Cherry, 2003 This workbook and the accompanying MicroCase databases function as an interactive tool that provides students with a platform for exploring current social welfare issues The text the first MicroCase book written for social workers by a social work researcher addresses the social

issues which practitioners researchers and clients find important To complete the exercises in the book students use the databases on the accompanying CD ROM which contain the same current data used by social scientists all over the world to do their research These five data files allow students to compare states countries public attitudes and the effect of time on some of the most important social welfare issues of our day *Forthcoming Books* Rose Arny,2000 **American Book Publishing Record** ,2003 *Critical Criminology at the Edge* Dragan Milovanovic,2002-07-30 This study introduces key emerging perspectives in postmodern analysis and discusses how they might be integrated synthesized and applied in criminology law and social justice Milovanovic first familiarizes readers with discourse analysis Lacanian chaos theory catastrophe theory and edgework theory Next he covers various practical applications through literature and film in client lawyer practices etc These new critical perspectives will be invaluable tools for scholars in law criminology criminal justice sociology and law enforcement These theories shed light on how nonmaterially motivated forms of crime those that provide adrenalin rushes or excitement can be understood They help to explain the development of sudden forms of violence such as criminal acts by disgruntled workers as well as how mediation practices can curtail such escalating violence Milovanovic also demonstrates how constitutive theorizing can serve as an umbrella integrative theory which provides sufficient space for various syntheses A case in point is how edgework theory adrenalin rush excitement visceral experiences can be understood in criminology and in the establishment of social justice *Current Publications in Legal and Related Fields* ,2001
