Assassinations And Executions An Encyclopedia Of Political Violence 18651986:

Encyclopedia of Violence, Peace, and Conflict ,2008-09-05 The 2nd edition of Encyclopedia of Violence Peace and Conflict provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life Building on the highly regarded 1st edition 1999 and publishing at a time of seemingly inexorably increasing conflict and violent behaviour the world over the Encyclopedia is an essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change Covering topics as diverse as Arms Control Peace Movements Child Abuse Folklore Terrorism and Political Assassinations the Encyclopedia comprehensively addresses an extensive information area in 225 multi disciplinary cross referenced and authoritatively authored articles In his Preface to the 1st edition Editor in Chief Lester Kurtz wrote The problem of violence poses such a monumental challenge at the end of the 20th century that it is surprising we have addressed it so inadequately We have not made much progress in learning how to cooperate with one another more effectively or how to conduct our conflicts more peacefully Instead we have increased the lethality of our combat through revolutions in weapons technology and military training The Encyclopedia of Violence Peace and Conflict is designed to help us to take stock of our knowledge concerning these crucial phenomena Ten years on the need for an authoritative and cross disciplinary approach to the great issues of violence and peace seems greater than ever More than 200 authoritative multidisciplinary articles in a 3 volume set Many brand new articles alongside revised and updated content from the First Edition Article outline and glossary of key terms at the beginning of each article Entries arranged alphabetically for easy access Articles written by more than 200 eminent contributors from around the world

Assassinations and Executions
Harris M. Lentz,1988 From Abraham Lincoln 1865 to Russian poet Nikolai S Gumilev 1920 to Beatle John Lennon 1980 this book provides reference to political assassinations political executions and unsuccessful attempts against major figures Entries detail the manner the motive the assailant when known brief biographical information on the victims the immediate effects on the political climate of the day and in some cases the final fate of the assassins

Genocide Or Ethnocide, 1933-2007 Bartolomé Clavero,2008

A History of Political Murder in Latin America W. John Green,2015-04-27 A sweeping study of political murder in Latin America This sweeping history depicts Latin America s pan regional culture of political murder Unlike typical studies of the region which often focus on the issues or trends of individual countries this work focuses thematically on the nature of political murder itself comparing and contrasting its uses and practices throughout the region W John Green examines the entire system of political murder the methods and justifications the perpetrators employ the victims and the consequences for Latin American societies Green demonstrates that elite and state actors have been responsible for most political murders assassinating the leaders of popular movements and other messengers of change Latin American elites have also often targeted the potential audience for these messages through the

region's various dirty wars. In spite of regional differences, elites across the region have displayed considerable uniformity in justifying their use of murder, imagining themselves in a class war with democratic forces. While the United States has often been complicit in such violence, Green notes that this has not been universally true, with US support waxing and waning. A detailed appendix exploring political murder country by country provides an additional resource for readers. [Chronology of World Terrorism, 1901-2001](#) Henry E. Mattox, 2015-06-08. The attacks of September 11, 2001 brought unprecedented attention to the problem of terrorism. Yet the threat of terrorist acts has long been a specter in the lives of millions, and the patterns and occurrences all too regular. This chronology begins with President McKinley's assassination in September of 1901 and ends with the 9/11 attacks. It details terrorist events both well known and obscure, chosen as representative decade by decade of each particular period. A concluding chapter examines changing trends in methods of attack and the effectiveness of various movements. Appendices include a list of notable terrorist organizations, international conventions governing terrorism, and the U.N. Security Council resolution passed after the September 11 attacks. [Encyclopedia of Violence, Peace, & Conflict: A-F](#) Lester R. Kurtz, 2008. Provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life. An essential reference for students and scholars working in the field of peace and conflict resolution studies, and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change. [Encyclopedia of Assassinations](#) Carl Sifakis, 2013-10-08. Encyclopedia of Assassinations is the most comprehensive handbook on over 400 assassinations, attempts, and plots against political figures. The narrative entries detail history's most turbulent moments, including the date, location, and full description of each incident, as well as biographical information about the victim and assassin, and the circumstances surrounding each historical event. Here are Jesse James, Outlaw, killed by Bob Ford in 1882; Ian Gow, Conservative member of the British Parliament, killed by a car bomb in 1990; Franz Ferdinand, Archduke and heir to the Austrian throne, killed by Gavrilo Princip in 1914; John F. Kennedy, American president, killed by Lee Harvey Oswald in 1963; Rajiv Gandhi, Prime Minister of India, killed by an unidentified bomber in 1991; Ernesto Che Guevara, Revolutionary, killed by Bolivian forces in 1967; Abraham Lincoln, American president, killed by John Wilkes Booth in 1865. And hundreds more. This encyclopedia's illustrations, bibliography, appendix grouping the assassinations by country, and further readings turn it into an essential reference for history teachers, students, crime buffs, and those who are curious about the most notorious acts of their kind. [Chronologies of Modern Terrorism](#) Barry Rubin, Judith Colp Rubin, 2015-01-28. Concise yet comprehensive, this one-volume reference examines the history of terrorism in the modern world, including its origins and development, and terrorist acts by groups and individuals from the French Revolution to today. Organized thematically and regionally, it outlines major developments in conflicts that involved terrorism, the history of terrorist groups, key aspects of counterterrorist policy, and specific terrorist incidents. Initial chapters explore terrorism as a social force and analyze the use of terrorism as a political tool, both historically and in the

contemporary world Subsequent chapters focus on different parts of the world and consider terrorism as a part of larger disputes Each chapter begins with a historical introduction and analysis of the topic or region followed by one or more chronologies that trace events within political and social contexts A glossary selected bibliography and detailed index are also included

Crime, Histoire et Sociétés, 2004/2 , Famous Assassinations in World History Michael Newton, 2014-04-17 Representing a unique reference tool for readers interested in history criminology or terrorism this book provides the most complete and up to date coverage of assassinations of key figures throughout history and around the world Effecting the death of a political figure a leader of a nation or a public figure usually captures people s attention But how often is assassination effective to achieve the larger objective beyond the death of the targeted individual Famous Assassinations in World History An Encyclopedia offers more than 200 entries on assassinations of all kinds that will allow readers to grasp the often complex motivating factors behind each event and better understand historical and contemporary social unrest Each entry identifies the assassination target and summarizes that person s significance discusses the person s assassination including the factors that led up to it and its political and cultural contexts and explains the powerful effects of the assassination in world history The encyclopedia also includes various sidebars that spotlight relevant individuals groups and movements and present intriguing factoids such as the final disposition of notorious assassins weapons and various films and novels that were inspired by famous assassinations In addition 23 primary source documents provide accounts of assassinations throughout world history

Shock to the System Michael K. Miller, 2021-07-20 How violent events and autocratic parties trigger democratic change How do democracies emerge Shock to the System presents a novel theory of democratization that focuses on how events like coups wars and elections disrupt autocratic regimes and trigger democratic change Employing the broadest qualitative and quantitative analyses of democratization to date Michael Miller demonstrates that more than nine in ten transitions since 1800 occur in one of two ways countries democratize following a major violent shock or an established ruling party democratizes through elections and regains power within democracy This framework fundamentally reorients theories on democratization by showing that violent upheavals and the preservation of autocrats in power events typically viewed as antithetical to democracy are in fact central to its foundation Through in depth examinations of 139 democratic transitions Miller shows how democratization frequently follows both domestic shocks coups civil wars and assassinations and international shocks defeat in war and withdrawal of an autocratic hegemon due to autocratic insecurity and openings for opposition actors He also shows how transitions guided by ruling parties spring from their electoral confidence in democracy Both contexts limit the power autocrats sacrifice by accepting democratization smoothing along the transition Miller provides new insights into democratization s predictors the limited gains from events like the Arab Spring the best routes to democratization for long term stability and the future of global democracy Disputing commonly held ideas about violent events and their effects on democracy Shock to the System offers new perspectives on

how regimes are transformed *In the Shadows of Power* R. Michael Crossen,2025-02-13 *In the Shadows of Power* The Untold Stories of Female Spies is a compelling exploration of the hidden contributions of women in the world of espionage The book delves into the remarkable lives of female operatives who worked behind the scenes often at great personal risk to shape the outcomes of conflicts and historical events Spanning various eras and regions it uncovers stories of courage ingenuity and resilience that have long been overshadowed by their male counterparts The narrative not only recounts daring missions and thrilling exploits but also examines the human element of these women's lives the sacrifices they made the challenges they overcame and the strength they displayed in the face of adversity From wartime couriers and saboteurs to Cold War double agents these operatives defied societal norms and expectations using their unique skills to gather intelligence spread disinformation and execute covert operations Author Mike draws on his extensive experience in military intelligence and his interactions with legendary spies to provide a richly detailed and deeply personal account The book sheds light on the underappreciated yet critical roles that female spies played in shaping history challenging readers to reevaluate traditional notions of heroism and valor Ultimately *In the Shadows of Power* is more than a collection of spy stories it is a celebration of the quiet strength and determination of women who stepped out of the shadows to leave an indelible mark on the world The book invites readers to honor their legacies and reflect on the untapped potential of those who operate with courage and conviction often unnoticed but always impactful **Crime and Criminal Justice in Israel** Robert R. Friedmann,2012-02-01 Assessing the Israeli criminal justice knowledge base with implications for Israel and international scholarship this book explores crime legislation law enforcement courts corrections and the victim The book discusses the development of criminal justice and criminology in a new society adding to the understanding of crime and societal reaction The authors examine the historical development of Israeli criminal justice describe the state of current knowledge and point to possible future directions English in Post-Revolutionary Iran Maryam Borjian,2013-02-20 This book unravels the story of English the language of the enemies in post revolutionary Iran Drawing on diverse qualitative and quantitative fieldwork data it examines the nation's English at the two levels of policy and practice to determine the politics causes and agents of the two diverging trends of indigenization localization and internationalization Anglo Americanization within Iran's English education Situating English in the nation's broader social political economic and historical contexts the volume explores the intersection of the nation's English education with variables such as power economy policy ideology and information technology over the past three decades The multidisciplinary insights of the book will be of value to scholars of global English education policies and reforms and language policy as well as those who are specifically concerned with education in Iran **Heads of States and Governments Since 1945** Harris M. Lentz,2014-02-04 More than half the nations that exist today have gained their independence since 1945 During this period over 2 300 individuals have ruled the various nations of the world this encyclopedia offers insight into the history of individual nations through the lives of their

leaders Outstanding Academic Book **In Search of Sacco and Vanzetti** Susan Mondschein Tejada, 2012 It was a bold and brutal crime robbery and murder in broad daylight on the streets of South Braintree Massachusetts in 1920 Tried for the crime and convicted two Italian born laborers anarchists Nicola Sacco and Bartolomeo Vanzetti went to the electric chair in 1927 professing their innocence Journalist Susan Tejada has spent years investigating the case sifting through diaries and police reports and interviewing descendants of major figures She discovers little known facts about Sacco Vanzetti and their supporters and develops a tantalizing theory about how a doomed insider may have been coerced into helping professional criminals plan the heist Tejada s close up view of the case allows readers to see those involved as individual personalities She also paints a fascinating portrait of a bygone era Providence gangsters and Boston Brahmins nighttime raids and midnight bombings and immigration unionism draft dodging and violent anarchism in the turbulent early years of the twentieth century In many ways this is as much a cultural history as a true crime mystery or courtroom drama Because the case played out against a background of domestic terrorism in a time that echoes our own we have a new appreciation of the potential connection between fear and the erosion of civil liberties and miscarriages of justice *Regional Peacemaking and Conflict Management* Carmela Lutmar, Benjamin Miller, 2015-11-06 This volume examines mechanisms for regional peacemaking and conflict management in Europe and the Middle East To date little research has been devoted to uncovering the conditions for peace and the factors that contribute to stabilizing the state of peace This volume assesses the factors that contribute to regional pacification the incentives that motivate states in establishing peaceful relations and most importantly how regions become peaceful It discusses the conditions under which various types of peace might emerge on a regional level and the factors most likely to determine the outcome The book takes an innovative approach through a systematic comparison of two regions that are particularly prominent and important for the subject of regional pacification Europe and the Middle East While many believe that the European case is the indispensable model for peacemaking others believe that these two regions are too different for Europe to be a useful framework for the Middle East This volume occupies a middle ground between these two extreme positions It argues that while a mindless copying of European models will not lead to peace in the Middle East important insights can be gained from the most successful case of regional peacemaking to date This work will be of much interest to students of regional security peacemaking conflict management Middle East politics European security and IR in general **Enlarging the Scope of Peace Psychology** Mohamed Seedat, Shahnaaz Suffla, Daniel J. Christie, 2016-12-06 With the major goal of building an inclusive international community that promotes peace related research and action this volume reflects on local national and global peace engagement and works towards transdisciplinary understandings of the role of psychology in peace conflict and violence Drawn primarily from 14th Biennial International Symposium on the Contributions of Psychology the chapters focus on peacemaking or the pursuit of harmony in human relations and peacebuilding or equity in human relations with a special emphasis on voices from typically underrepresented

areas in psychology such as the Global South In order to move beyond a Western centered idea of peace psychology the volume is divided into two major parts The first half of the volume puts an emphasis on peace psychology research and praxis in a number of geohistorical contexts including Malaysia Northern Ireland Thailand and Kashmir that bear on conflict harmony and equity in human relations Chapters in the second half of the volume fulfill the mandate of Biennial Symposia namely to create more equity in the production of peace theory and praxis by bringing forward the voices of scholars and change agents that are often unheard in peace discourses including a number of scholars and chapters from South Africa Additionally throughout the chapters the authors and editors of the volume emphasize emancipatory agendas as an important alternative to militarism and state sponsored violence With the aim of bringing forward voices from cultures and situations that are typically not included or highly visible in peace discourses Enlarging the Scope of Peace Psychology in Invited and Invented Spaces African and World Regional Contributions is a thought provoking timely and informative work Psychologists anthropologists sociologists political scientists activists public policy makers and all those interested in promoting peace and justice are sure to find this an invaluable and illuminating resource

Assassination Linda Laucella, 1998 The motivation can be political philosophical or religious fanaticism the results can change history *Assassination* is an almanac of a phenomenon that has been a part of political culture for thousands of years Chronologically arranged *Assassination* examines why this violent aspect of human history has happened to whom it has happened and its impact on events of the time 10 b w photos

Historical Dictionary of Islamic Fundamentalism Mathieu Guidère, 2017-09-20 After the rise of the Islamic State in the Middle East and the new geopolitical landscape in this region it is essential for the modern reader to understand the history that has allowed for and influenced these types of Islamic groups to form *Historical Dictionary of Islamic Fundamentalism* acts as a didactic resource that explains from the Islamic perspective the historical importance of the Islamic fundamentalist world This dictionary provides a comprehensive and thorough analysis of various groups events movements key figures and dogmas that have influenced contemporary Islamic fundamentalism A chronology spanning 600 years graphs of complex Islamic group associations and alliances and an Arabic to English glossary have all been included to facilitate a complete understanding of the nuances and generalities that have shaped this movement This second edition of *Historical Dictionary of Islamic Fundamentalism* also contains an introduction appendixes an extensive bibliography and more than 700 cross referenced entries on ideologies people events and movements of the 20th and 21st centuries
