Asphodel That Greeny Flower And Other Love Poems:

Asphodel, that Greeny Flower & Other Love Poems William Carlos Williams, 1994 A dozen poems on love by a New Jersey obstetrician 1883 1963 who often wrote them on office prescription pads In the title poem first published when he was 72 he wrote What power has love but forgiveness In other words by its intervention what has been done can be undone

The Transmutation of Love and Avant-Garde Poetics Jeanne Heuving, 2016-05-19 The Transmutation of Love and Avant Garde Poetics is a probing examination of how the writing of sexual love undergoes a radical revision by avant garde poets in the twentieth and twenty first centuries Today the exploration of love by poets long a fixture of Western poetic tradition is thought to be in decline with love itself understood to be a mere ideological overlay for the more real entities of physical sex and desire In The Transmutation of Love and Avant Garde Poetics Jeanne Heuving claims that a key achievement of poetry by Ezra Pound H D Robert Duncan Kathleen Fraser Nathaniel Mackey and others lies significantly in their engagement with the synergistic relations between being in love and writing love These poets she argues have traded the cliché lover of yore for impersonal or posthuman poetic speakers that sustain the gloire and mystery of love poetry of prior centuries As Robert Duncan writes There is a love in which we are outcast and vagabond from what we are that we call falling in love Heuving claims that this writing of love is defining for avant garde poetics identifying how such important discoveries as Pound's and H D's Imagism Pound's Cantos and Duncan's open field poetics are derived through their changed writing of love She draws attention to how the prevailing concept of language as material is inadequate to the ways these poets also engage language as a medium as a conduit enabling them to address love afresh in a time defined through preoccupations with sexuality They engage love as immanent and change it through a writing that acts on itself The Transmutation of Love and Avant Garde Poetics ascribes the waning of love poetry to its problematic form a genre in which empowered poetic speakers constitute their speech through the objectification of comparatively disempowered subjects or beloveds Refusing this pervasive practice the poets she highlights reject the delimiting one-sided tradition of masculine lovers and passive feminine beloveds instead they create a more nuanced dynamic poetics of ecstatic exploration what Heuving calls projective love and libidinalized field poetics a formally innovative poetry in which one perception leads directly to the next and all aspects of a poem are generative of meaning

Poetry: The Basics Jeffrey Wainwright, 2015-10-30 Now in its third edition Poetry The Basics remains an engaging exploration of the world of poetry Drawing on examples ranging from Chaucer to children's rhymes Cole Porter to Carol Ann Duffy and from around the English speaking world it shows how any reader can understand and gain more pleasure from poetry Exploring poetry's relationship to everyday language and introducing major genres and technical aspects in an accessible way it is a clear introduction to how different types of poetry work through the study of details and of whole poems With a revised chapter on the different practices and ideas in the writing of poetry now including sections on film poetry and digital poetics this is a must read for all students of English Literature *Poems of the American*

Empire Jen Hedler Phillis, 2019-11-01 *Poems of the American Empire* argues that careful attention to a particular strain of twentieth century lyric poetry yields a counter history of American global power The period that Phillis covers from Ezra Pound's *A Draft of XXX Cantos* in 1930 to Cathy Park Hong's *Engine Empire* in 2012 roughly matches what some consider the ascent and decline of the American empire The diverse poems that appear in this book are united by their use of epic forms in the lyric poem a combination that violates a fundamental framework of both genres relationship to time This book makes a groundbreaking intervention by insisting that lyric time is key to understanding the genre These poems demonstrate the lyric form's ability to represent the totality of history making American imperial power visible in its fullness Neither strictly an empty celebration of American exceptionalism nor a catalog of atrocities *Poems of the American Empire* allows us to see both

Salas, 2004 In doing so the author seeks to convince readers that Komunyakaa has never been solely interested in dealing with the complexities of race in his work although he does so to stunning effect in such works as *Dien Cai Dau* a volume invoking the horrors of the war in Vietnam Jacket

In the Process of Poetry William Watkin, 2001 This is the first major theoretical study of the four main figures of the New York School John Ashbery Frank O'Hara Kenneth Koch and James Schuyler Proposing a reinterpretation of the definition of the avant garde William Watkin describes it as a movement typified by its commitment to art in process over the final art product In a series of in depth and wide reaching readings he then goes on to test this assertion in detailed relation to the poetry of the New York School while also examining how the poets own work further develops and analyses the concept of the avant garde in contemporary culture

discussed in this volume by a group of international poetry experts They specifically focus on the effects of the cultural interaction mixture translation and hybridization of memory of in and mediated by poetry Poetic memory as becomes strikingly clear may be founded on the past but has everything to do with the cultural present of poets and readers and with their hopes and fears for the future

Women in American Journalism Jan Whitt, 2024-04-22 In this volume Jan Whitt tells the stories of women who have been overlooked in journalism history offering an important corrective to scholarship that narrowly focuses on the deeds of men like Joseph Pulitzer and William Randolph Hearst She shows how numerous women broadened the editorial scope of newspapers and journals transformed women's professional roles used journalism as a training ground for major literary works and led breakthroughs in lesbian and alternative presses Whitt explores the lives of women reporters who achieved significant historical recognition such as Ida Tarbell and Ida Wells Barnett Investigating the often blurry boundary between journalism and literature she explains how this fluid distinction has actually limited how many scholars perceive the contributions of authors such as Joan Didion and Susan Orlean Whitt also highlights the work of important novelists including Willa Cather Katherine Anne Porter and Eudora Welty to shed light on how their work as journalists informed their highly successful fiction This study also offers a survey of

contributions women have made to the alternative presses including the environmental press and civil rights activism Whitt examines important figures in the early feminist press such as Caroline Churchill editor and reporter for Denver's Queen Bee and Betty Wilkins of Kansas City's Call Finally through newsletters newspapers magazines and journals she traces the history of the lesbian press and points out the ways in which it indicates that the alternative press is thriving
