Assassination Of Abraham Lincoln Opposing Viewpoints:

The Assassination of Abraham Lincoln John Fazio, 2023-10-31 Covering one of the most defining moment of America's history The Assassination of Abraham Lincoln aims to lay the multitude of theories surrounding Lincoln's assassination to rest Immediately after the assassination of Abraham Lincoln suspicion naturally fell on Confederate leaders as being responsible for the great crime The belief in their complicity faded when the case against Jefferson Davis and other unindicted co conspirators collapsed at the trial of John Wilkes Booth's action team Booth was dead in May and June 1865 The belief then hibernated for 123 years during which period the prevailing wisdom was that Booth had in fact acted with the help of no one other than his team with the possible exception of Dr Samuel Mudd and Mary Surratt In 1988 however assassination historians James O Hall William A Tidwell and David Gaddy thoroughly discredited the simple conspiracy theory in their seminal work *Come Retribution* holding that the original suspicions were right after all In 1995 Tidwell followed with a solo titled *April 65* in which he strengthened the case against Confederate leaders The authors conclusions quickly gained acceptance by many experts in the field including the author of this work which is intended to remove any remaining doubt as to the validity of the theory It does so by describing in detail four subplots in the overall plot to murder the President subplots that demonstrate unequivocally that Booth was merely a pawn in the hands of far more powerful influential and purposeful men than he men whose backs were to the wall and who would therefore stop at nothing to avert the catastrophe that they had fought four long years to prevent and that was now upon them *The Assassination of Abraham Lincoln* Michael O'Neal, 1991 Explores the mysteries that still surround the death of President Lincoln

Gillett, 2016-11-15 The assassination of Abraham Lincoln represents a defining moment in the history of the United States. Coming during the closing days of the Civil War the former country lawyer from Illinois had just guided the nation through some of its darkest hours only to fall victim to an assassin's bullet. Carried out by one of the most popular stage actors of the day the death of Lincoln sparked the largest manhunt the nation had ever seen. The first assassination of a sitting U.S. president was however the primary component of a much larger plot designed to plunge the Federal Government into chaos by eliminating its most powerful officials. Among other avenues relating to this crucial event this book relates the various Confederate plots to abduct President Lincoln the initial kidnapping plot hatched by John Wilkes Booth and its evolution into a scheme of assassination the intense manhunt for those involved in the assassination conspiracy the elaborate funeral services held over a thirteen day period as the body of Abraham Lincoln made its way from Washington D.C. to Springfield Illinois the prosecution of the conspirators by a military tribunal and the execution of six conspirators. **American History** Wendy Conklin, 2005 Designed to help students think critically about mysteries in American history Includes teacher lesson plans background information and student activities Subject Guide to Books in Print, 1996 *El-Hi Textbooks & Serials in Print*, 2005, 2005 **Official Opinions of the Attorneys General of the United States** United States.
