Mrs Gereth a widow of great charm and equal force is aghast at the idea of relinquishing her beloved Poynton to the modernizing hand of her son Owen's shallow fiancée She plans to divert Owen's affections to a more worthy girl of her own choosing But the plan comes to an unexpected conclusion Publisher **The**

Bourgeois Interior j Brown, 2012-10-05 From Robinson Crusoe's cave to Henry Selwyn's hermitage the domestic interior tells a story about things and their relation to character and identity Beginning with a description of a typical middle class interior in America today noting how its contents echo interiors described in literatures of the past Julia Prewitt Brown asks why certain features persist despite radical changes in domestic life over the past three hundred years The answer lies Brown argues in the way the bourgeois interior functions as a medium a many layered fabric across which different energies travel be they psychological political or aesthetic In this way objects are not symbols but rather the materials out of which symbols are made symbols that constitute the very soul of the bourgeois In a wide ranging analysis moving from works by Daniel Defoe Jane Austen Charles Dickens and Henry James to those by Virginia Woolf Ingmar Bergman John Updike and W G Sebald Brown shows that what is at issue is less the economic basis of class than the bourgeoisie's imagination of itself The themes explored include the middle class's ever increasing desire for more wealth as well as Victorian women's identification with the domestic interior and the changes that took place when they began working outside the home Brown also examines the ambivalence of economically determined objects both as repositories of memory and dreams and as fetishized commodities that become detached from everyday reality Does the bourgeois possess the interior and its objects or do the interior and its objects possess the bourgeois **To the Collector Belong the Spoils** Annie Pfeifer, 2023-02-15 To the

Collector *Belong the Spoils* rethinks collecting as an artistic revolutionary and appropriative modernist practice which flourishes beyond institutions like museums or archives Through a constellation of three author collectors Henry James Walter Benjamin and Carl Einstein Annie Pfeifer examines the relationship between literary modernism and twentieth century practices of collecting objects From James's paper hoarding to Einstein's mania for African art and Benjamin's obsession with old Russian toys she shows how these authors literary techniques of compiling gleaning and reassembling constitute a modernist style of collecting that reimagines the relationship between author and text source and medium Placing Benjamin and Einstein in surprising conversation with James sharpens the contours of collecting as aesthetic and political praxis underpinned by dangerous passions An apt figure for modernity the collector is caught between preservation and transformation order and chaos the past and the future Positioning a shadow history of modernism rooted in collection citation and paraphrase To the Collector *Belong the Spoils* traces the movement's artistic innovation to its preoccupation with appropriating and rewriting the past By despoiling and decontextualizing the work of others these three authors engaged in a form of creative plunder that evokes collecting's long history in the spoils of war and conquest As Pfeifer demonstrates more than an archive or taxonomy modernist collecting practices became a radical creative endeavor the artist as collector the collector as artist

The Aspern Papers Henry James, 1984 **Women and Personal Property in the Victorian Novel** Deborah Wynne, 2016-02-17 How key changes to the married women's property laws contributed to new ways of viewing women in society are revealed in Deborah Wynne's study of literary representations of women and portable property during the period 1850 to 1900 While critical explorations of Victorian women's connections to the material world have tended to focus on their relationships to commodity culture Wynne argues that modern paradigms of consumerism cannot be applied across the board to the Victorian period Until the passing of the 1882 Married Women's Property Act many women lacked full property rights evidence suggests that for women objects often functioned not as disposable consumer products but as cherished personal property Focusing particularly on representations of women and material culture in Charles Dickens George Eliot and Henry James Wynne shows how novelists engaged with the vexed question of women's relationships to property Suggesting that many of the apparently insignificant items that clutter the Victorian realist novel take on new meaning when viewed through the lens of women's access to material culture and the vagaries of property law her study opens up new possibilities for interpreting female characters in Victorian fiction and reveals the complex work of thing culture in literary texts

The Aspern Papers ; The Spoils of Poynton Isabella Halsted, 1965 **Reflections on Henry James as a Novelist with Ethics.** Dr. Malik S. Rokade , 2022-09-15 In a 1999 article in PMLA Lawrence Buell highlights six major strands of thought influencing the current revival of ethical criticism in literary studies The first is an approach interested in the moral thematics and underlying value commitments of literary texts and their implied value an approach Buell sees as a modernized version of the Arnoldian Leavisite conception of literature as ethical reflection A second

is the intellectual history of moral thought from Puritanism to transcendentalism to pragmatism and beyond and a third the interest in the ethics of narrative and genre typified in the work of Wayne Booth as well as more recently in works like Adam Newton's *Narrative Ethics* 8 This latter approach emphasizes the ethical implications of a text's or as Booth calls it an implied author's rhetorical commitments The Rhetoric of Modernist Fiction Morton Levitt, 2006 A wide ranging response to *The Rhetoric of Fiction* **The Critical Reception of Henry James** Linda Simon, 2007 **Filming Literature** Neil Sinyard, 2013-07-18 This is a comprehensive survey of the relationship between film and literature It looks at the cinematic adaptations of such literary masters as Shakespeare Henry James Joseph Conrad and D H Lawrence and considers the contribution to the cinema made by important literary figures as Harold Pinter James Agnew and Graham Greene Elsewhere the book draws intriguing analogies between certain literary and film artists such as Dickens and Chaplin Ford and Twain and suggests that such analogies can throw fresh light on the subjects under review Another chapter considers the film genre of the bio pic the numerous cinematic attempts to render in concrete terms the complexities of the literary life whether the writer be Proust Joyce Oscar Wilde Dashiell Hammett Agatha Christie or Boris Pasternak Originally published in 1986 this is a book to appeal to any reader with an interest in film or literature and is of especial value to those involved in the teaching or study of either subject *The Emerson Society Quarterly*, 1976 **Critical Companion to Henry James** Eric L. Haralson, Kendall Johnson, 2009 Examines the life and writings of Henry James including detailed synopses of his works explanations of literary terms biographies of friends and family and social and historical influences
