Assessing Dangerousness Violence By Sexual Offenders Batterers And Child Abusers:

Assessing Dangerousness Jacquelyn Campbell, 1995 Research and clinical expertise are brought together in this practical volume to examine whether the following violence can be predicted battered women being killed by their partners battered women killing their partners children being physically and or sexually abused and sexual offenders and batterers re offending Following an introduction to theoretical and clinical issues involved in the prediction of violence the contributors present research and theory in language that is accessible to clinicians They discuss accurate measurement using tested instruments the role of clinical observations and health and judicial implications *Sex Offenders* J. V. Fenner, 2008 This book deals with society's responses to sex offenders This issue is of vital interest to law enforcement professionals and society at large This subsection of the population generates as much or more fear than virtually any other segment in the community The chapters in this book deal with recidivism tracking and location impulsivity long term care and reunification *Physical Abusers and Sexual Offenders* Scott Allen Johnson, 2006-07-13 Until recently professionals in both investigation and treatment have considered the fields of sexual violence and domestic abuse as separate and distinct Numerous studies have shown however that these fields may not be so neatly pigeonholed as once believed Statistics indicate that there is an overlap in both the level and type of violence exp *Tackling Domestic Violence: Theories, Policies and Practice* Lynne Harne, Jill Radford, 2008-07-16 This accessible text takes a multi disciplinary approach to exploring issues surrounding domestic violence It draws on contemporary research findings policy developments innovative practice and case studies to explore new directions in professional and voluntary sector responses to domestic violence Centred on the United Kingdom but located in a context of global change the book discusses and critically evaluates new criminal justice and multi agency initiatives such as domestic violence courts and risk assessment conferences as well as assessing how far these initiatives improve the safety of women and children Harne and Radford aim to disseminate ideas about best practice in relation to dealing with this sensitive and still controversial issue They use real life case studies from professionals including the police health services and Women's Aid and are inclusive of the experiences of a wide range of survivors in order to enable an understanding of the need for appropriate responses depending on different survivor needs *Tackling Domestic Violence* provides an informed background for professionals in the police probation health and social care services the legal system and voluntary sector with a remit to respond to domestic violence It is also highly relevant to those undertaking courses on domestic violence at undergraduate and postgraduate level Handbook of Violence Risk Assessment Randy K. Otto, Kevin S. Douglas, 2011-04-27 This comprehensive Handbook of original chapters serves as a resource for clinicians and researchers alike Two introductory chapters cover general issues in violence risk assessment while the remainder of the book offers a comprehensive discussion of specific risk assessment measures Forensic psychology practitioners mental health professionals who deal with the criminal justice system and legal professionals working with violent offenders will find the

Handbook of Violence Risk Assessment to be the primary reference for the field Violence in Families National Research Council and Institute of Medicine, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Committee on the Assessment of Family Violence Interventions, 1998-03-13 Reports of mistreated children domestic violence and abuse of elderly persons continue to strain the capacity of police courts social services agencies and medical centers At the same time myriad treatment and prevention programs are providing services to victims and offenders Although limited research knowledge exists regarding the effectiveness of these programs such information is often scattered inaccessible and difficult to obtain Violence in Families takes the first hard look at the successes and failures of family violence interventions It offers recommendations to guide services programs policy and research on victim support and assistance treatments and penalties for offenders and law enforcement Included is an analysis of more than 100 evaluation studies on the outcomes of different kinds of programs and services Violence in Families provides the most comprehensive review on the topic to date It explores the scope and complexity of family violence including identification of the multiple types of victims and offenders who require different approaches to intervention The book outlines new strategies that offer promising approaches for service providers and researchers and for improving the evaluation of prevention and treatment services Violence in Families discusses issues that underlie all types of family violence such as the tension between family support and the protection of children risk factors that contribute to violent behavior in families and the balance between family privacy and community interventions The core of the book is a research based review of interventions used in three institutional sectors social services health and law enforcement settings and how to measure their effectiveness in combating maltreatment of children domestic violence and abuse of the elderly Among the questions explored by the committee Does the child protective services system work Does the threat of arrest deter batterers The volume discusses the strength of the evidence and highlights emerging links among interventions in different institutional settings Thorough readable and well organized Violence in Families synthesizes what is known and outlines what needs to be discovered This volume will be of great interest to policymakers social services providers health care professionals police and court officials victim advocates researchers and concerned individuals **Handbook of Psychological Approaches with Violent Offenders** Vincent B. Van Hasselt, Michel Hersen, 2013-11-11 The past quarter century has witnessed a dramatic upsurge of violent crime in the United States and abroad In this country the rise in violent criminal activity has been consistently documented in such published accounts as the Uniform Crime Reports and the Statistical Handbook on Violence in America published by the FBI and the Violence Research Group respectively Further social scientists particularly those working in the fields of sociology and psychology have provided a convergence of findings attesting to the magnitude of one of today's most significant social problems domestic violence e g spouse child and elder abuse Such efforts have served as the impetus for heightened clinical and investigative activity in the area of violent be

havior Indeed a wide range of mental health experts such as psychologists psychi atrists social workers counselors and rehabilitation specialists have endeavored to focus on strategies and issues in research and treatment for violent individuals and their victims The purpose of this book is to provide a comprehensive and timely examination of current psychological approaches with violent criminal offenders Despite the fact that we continue to have much to learn about perpetrators of violent acts in recent an increasingly large body of empirical data have been adduced about this years issue However these data generally have appeared in disparate journals and books That being the case it is our belief that such a handbook now is warranted

The Clinical and Forensic Assessment of Psychopathy Carl Gacono,2015-11-19 This newly revised edition to The Clinical and Forensic Assessment of Psychopath A Clinician s Guide brings new chapters on psychopathy in women brain imaging assessment and treatment in schools and more in addition to the updated original chapters With its in depth research on psychopathy accumulating findings from over the past 40 years and applying them to procedures and methods it is essential for all of those who face mental health correctional or court settings This edition is an excellent resource for experienced professionals and their trainees as well as students who need a go to book between the research and practice on the assessing of psychopathy

Studies in the Assessment of Parenting Peter Reder,Sylvia Duncan,Claire Lucey,2004-06-02 Offers a review of the latest literature but moreover a practical guide essential to professionals who give their expert opinions to courts in child care cases

Sex Crimes and Sex Offenders Donna Vandiver,Jeremy Braithwaite,2016-12-08 Sex Crimes and Sex Offenders Research and Realities provides an overview of social scientific theory and research on sex crimes and sex offenders Most other books on the market are focused on a single issue such as treatment rape pedophilia theory etc This book is unique in that it covers the most current theory and research along with individual cases of sex crimes e g Kobe Bryant Jerry Sandusky and other case studies effectively linking theory and research with the realities of sex crimes and sex offenders as well as their victims Vandiver Braithwaite and Stafford are careful to dispel myths and to focus on the heterogeneity of sex crimes and sex offenders and not on any one issue or population or theory Instead they weave a framework using a full range of theoretical concepts and research data to integrate their discussions of crimes offenders victims treatments and policy implications The result is a valuable resource for students and early stage researchers investigating sex crimes or offenders

The Sexual Predator: Legal issues, clinical issues, special populations Anita M. Schlank,Fred Cohen,1999 Treats the law policy evaluation and treatment of sex offenders including a discussion of the civil commitment of sexual predators under Minnesota s law the role of assessment in the commitment process a clinical view of civil commitment and an overview of the Minnesota Sex Offender Program

Forensic Psychology Graham M. Davies,Anthony R. Beech,Melissa F. Colloff,2024-01-29 FORENSIC PSYCHOLOGY Complete introduction to forensic psychology and understanding psychology s expanding influence on the study of law crime and criminality Highlighting the often sizable gap between media myths surrounding forensic practice and reality Forensic Psychology

presents a broad range of topics within the field including detailed treatments of the causes of crime investigative methods the trial process and interventions with different types of offenders and offenses To aid in reader comprehension this Fourth Edition is supplemented with additional online resource materials including related links multiple choice questions and PowerPoint slides Authored by a wide range of experienced forensic psychology professionals and drawing on a wealth of experience from leading researchers and practitioners Forensic Psychology includes information on Psychological approaches to understanding crime and developmental and psychological theories of offending Contributions of neuroscience in understanding risk factors for offending and effects of interpersonal crime on victims Eyewitness evidence psychopathy interviewing witnesses and suspects detecting deception and offender profiling and crime linkage Interpersonal violence and stalking judicial processes safeguarding vulnerable witnesses criminal responsibilities and the role of the expert witness Rehabilitation of offenders risk assessment treating dangerous offenders and interventions with female offenders and offenders with intellectual disabilities With comprehensive coverage of the subject and its many important intricacies the Fourth Edition of Forensic Psychology is essential reading for undergraduates first encounter with the subject area and is also an excellent introduction for more specialized postgraduate courses

Child Custody and Domestic Violence Peter G. Jaffe, Nancy K. D. Lemon, Samantha E. Poisson, 2003 A call for safety and accountability *Assessments in Forensic Practice* Kevin D. Browne, Anthony R. Beech, Leam A. Craig, Shihning Chou, 2017-05-08 Assessments in Forensic Practice A Handbook provides practical guidance in the assessment of the most frequently encountered offender subgroups found within the criminal justice system Topics include criminal justice assessments offenders with mental disorders family violence policy and practice

Forensic CBT Raymond Chip Tafrate, Damon Mitchell, 2013-11-11 Forensic CBT A Handbook for Clinical Practice is an edited collection that represents the first authoritative resource on the utilization of CBT strategies and techniques for offender clients Features contributions from leaders of the major schools of CBT on the treatment of antisocial personality patterns as well as anger interpersonal violence substance abuse and sexual aggression Addresses modified CBT approaches for female juvenile and culturally diverse forensic populations Covers emerging areas of forensic practices including the integration of motivational interviewing and strength based approaches Includes an assortment of worksheets handouts and exercises for practitioners to use with their clients

Advances in Psychology Research Serge P. Shohov, 2002 Advances in Psychology Research

Violent Fathering and the Risks to Children Lynne Harne, 2011 This text focuses on violent fathering and discusses research in the context of domestic violence It examines fathers perceptions of their domestic violence and its impact on children their relationships with children and their parenting practices It also recommends ways that policy and practice can be improved

Criminal Recidivism Georgia Zara, David P. Farrington, 2015-07-24 Criminal Recidivism intends to fill a gap in the criminological psychology literature by examining the processes underlying persistent criminal careers This book aims to investigate criminal recidivism and why how and for how

long an individual continues to commit crimes whilst also reviewing knowledge about risk assessment and the role of psychopathy including neurocriminological factors in encouraging recidivism It also focuses on the recidivism of sex offenders and on what works in reducing reoffending At an empirical level this book attempts to explain criminal persistence and recidivism using longitudinal data from the Cambridge Study in Delinquent Development CSDD At a psycho criminological level it joins together quantitative and qualitative analyses making its content a practical guide to explain predict and intervene to reduce the risk of criminal recidivism The authors present quantitative analyses of criminal careers as well as qualitative life histories of chronic offenders in order to bring home the reality and consequences of a life of crime The book is aimed not only at advanced students and academics in psychology criminology probation studies social sciences psychiatry sociology political science and penology but also at decision makers policy officials and practitioners within the realm of crime intervention and prevention and also at forensic experts judges and lawyers **The International**

Handbook on Psychopathic Disorders and the Law Alan Felthous, Henning Saß, 2008-03-10 The economic impact of society's efforts to rehabilitate and contain psychopathically disordered individuals can be enormous Understanding these disorders developing valid assessment methods and providing safe effective treatments is therefore of paramount importance Reflecting the work of a truly international panel of experts from Europe North America and Asia the International Handbook on Psychopathic Disorders and the Law offers an in depth multidisciplinary look at key aspects of the development and etiology of psychopathic disorders current methods of intervention treatment and management and how these disorders impact decision making in civil and criminal law [The International Handbook on Psychopathic Disorders and the Law, Volume II](#) Alan Felthous, Henning Sass, 2008-04-15 Reflecting the work of an international panel of experts the International Handbook on Psychopathic Disorders and the Law offers an in depth and multidisciplinary look at key aspects of the development and etiology of psychopathic disorders current methods of intervention treatment and management and how these disorders impact decision making in civil and criminal law
