Kennedy Beat Andreas Schweizer, 2013-01-24 Pre University Paper from the year 2006 in the subject Didactics for the subject English Discussion and Essays grade 5 5 Schweiz language English abstract John Fitzgerald Kennedy was very popular and much adored during his term of office The world should not yet know about his real personality In later years after his death the truth came out He was not the faithful husband nor was he in good health Nevertheless he is still one of the most popular US Presidents ever He had not deserved to be assassinated No one has Inspired by Oliver Stone s Hollywood movie JFK I wanted to know more about the assassination Who could be responsible for it Which motivation could someone have to kill the president of the most powerful nation in the world I do not intend to find the real murderer I am not competent for that Yet I can try to get a picture of the most important theories and evaluate them I am as well interested in the consequences of the assassination on the world I think another interesting question is how the people reacted to the assassination People who were there and people who only heard it in the news Both seem to be concerned The most exciting part about the assassination is the ignorance Although over 40 years passed since then the Kennedy case as one of very few of the 20th Century still remains unsolved Praise from a Future Generation John Kelin, 2007 Finely written and meticulously documented this book describes how very early on a small group of ordinary citizens began extraordinary efforts to demonstrate that the JFK assassination could not have happened the way the government said it did In time their efforts had an enormous impact on public opinion but this account concentrates on the months before the controversy caught fire when people with skeptical viewpoints still saw themselves as lone voices Material seldom seen by the public includes a suppressed photograph of the grassy knoll an unpublished 1964 interview with an eyewitness the earliest mention of the magic bullet and an analysis of the commotion surrounding New Orleans district attorney Jim Garrison s charge that anti Castro CIA operatives were involved *The Assassination of John F. Kennedy* J.D. Rockefeller, 2016-11-01 John Fitzgerald Kennedy was assassinated at 12 30 p m Central Standard Time on the 22nd of November 1963 by Lee Harvey Oswald when he was travelling with his wife the governor and the governor s wife in a presidential motorcade The 35th President of the United States was assassinated on a Friday afternoon and the ten month long investigation into the incident ruled that Oswald acted alone in the crime In 1979 however the United States House Select Committee on Assassinations HSCA ruled that it was possibly a conspiracy They suspected the presence of another gunman but investigations were not able to find any reliable evidence to support this fact A poll conducted in 2013 revealed that 60% of Americans believed that Kennedy s assassination was a conspiracy Only 20 30% believed that Lee Harvey Oswald acted alone It s no wonder there are so many conspiracy theories going around in the country even after 50 years of the President s death Right from the CIA to the KGB to the President s wife and the then Vice President many people and organizations have been claimed to be connected to the assassination of JFK This book is an attempt to look at the assassination and some of the different conspiracy theories about John F Kennedy s death The Assassination of John F. for the President and First Lady that afternoon and the First Couple rode with the Connallys in an open motorcade en route to a speech Kennedy would deliver later. As they waved to the people lining the streets around 12:30 p.m. Central Standard Time, Governor Connally's wife turned around to the first couple and said, "Mr. President, you can't say Dallas doesn't love you." Moments later, the most controversial assassination in American history took place as a series of shots were fired at the motorcade. The indelible images provided by the Zapruder film of Kennedy being hit in the throat and head, followed by Jackie crawling over the backseat toward the trunk, are now instantly recognizable. Within minutes, the news of the shooting began to spread from Dallas across the nation, and everyone's worst fears were confirmed when the President was declared dead about half an hour after the shooting. In the wake of the shooting, Lee Harvey Oswald was arrested, proclaimed his innocence, and was then murdered himself by Jack Ruby two days later. The day after that, the President was given a state funeral and procession. The unbelievable chain of events that took place in those 72 hours understandably left the nation shell shocked. Despite countless official and unofficial investigations, the assassination is just as mysterious and confusing as ever, and conspiracy theories continue to run rampant nearly 50 years after the assassination. Was Lee Harvey Oswald a patsy? Was he a lone gunman? Was the assassination ordered by the mob? Decisive Moments in History: The Assassination of John F. Kennedy chronicles the entire chain of events leading up to the assassination and its immediate aftermath, examines the different conclusions reached by different investigations, and discusses the conspiracy theories and legacy of the assassination. The Assassination of President John F. Kennedy: The Final Analysis David W. Mantik, M.D., Ph.D., Jerome R. Corsi, Ph.D., Douglas P. Horne, In this decisive analysis of the JFK assassination, medical expert Dr. David W. Mantik and New York Times bestselling author Jerome R. Corsi definitively validate the observations of the physicians at Parkland Hospital who recognized immediately that the wound in JFK's throat and the massive avulsed blow out in the back of his head both involved frontal shots. What distinguishes this book from the myriad of books written on the JFK assassination is that Dr. Mantik's optical density measurements of the JFK skull X-rays in the National Archives leave no doubt the X-rays were altered to disguise evidence of the two frontal shots. With over four decades of experience reading X-rays, Dr. Mantik has examined the JFK assassination materials more than anyone else. Mantik and Corsi present overwhelming testimonial and documentary evidence that proves the Bethesda surgeons performed pre-autopsy surgery on JFK's head to remove evidence of the forehead bullet as well as to gain access to his brain and thus sanitize the crime scene by removing bullet fragments and bullet tracks in the brain tissue. The world is starving for objective science. This book contains objective forensic science for which the world will never be ready. If the X-rays were doctored, the CIA, the FBI, and the US Secret Service have some questions to answer. The public deserves the final analysis of these issues.
