Assurance Of Things Hoped For A Theology Of Christian Faith:

The Assurance of Things Hoped for Avery Dulles, 1996-09 Faith since the earliest Christian theologians has been regarded as the fundamental Christian virtue the prerequisite for hope charity and good works In this book Avery Dulles examines the biblical foundations and history of theological reflection on faith from the Greek and Latin fathers to such modern giants as Tillich Rahner and Lonergan Further Dulles presents his own systematic synthesis reflecting on such topics as the nature and object of faith the certitude of faith the birth growth and loss of faith and faith and salvation The result is a refreshingly relevant theology of faith for our day Christian Faith and the Theological Life Romanus Cessario, 1996 What does it mean to believe in God This question still provokes a recalcitrant world In spite of the apparent disinterest of our age the religious question continues to task and to vex sometimes quietly sometimes dramatically When religious divisions occasion civil strife believers are faced with an even more radical inquiry Wherein lies the real truth about Christian doctrine and its place in our lives Can we appeal to any authority for belief How do we escape the suspicions of a skeptical age In this book Romanus Cessario explores these questions and suggests responses taken from the history of theology He offers a readable account of the accumulated wisdom of the Christian tradition concerning the faith question citing as major authorities the saints those who have realized the will of God throughout the ages Faith supplies not only the assurance but also the substance of things hoped for The experience of Israel teaches that God has foreseen something better for us this something better resides in the Word of God that takes flesh in the womb of the Virgin Mary Because it keeps being born again in the heart of every believer as St Thomas Aquinas reminds us it leads us to the blessedness of eternal life Since the end of the Second Vatican Council in 1965 authors have dealt mainly with the existential dimensions of Christian life This volume the fruit of more than two decades of contemplation on the virtues of Christian life complements these as well as historical studies about faith It presents a coherent meditation on faith s principal concerns its acts of belief and confession and its character as a virtue in the Christian life Father Cessario explains how the mysteries of faith what the Christian believer professes each Sunday in the Creed transform our lives and make us living images of the Triune God Consequently this book will meet a wide range of needs by answering the questions of the informed reader animating study groups and parish seminars and stimulating the ordinary believer to appropriate the depth of the riches and the wisdom and knowledge of God ABOUT THE AUTHOR Romanus Cessario O P is professor of systematic theology at St John s Seminary in Brighton Massachusetts Before assuming this post in the fall of 1995 Father Cessario taught at the Dominican House of Studies in Washington D C He served there as Academic Dean from 1979 to 1987 He is the author of numerous works including *The Moral Virtues and Theological Ethics* *Le Virtu and Perpetual Angelus* *As the Saints Pray the Rosary* and presently serves on the editorial boards of *The Thomist* the French journal *Pierre d Angle* and the *National Catholic Register* **Badiou and Theology** Frederiek Depoortere, 2009-11-17 Depoortere traces the links between French philosopher Alain Badiou and

Pauline theology in the face of Nietzsche's proclamation of the death of God *The Cambridge Companion to John Henry Newman* Ian Ker, Terrence Merrigan, 2009-04-02 As the leader of the Oxford or Tractarian Movement Newman's influence continues to be felt on Anglicanism and he is regarded by many as the Father of the Second Vatican Council His theology anticipates central themes in contemporary theology and he can be viewed as a post modern theologian [A Companion to the Theology of John Mair](#) John Slotemaker, Jeffrey Witt, 2015-06-24 The Companion to the Theology of John Mair explores the major theological themes present in Mair's commentary on the Sentences of Peter Lombard Mair is often noted for his importance as a leading sixteenth century Parisian intellectual The essays in this volume explore his influence as a teacher and thinker in this critical place and time The volume gives special consideration to his attitude toward humanism and his deep familiarity with the scholastic past The book is divided into four sections It explores Mair's attitude toward faith and theology his theological metaphysics his ethics and role in the development of moral casuistry and his views on justification and sacramentology The volume likewise includes a substantial appendix including an edition of the table of questions for all four books of Mair's commentary aimed to assist scholars in further exploration of Mair's Theology **Reason, Truth, and Theology in Pragmatist Perspective** Paul D. Murray, 2004 In this work Paul Murray explores which style of rationality is most appropriate to Christian theology in the contemporary pluralist postfoundationalist postmodern context At its heart is a fresh consideration of the American pragmatist tradition focussing on the writings of Richard Rorty and Nicholas Rescher Where Rorty correctly diagnoses the failures of foundationalist objectivism Rescher's pragmatic idealism is presented as healing the ills in Rorty's own neo pragmatism The significant resonance between Rescher's view of rationality and Christian understanding of the trinity is explored In turn Donald MacKinnon's influential writings are presented as exemplifying just such an approach to theology Murray both articulates an enriched form of Christian postliberalism committed to receiving and learning from other traditions of thought and practice and probes the claim that the dynamics of human rationality can be expected to reflect the Trinitarian dynamics of God's being Paul Murray presents us here with an exhaustive and insightful study of recent pragmatic theory in which he sets up rhythms of healing and completion as well as interrogation particularly remarkable is his exploration of Christianity as the deep and in some sense final interlocutor of pragmatic tradition I strongly recommend this book Olivier Davis Professor of Christian Doctrine King's College London This is a mature wide ranging work that by uniting the intellectual and the practical carries both rational and ethical conviction It does equal justice to the classic teachings of Christianity and to the challenges to rethink them in dialogue with modern and postmodern approaches The result is a conception of Christianity both generously orthodox and deeply engaged with contemporary life and thought It is especially good to see the profound contribution of Donald MacKinnon understood and developed with such perception and relevance David F Ford Regius Professor of Divinity University of Cambridge Paul Murray is currently Lecturer in Systematic Theology within the Department of Theology at the University of Durham England He has previously

held posts at St Cuthbert's Seminary Ushaw College Durham and Newman College of Higher Education Birmingham Essays of his exploring issues in philosophical theology science and theology and contemporary Roman Catholic theology have appeared in leading journals and edited collections This is his first monograph **Oxford Studies in Philosophy of Religion**

Jonathan Kvanvig, 2015-02-19 Oxford Studies in Philosophy of Religion is an annual volume offering a regular snapshot of state of the art work in this longstanding area of philosophy that has seen an explosive growth of interest over the past half century Under the guidance of a distinguished editorial board it publishes exemplary papers in any area of philosophy of religion A New Handbook of Christian Theologians Donald W. Musser, 1996-09-01 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various routes for reading and have traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith *The Foundation of Joy* Jeff Strickland, 2025-04-21 The Puritans have been depicted as killjoys whose teachings on assurance of salvation and self examination bred anxiety and despair But is that really the case In *The Foundation of Joy* Jeff Strickland investigates the link between John Flavel's understanding of assurance and his pursuit of joy After explaining Flavel's approach to assurance and how it actually provides a foundation for joy Strickland demonstrates how Flavel expresses these in the key areas of looking to Christ discerning the Spirit obeying the law keeping the heart and carrying the cross Joy is the hallmark of Flavel's spirituality a fine example of what it means to cultivate a cheerfulness of heart founded on a sense of one's interest in Christ

Faith, Religion & Theology Brennan Hill, Paul F. Knitter, William Madges, 1997 This thoroughly updated text offers students and adults an overarching perspective The Faith section focuses on the nature of human faith and Christian faith The Religion section examines the personal and social value of religion religious belief and behavior and offers an overview of major world religions The Theology section includes an analysis of the theology faith relationship Suggested readings and study questions excellent end notes and index add to the value of this edition **Karl Rahner, Culture and**

Evangelization Anthony Mellor, 2019-05-15 The situation of religious institutional diminishment in many Western countries requires new approaches to the proclamation of Christian faith As a response to these complexities Karl Rahner suggested a mystagogic approach as a future pathway for theology A mystagogical approach seeks modes of spiritual and theological conversation which engage the religious imagination and draws upon personal experiences of transcendence and religious sensibility In *Karl Rahner Culture and Evangelization New Approaches in an Australian Setting* Anthony Mellor develops a

reflective process of contemporary mystagogia describing how different fields of engagement require different patterns of mystagogical conversation While focussing on the Australian setting these differentiate arenas of engagement are also applicable to other cultural settings and offer fresh perspectives for evangelization today **The Christology of John Macquarrie**

Vernon L. Purdy, 2009 The Christology of John Macquarrie comprehensively scrutinizes the life and writings of Scottish born systematic theologian and philosopher John Macquarrie 1919 2007 in an attempt to comprehend and evaluate his Christology The author examines the people e g Heidegger Schleiermacher the philosophical and theological positions and the writings that formed Macquarrie s thinking One major influence was his commitment to modern critical theology including the premise that in the modern world the only acceptable Christological tenets are those that can stand up to the scrutiny of modern critical reasoning The work concludes that this commitment profoundly shaped Macquarrie s theology especially his Christology The book also discusses Macquarrie s evaluation and criticisms of the Christology of other theologians e g Kierkegaard Moltmann Pannenberg and others concluding that Macquarrie s understanding of the Christian faith and the person of Jesus Christ is consonant with modern liberal Anglo Catholicism This idea furthers the argument that Macquarrie s reluctance to accept traditional incarnational categories suggests that his Christology is a modern form of Adoptionism *Forming the Church in the Modern World* Thomas A. Baima, 2019 This book examines and comments on various aspects of the theology of Avery Cardinal Dulles SJ It demonstrates how important his ideas were in forming our current understanding of church and theology **Introduction to Medieval Theology** Rik Van Nieuwenhove, 2022-03-24

The best introduction to medieval theology from the time of St Augustine to the 14th century in an expanded 2nd edition This volume invites us to think along with major theologians and spiritual authors in order to understand how pre modern thought can enrich and challenge us in a post modern context **An Introduction to Theology in Global Perspective** Stephen B. Bevens, 2009 A comprehensive work on doing theology as part of the Catholic ecclesial community in today s world **Dark Passages of the Bible** Matthew J. Ramage, 2013-09-24 Multiple gods Divinely mandated genocide Rejection of an afterlife If the Scriptures are the inspired and inerrant word of God that Christians claim them to be how can they contain these things For many believers in the modern age traditional Christian answers to these challenges are no longer convincing Though spiritually edifying they are unable to account for the sheer scope and depth of problems raised through the advent of historical critical scholarship Following the lead of Pope Benedict XVI in *Dark Passages of the Bible* Matthew Ramage weds the historical critical approach with a theological reading of Scripture based in the patristic medieval tradition Whereas these two approaches are often viewed as mutually exclusive or even contradictory Ramage insists that the two are mutually enriching and necessary for doing justice to the Bible s most challenging texts Ramage applies Benedict XVI s hermeneutical principles to three of the most theologically problematic areas of the Bible its treatment of God s nature the nature of good and evil and the afterlife Teasing out key hermeneutical principles from the work of Thomas Aquinas Ramage analyzes each

of these themes with an eye to reconciling texts whose presence would seem to violate the doctrines of biblical inspiration and inerrancy At the same time Ramage directly addresses the problems of concrete biblical texts in light of both patristic and modern exegetical methods PRAISE FOR THE BOOK Ramage uses three difficult biblical motifs as proving grounds for this method the nature of God the nature of good and evil and the afterlife Exegetes and theologians will appreciate the author's wrestling with these issues in a considered way that tries to be true to both scientific methodology and the demands of a community of faith The Bible Today If a sacred text can be literally incorrect about topics on which it claims to speak authoritatively how can its words be trustworthy Dark Passages sets out to raise the reader's awareness of how to use the Bible in ways that are not so cut and dried The Method C reader appreciates myth or authorial overreach where they exist and always reads the biblical word theologically as an encounter with the divine Word Method C goes beyond a simple formulaic answer to problematic Bible passages First Things

The Roman School, 2024-03-18 Did the twentieth century patristic renewal come from nowhere Was all nineteenth century theology neo scholastic Do theologians' personal failings invalidate their theologies These are the questions that guide the contributors to this volume as they reassess the legacy of the so called Roman School a nineteenth century theological network centered in the Jesuit Roman College Though not entirely uncritical The Roman College represents a collective effort at sympathetic historical retrieval It shows how various figures connected to the Roman School Perrone Passaglia Schrader Franzelin Newman Scheeben and Kleutgen engaged theologically the problems of their own day and set the stage for later theological renewal *Institutes of the Christian Religion* John Calvin, 2023-11-23 John Calvin's *Institutes of the Christian Religion* stands as a foundational text of Reformed theology meticulously articulating the principles of Protestant faith and the sovereignty of God Written with clarity and conviction this monumental work elucidates core doctrines such as predestination and the sacraments while reflecting the tumultuous socio political landscape of the 16th century Calvin's literary style skillfully blends rigorous theological discourse with accessible prose inviting both scholars and lay readers into deep theological contemplation John Calvin 1509-1564 a French theologian and reformer was profoundly influenced by the challenges of the Reformation era witnessing the need for a systematic and biblical approach to Christian belief His own spiritual journey and experiences in Geneva catalyzed his desire to cultivate a reformed faith that emphasized a personal relationship with God As a pioneering figure Calvin shaped Protestant thought and ecclesiastical structure leaving an indelible mark on Christianity This seminal work is essential reading for anyone wishing to explore the tenets of Reformed theology or understand the historical context of Christian reform Calvin's rigorous yet approachable examination of faith promises to inspire a deeper appreciation for the theological richness that shapes contemporary Christianity *Mary for Time and Eternity* William McLoughlin, Jill Pinnock, 2007

Galileo and the Conflict between Religion and Science Gregory Dawes, 2016-01-22 For more than 30 years historians have rejected what they call the warfare thesis the idea that there is an inevitable conflict between religion and

science insisting that scientists and believers can live in harmony This book disagrees Taking as its starting point the most famous of all such conflicts the Galileo affair it argues that religious and scientific communities exhibit very different attitudes to knowledge Scripturally based religions not only claim a source of knowledge distinct from human reason They are also bound by tradition insist upon the certainty of their beliefs and are resistant to radical criticism in ways in which the sciences are not If traditionally minded believers perceive a clash between what their faith tells them and the findings of modern science they may well do what the Church authorities did in Galileo's time They may attempt to close down the science insisting that the authority of God's word trumps that of any merely human knowledge Those of us who value science must take care to ensure this does not happen
