Asteroid Alert:

Space Disaster and Meteorite Alert! Julie Karner, 2006 The last century has been an incredible age of space exploration tremendously expanding our knowledge of the universe This amazing book reminds us that such knowledge often comes at a price Space Disaster and Meteorite Alert chronicles both the brave and adventurous space missions throughout history that have ended in disaster as well as an asteroid s journey through the atmosphere to its eventual landing on Earth

SPACE: THE FAILED FRONTIER R. J. Pearson, 2025-08-20 This book is for readers who wonder why the US turned its back on lunar exploration failed for half a century to produce a sustainable crewed space flight program and how we might now finally be able to restart human space exploration Since the end of the Apollo program NASA s human space flight program has had little political support and even less funding It needs to be replaced by an economically self sustaining commercial space program The book s narrative examines the technical and economic challenges in establishing a human settlement in Earth Orbit on the lunar surface and on Mars NASA s failed program to reduce orbital launch costs and use space exploration to increase international cooperation is discussed Methods of establishing an economically self supporting lunar mining colony are examined in detail Three proposed programs for human exploration of Mars are compared Asteroids as a source of terror and possible treasure are examined in the final chapters The book is based on Internet research and analysis augmented by original back of the envelope calculations at key points Off the Hook Too! Nancy

Besonen, 2024-06-15 In 1981 L Anse Sentinel publisher Ed Danner unleashed the madness when he invited a rookie reporter from Chicago s South Side to work for his Upper Michigan weekly newspaper Nancy Besonen s Off The Hook is a collection of humor columns she successfully slipped by her editor over a 30 year reporting career However there were still a few very silly things left unsaid Her second and final installment Off the Hook Too keeps the laughter alive and rounds out what she likes to call The Compleat Works of Nancy Besonen take that William Shakespeare Nancy Besonen s weekly columns in the L Anse Sentinel always made me smile or chuckle and quite often even snort with mirth Besonen connects so well with our quirky Yooper culture and its priorities Her perspective of our everyday lives is hilarious and reminiscent of the late Erma Bombeck Terri Martin author and U P Notable Book Award recipient It takes a special person to write a weekly column year after year and decade after decade There have to be times when life is not funny you re just not in the mood to be humorous or you simply can t think of a damn thing to satirize or poke fun at So hats off to Nancy Besonen because judging by this collection of her weekly columns in the L Anse Sentinel she has a genuine talent for finding humor in everyday life Tom Powers Michigan in Books Besonen has written a book that reads like standup comedy la up north humor If you have only heard of Northern Michigan or are an actual resident Yooper you will find the clever writing in this book to be enjoyable Short chapters make reading easy on the days there isn t much time to read The entire book does not have to be finished to find out whodunnit although it s still difficult to put down Carolyn Wilhelm Midwest Book Review Besonen a gifted journalist

who moved north from Chicago for the fishing and brought with her a deep sensibility for the U P both teaches and inspires This is true nonfiction at its best both wit and investigative journalism I am glad she collects it here Mack Hassler former professor of English Kent State University for U P Book Review Excerpts Hunting There is no arguing that antlers are important They help deer decide who gets a date They help successful hunters get a grip while dragging their prize from the woods They are the ultimate Northwoods accent piece suitable for hanging in any room but mostly those frequented by Northwoods men Photography There is something horribly wrong with a society that requires its young to become certified in Hunter Safety before handling a gun yet will put a fully loaded camera into a child s hands at a wedding and say Get a shot of Daddy doing the Chicken Dance Berry picking If someone asks if we ve been picking blueberries we say yes because it s hard to lie when you have leaves in your hair and blue spots on your butt When they ask where we say The Plains Then we say Goodbye We re there to pick It s the way of the sticks Toys My particular generation is the baby boomers We were born as a direct result of WWII Our daddies were very happy to come home to our mommies They expressed their joy by populating the earth with many children who were easily entertained Cell phones Don t those damn things ever stop ringin my husband bellowed Our son seated beside him in the car bent his head in obvious shame focusing on the offending cell phone in his hand A moment later his sister s cell phone rang in the back seat It was her brother calling her from the front Bugs I opened the cap on my shampoo and knew just how Janet Leigh felt when Norman Bates joined her for a shower in Psycho There was an earwig underneath it and it wasn t finished bathing We are used to being bugged and having nowhere to hide If Norman had made his move on a Maki in the sauna she d have parted his hair with a pickaxe Food There is a time and a place for eating healthier I have no idea when or where that is but I am pretty sure it s not Thanksgiving Day when every dish is meant to shine mainly from its high fat content We are thankful for giblet gravy and real butter Barbie In the beginning she was blonde or brunette Then she became black or Hispanic which was a good thing Then you cut her hair which was a bad thing because it devalued your investment and caused Ken to lose interest though nobody thought Ken was much of a catch anyway Data breach What makes a data breach even more frightening is that 400 of our personal private characteristics may also be fully exposed The computing element may at this very moment be tuning into the facts that you are a smoker and a dog owner What are they going to do Sniff you out and steal your dog Crafting It was a controlled burn but just barely The wood burner warmed up faster than the artist from cool to incinerate before I could warm my coffee When the smoke finally cleared I keenly perceived with my artist s eye that I had succeeded in creating charcoal And it wasn t even good looking charcoal Bathrooms Ever since the outhouse found its way in man has struggled to delicately define his waste space The new spa like bath room isn t a place where you just go Well it kind of is but you also go there to relax unwind and pamper yourself while family members try to beat the door down because they need to take care of business Grandparenting My mom never played canasta but she didn t roll around on the floor with our kids either because old

grandmothers had something NEW grandmothers lack their dignity My mom raised her eyebrows said stuff like Oh dear and kicked naked Barbies under the couch to be with their clothes Naked Kens too different couch Guilt Not to brag sin of pride but we Catholics have kind of cornered the market on guilt Catholics can confess our sins to a priest and receive penance prayer more or less of it depends on the week to wipe our slates clean Then we walk out of the confessional speculate on why the next guy is going in and bam We re back in the red again **Girls in Space** Annabelle Chu 2020-05-16

21st Century: Mysteries of Deep Space Stephanie Paris,2013-01-15 Middle grade readers can travel into deep space as they discover the past present and future of space exploration Original [Buddy Cooper Finds a Way](#) Neil O'Boyle Connelly,2010-05-11 When you lose for a living it s pretty hard to fail Once like all of us Buddy dreamt of success He and his wife Alix had just bought a new place not too far from the beach Their daughter Brook was out of the hospital And the fans were cheering him on as the Invincible Man one of the rising stars of the Southeastern Wrestling Confederacy Then everything fell apart An argument over Monday Night Football somehow crossed the line Alix kicked him out and Buddy

moved in to the Motel 6 After that winning just didn't seem right so he traded in his golden cape for a latex mask and became one of the anonymous losers that fans love to hate Every few weeks he'd get a new mask rechristen himself and step into the ring to get beat all over again as the Grave Digger or the Widow Maker the Deadbeat Dad or the Unknown Kentucky Terror In the four years since the divorce his record is 0-186 but that's okay by Buddy Free of mad notions like happiness and success he pops pink pills to control his rage and copes with his insomnia by watching John Wayne westerns and QVC He has his job his apartment his truck his once a week visits with Brook Life as a failure isn't that bad or so he's convinced himself But now in an effort to boost pay per view ratings Buddy's boss threatens a shake up As part of the plan Buddy will have to end his safe days as a professional loser He's actually slated to win a match What he'll learn though is that like all new scripts this one comes with its own cast and complications a phone psychic living in fear an alien abductee with the secret to salvation a championship match interrupted by a violent fanatic what could be faith healings and perhaps the most unlikely miracle of all a second chance to believe A touching and wonderfully unpredictable literary debut about a professional loser who's forced into a rematch with life Buddy Cooper Finds a Way announces the arrival of a fresh and original voice in American fiction

Finding Hazardous Asteroids Using Infrared and Visible Wavelength Telescopes National Academies of Sciences, Engineering, and Medicine, Division on Engineering and Physical Sciences, Space Studies Board, Committee on Near Earth Object Observations in the Infrared and Visible Wavelengths, 2019-11-09 Near Earth objects NEOs have the potential to cause significant damage on Earth In December 2018 an asteroid exploded in the upper atmosphere over the Bering Sea western Pacific Ocean with the explosive force of nearly 10 times that of the Hiroshima bomb While the frequency of NEO impacts rises in inverse proportion to their sizes it is still critical to monitor NEO activity in order to prepare defenses for these rare but dangerous threats Currently NASA funds a network of ground based telescopes and a single soon to expire space based asset to detect and track large asteroids that could cause major damage if they struck Earth This asset is crucial to NEO tracking as thermal infrared detection and tracking of asteroids can only be accomplished on a space based platform Finding Hazardous Asteroids Using Infrared and Visible Wavelength Telescopes explores the advantages and disadvantages of infrared IR technology and visible wavelength observations of NEOs This report reviews the techniques that could be used to obtain NEO sizes from an infrared spectrum and delineate the associated errors in determining the size It also evaluates the strengths and weaknesses of these techniques and recommends the most valid techniques that give reproducible results with quantifiable errors

The End of the Dinosaurs Charles Frankel, 1999-09-23 The End of the Dinosaurs gives a detailed account of

the great mass extinction that rocked the Earth 65 million years ago and focuses on the discovery of the culprit the Chicxulub impact crater in Mexico It recounts the birth of the cosmic hypothesis the controversy that preceded its acceptance the search for the crater its discovery and ongoing exploration and the effect of the giant impact on the biosphere Other mass extinctions in the fossil record are reviewed as is the threat of asteroids and comets to our planet today The account of the impact and its aftermath is suitable for general readers The description of the crater geology is in enough detail to interest students of the earth sciences A detailed index and bibliography are included

How to Kill an Asteroid Robin George Andrews, 2024-10-01 One of Smithsonian Magazine's Ten Best Science Books of 2024 A Science News Favorite Book of 2024 A gripping account of the city killer asteroids that could threaten Earth and the race to build a planetary defense system There are approximately 25 000 city killer asteroids in near Earth orbit and most are yet to be found Small enough to evade detection they are capable of large scale destruction and represent our greatest cosmic threat But in September 2022 against all odds NASA's Double Asteroid Redirection Test DART mission deliberately crashed a spacecraft into a carefully selected city killer altering the asteroid's orbit and proving that we stand a chance against them In *How to Kill an Asteroid* award winning science journalist Robin George Andrews who was at DART mission control when it happened reveals the development of the technology that made it possible from spotting elusive asteroids and comets to figuring out their geologic defenses and orchestrating a deflection campaign In a propulsive narrative that reads like a sci fi thriller Andrews tells the story of the planetary defense movement and introduces the international team of scientists and engineers now working to protect Earth

Golden Girl Henry Melton, 2009-09 Debra Barr was barely awake when she found herself thrust into a pivotal role in the future of the human race Hey she wanted to be more than just a small town girl but this was ridiculous Plucked out of her bedroom in small town Oquawka Illinois to a future Earth destroyed and poisoned by a major asteroid impact future scientists explained how she could walk a few steps differently and save the planet But everything they told her was wrong Instead of returning home she appeared two hundred years in the past and it was up to her to discover the rules of time travel without killing herself or anyone else in the process Bouncing through time in her nightgown one thing seemed certain any choice she made meant life or death for everyone she knew And the more she learned the more she suspected that everyone was lying to her

Small Towns Big Ideas is a series that appeals to ages 12 and up Starting in the here and now these tales follow the trials of high school aged heroes that take that extra step into the fantastic when something unexpected drops into their lives Many of the classic science fiction ideas like teleportation alien contact and time travel are explored in a way totally accessible to many readers who don't read that kind of stuff as well as being an exciting adventure for those who do
