Assassins A Radical Sect In Islam:

Assassins Bernard Lewis,1987

The Assassins Bernard Lewis,1970

The Assassins Bernard Lewis,2011-02-17

The history of an extremist Islamic sect in the 11th 12th centuries whose terrorist methods gave the English language a new word assassin The word Assassin was brought back from Syria by the Crusaders and in time acquired the meaning of murderer Originally it was applied to the members of a Muslim religious sect a branch of the Ismailis and the followers of a leader known as the Old Man of the Mountain Their beliefs and their methods made them a by word for both fanaticism and terrorism in Syria and Persia in the 11th and 12th centuries and the subject of a luxuriant growth of myth and legend In this book Bernard Lewis begins by tracing the development of these legends in medieval and modern Europe and the gradual percolation of accurate knowledge concerning the Ismailis He then examines the origins and activities of the sect on the basis of contemporary Persian and Arabic sources and against the background of Middle Eastern and Islamic history In a final chapter he discusses some of the political social and economic implications of the Ismailis and examines the significance of the Assassins in the history of revolutionary and terrorist movements

The Assassins. A Radical Sect in Islam.

[With Plates.]. Bernard LEWIS (Professor of History of the Near and Middle East, University of London.),1967 Compte rendu de : Bernard Lewis. The Assassins. A radical sect in Islam Михаил Исаакович Жанд,1971

The Templars and the

Assassins James Wasserman,2001-04-01 An examination of the interactions of the Christian Knights Templar and their Muslim counterparts the Assassins and of the profound changes in Western society that resulted Restores the reputation of the secret Muslim order of the Assassins disparaged as the world s first terrorist group Dispels many myths about the Knights Templar and provides the most incisive portrait of them to date A thousand years ago Christian battled Muslim for possession of a strip of land upon which both their religions were founded These Crusades changed the course of Western history but less known is the fact that they also were the meeting ground for two legendary secret societies The Knights Templar and their Muslim counterparts the Assassins In The Templars and the Assassins The Militia of Heaven occult scholar and secret society member James Wasserman provides compelling evidence that the interaction of the Knights Templar and the Assassins in the Holy Land transformed the Templars from the Pope s private army into a true occult society from which they would sow the seeds of the Renaissance and the Western Mystery Tradition Both orders were destroyed as heretical some seven hundred years ago but Templar survivors are believed to have carried the secret teachings of the East into an occult underground from which sprang both Rosicrucianism and Masonry Assassin survivors known as Nizari Ismailis flourish to this day under the spiritual leadership of the Aga Khan Wasserman strips the myths from both groups and penetrates to the heart of their enlightened beliefs and rigorous practices delivering the most probing picture yet of these holy warriors

The Oxford Handbook of the History of Terrorism Carola Dietze,Claudia Verhoeven,2022 The Oxford Handbook of the History of Terrorism presents a re evaluation of the major narratives in the history of terrorism exploring

the emergence and the use of terrorism in world history from antiquity up to the twenty first century The volume presents terrorism as a historically specific form of political violence that was generated by modern Western culture and then transported around the globe where it interacted with and was transformed in accordance with local conditions It offers cogent arguments and well documented case studies that support a reading of terrorism as a modern phenomenon as well as sustained analyses of the challenges involved in the application of the theories and practices of modernity and terrorism to non Western parts of the world both for historical actors and academic commentators

The American Institute of Iranian Studies Erica Ehrenberg,2025-06-17 The American Institute of Iranian Studies is devoted to fostering research in the field of Iranian studies and promoting scholarly exchange between the United States and Iran This collection of essays addresses the history and development of Iranian studies in the United States and the pivotal role of the Institute in furthering research in the field The purview of the Institute is vast covering Iranology the study of Iranian peoples and cultures both within and across regions of Central and South Asia and the Middle East where various forms of the Persian language are spoken In keeping with the Institute s dedication to facilitating research in Iran the chapters in this volume represent fields of inquiry that have benefited from direct access to materials in the country The essays describe the founding and work of the Institute the emergence of Iranian studies in American universities the Encyclopaedia Iranica early archaeological research in Iran by the University of Pennsylvania and the University of Chicago the birth and development of American museum collections of art from Iran and case histories of areas of Iranian Studies that have been the traditional focus of Institute sponsored research including art history history philology religion and sociology The contributors to this volume are Ahmad Ashraf Shiva Balaghi Medhi Bozorgmehr Elton L Daniel Erica Ehrenberg Carl W Ernst Stephen C Fairbanks Prudence O Harper Linda Komaroff Judith A Lerner Franklin D Lewis Beatrice Forbes Manz Alessandro Pezzati Holly Pittman D T Potts Richard L Spees Mathew W Stolper Keyvan Tabari and Christopher Thorton

The Routledge History of Terrorism Randall D. Law,2015-03-27 Though the history of terrorism stretches back to the ancient world today it is often understood as a recent development Comprehensive enough to serve as a survey for students or newcomers to the field yet with enough depth to engage the specialist The Routledge History of Terrorism is the first single volume authoritative reference text to place terrorism firmly into its historical context Terrorism is a transnational phenomenon with a convoluted history that defies easy periodization and narrative treatment Over the course of 32 chapters experts in the field analyze its historical significance and explore how and why terrorism emerged as a set of distinct strategies tactics and mindsets across time and space Chapters address not only familiar topics such as the Northern Irish Troubles the Palestine Liberation Organization international terrorism and the rise of al Qaeda but also lesser explored issues such as American racial terrorism state terror and terrorism in the Middle Ages tyrannicide from Ancient Greece and Rome to the seventeenth century the roots of Islamist violence the urban guerrilla terrorism and state terror in Latin America literary treatments of

terrorism With an introduction by the editor explaining the book's rationale and organization as well as a guide to the definition of terrorism an historiographical chapter analysing the historical approach to terrorism studies and an eight chapter section that explores critical themes in the history of terrorism this book is essential reading for all those interested in the past present and future of terrorism **International Encyclopedia of Terrorism** Martha Crenshaw, John

Pimlott, 2015-04-22 This timely reference book places the growing 20th century phenomenon of terrorism in an historical context Starting with the use of assassination in Ancient Greece and including the recent bombing of the American military complex in Dhahran Saudi Arabia this encyclopedia covers the globe in its presentation of all aspects of terrorism history theories of types of and responses to as well methods and techniques There is a chronology of major terrorist events from 1945 an A to Z listing of terrorist groups and leaders a select bibliography and indexes general name and geographical

The Road from Damascus Scott C. Davis, 2002 Temple of Zeinab a week in Damascus Cham Palace a second week in Damascus Heretics a week on the coast Assassins two days travel to Masyaf Interlude three days in Damascus A caravan city three weeks in Aleppo Al Jazira two weeks on the steppe Return a week in Damascus *Tamta's World* Antony

Eastmond, 2017-04-20 The compelling story of a thirteenth century Christian noblewoman ransomed to the family of Saladin made a ruler by the Mongols and with extraordinary connections across continents and cultures from the Mediterranean to Mongolia This book will be important for students and scholars of Byzantine Crusader and Islamic history art and architecture **Between Integration and Secession** Moshe Yegar, 2002-01-01 Between Integration and Secession asks

whether Muslim minorities can co exist with the majority and other cultures within non Muslim states Moshe Yegar's excellent new work examines the radicalization of Muslim communities during the nationalist fervor that swept southeast Asia in the aftermath of World War II The book's grand historical scope traces the theological and political impact of the postwar Islamic renaissance on the creation of Muslim separatist tendencies and heightened religious consciousness

Drawing on a wealth of archival and secondary sources Yegar examines three cases of rebellion in Muslim minorities in the Philippines in Thailand and in Burma Myanmar He studies the communities struggle to define their aims be it for communal separation autonomy or independence and the means each has at their disposal to achieve them Warfare in the Age of

Crusades Brian Todd Carey, Joshua B. Allfree, John Cairns, 2023-01-05 Warfare in the Age of Crusades The Latin East explores in fascinating detail the key campaigns battles and sieges that shaped the crusading period of the Middle Ages giving special attention to military technologies tactics and strategies Key personalities and political factors are addressed including the role of papal monarchy in initiating the crusading expeditions the relationship between Catholic Europe and the Byzantine empire the role of the religious military orders and Islamic and Mongol military capabilities Chapters are devoted to each of the major crusades to the Levant First Second Third and Fourth crusades and an analysis of the Islamic response The rise of the Mamluks in Egypt with their innovative military organization is covered as are the failed Egyptian and Tunisian

campaigns The concluding chapters describe the Mongol campaigns in the Levant the Mamluk response and the final siege of Acre in 1291 This original and perceptive study of a key stage in medieval military history features regional strategic and multi phase tactical maps that illuminate the narrative and provide a valuable resource for students historians and wargamers alike **Mediaeval Isma'ili History and Thought** Farhad Daftary,2001-02-22 This volume presents

scholarship on Isma'ili history and thought from leading authorities in the field The Violent Pilgrimage Tim Rayborn,2013-03-05 The notion of Christianity as a religion of peace was severely tested during the Middle Ages when killing in the name of God became a sanctified act In this book Tim Rayborn traces the development of the early Crusades Christian views of war and violence and its attitudes toward Islam primarily during the turbulent period of the 11th and 12th centuries with some attention to earlier centuries A marked shift in Christian perceptions of its own identity coincided with a considerably more martial and aggressive approach to nonbelievers both inside and outside of Europe This wide ranging study includes such topics as the background to the First Crusade the Knights Templar Bernard of Clairvaux the Cistercian Order the works of Peter the Venerable apocalyptic hopes and fears and martyrdom in the context of Christian conflicts with Islam Focusing on French monastic writings the book also examines papal documents Spanish polemics crusade chronicles and other works This is a survey of research on these important subjects and serves as both a reference work and a point of departure for further study World Terrorism: An Encyclopedia of Political Violence from Ancient Times to the Post-9/11 Era James Ciment,2015-03-10 First Published in 2015 This collection holds three volumes Terrorism is a term that defies easy

definition and its meaning has also changed over the course of history Because this encyclopedia aims at comprehensiveness across time geography and the conceptual landscape it applies the broadest definition of terrorism the use of violence or the threat of violence to effect political change through fear in which the victims of the violence The encyclopedia is divided into six parts **The History of Jihad** Robert Spencer,2018 It is taken for granted even among many Washington policymakers that Islam is a fundamentally peaceful religion and that Islamic jihad terrorism is something relatively new a product of the economic and political ferment of the twentieth century But in The History of Jihad From Muhammad to ISIS Islamic scholar Robert Spencer proves definitively that Islamic terror is as old as Islam itself as old as Muhammad the prophet of Islam who said I have been made victorious through terror Spencer briskly traces the 1 400 year war of Islamic jihadis against the rest of the world detailing the jihad against Europe including the 700 year struggle to conquer Constantinople the jihad in Spain where non Muslims fought for another 700 years to get the jihadi invaders out of the country and the jihad against India where Muslim warriors and conquerors wrought unparalleled and unfathomable devastation in the name of their religion Told in great part in the words of contemporary chroniclers themselves both Muslim and non Muslim The History of Jihad shows that jihad warfare has been a constant of Islam from its very beginnings and present day jihad terrorism proceeds along exactly the same ideological and theological foundations as did the great Islamic warrior states and jihad commanders

of the past The History of Jihad From Muhammad to ISIS is the first one volume history of jihad in the English language and the first book to tell the whole truth about Islam s bloody history in an age when Islamic jihadis are more assertive in Western countries than they have been for centuries This book is indispensable to understanding the geopolitical situation of the twenty first century and ultimately to formulating strategies to reform Islam and defeat radical terror **The Isma'ilis** Farhad Daftary,1992-04-24 Scattered across the globe the Isma'ilis constitute the second largest Shi'i community in the Muslim World This study traces their history and doctrinal developments from their origins to the present day over a period of twelve centuries *Islam and the English Enlightenment, 1670-1840* Humberto Garcia,2012-01-30 A corrective addendum to Edward Said s Orientalism this book examines how sympathetic representations of Islam contributed significantly to Protestant Britain s national and imperial identity in the eighteenth century Taking a historical view Humberto Garcia combines a rereading of eighteenth century and Romantic era British literature with original research on Anglo Islamic relations He finds that far from being considered foreign by the era s thinkers Islamic republicanism played a defining role in Radical Enlightenment debates most significantly during the Glorious Revolution French Revolution and other moments of acute constitutional crisis as well as in national and political debates about England and its overseas empire Garcia shows that writers such as Edmund Burke Lady Mary Wortley Montagu Samuel Taylor Coleridge Robert Southey and Percy and Mary Shelley not only were influenced by international events in the Muslim world but also saw in that world and its history a viable path to interrogate contest and redefine British concepts of liberty This deft exploration of the forgotten moment in early modern history when intercultural exchange between the Muslim world and Christian West was common resituates English literary and intellectual history in the wider context of the global eighteenth century The direct challenge it poses to the idea of an exclusionary Judeo Christian Enlightenment serves as an important revision to post 9 11 narratives about a historical clash between Western democratic values and Islam

Unveiling the Magic of Words: A Review of "**Assassins A Radical Sect In Islam**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Assassins A Radical Sect In Islam**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve in to the book is central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.
