Birdless Summer China Autobiography History:

Birdless Summer Suyin Han, 1968 The events of Chinese history between 1938 and 1948 are reconstructed in this 3rd volume of Han Suyin's autobiography **Birdless Summer** Suyin Han (pseud.), 1972 *Birdless Summer*, 1976

Birdless Summer Suyin Han (pseud.), 1976 **Birdless Summer** Elizabeth Comber, 1968 **Birdless Summer** Han Suyin, 1968-10 **Critical Han Studies** Thomas Mullaney, James Patrick Leibold, Stéphane Gros, Eric Armand Vanden Bussche, 2012-02-15 Constituting over ninety percent of China's population Han is not only the largest ethnonational group in that country but also one of the largest categories of human identity in world history In this pathbreaking volume a multidisciplinary group of scholars examine this ambiguous identity one that shares features with but cannot be subsumed under existing notions of ethnicity culture race nationality and civilization **Hong Kong in the Cold War** Priscilla Roberts, John M. Carroll, 2016-08-01 The Cold War was a distinct and crucial period in Hong Kong's evolution and in its relations with China and the rest of the world Hong Kong was a window through which the West could monitor what was happening in China and an outlet that China could use to keep in touch with the outside world Exploring the many complexities of Cold War politics from a global and interdisciplinary perspective Hong Kong in the Cold War shows how Hong Kong attained and honed a pragmatic tradition that bridged the abyss between such opposite ideas as capitalism and communism thus maintaining a compromise between China and the rest of the world The chapters are written by nine leading international scholars and address issues of diplomacy and politics finance and economics intelligence and propaganda refugees and humanitarianism tourism and popular culture and their lasting impact on Hong Kong Far from simply describing a historical period these essays show that Hong Kong's unique Cold War experience may provide a viable blueprint for modern day China to develop a similar model of good governance and may in fact hold the key to the successful implementation of the One Country Two Systems idea This is a timely collection of essays on the role of Hong Kong in a global context and its multifaceted relationship with mainland China It is emerging at a particularly appropriate moment when the local community has been provoked to reflect on its common fate under the notion of one country two systems Ray Yep City University of Hong Kong Hong Kong the Berlin of the East was transformed by the Cold War an existential conflict between capitalism and communism Consequently this fine volume is a must read for political cultural and economic historians of Hong Kong International historians should also add this collection of essays and cutting edge empirical studies to their reading lists it will enrich their understandings of the Global Cold War David Clayton University of York **World Communism, 1964-1969, a Selected Bibliography** United States. Congress. Senate. Committee on the Judiciary, 1971 **Legacies of Childhood** Jon L. Saari, 2020-03-17 Jon L Saari defines the generation of educated Chinese born around the turn of the twentieth century as the last to have the world of Confucian learning etched into their memories as schoolboys yet the first as a group to confront the intrusive Western world The legacies of growing up in a changing environment deeply

affected this generation's responses to the further changes in the world they confronted as adults. In the collapse of the Qing dynasty and the chaos of the early twentieth century, traditional ideas of the self, the nature of relationships in society, and ethical behavior had to be reexamined and redefined. To reconstruct what those who lived through and shaped this extraordinary period felt needed thought and became as children and adults. Saari draws on autobiographical writings and his own interviews among the elderly on Taiwan and Hong Kong. He interprets this material within its Chinese context but brings Western sociological, anthropological, and psychological insights to bear on it. *Birdless summer* Suyin Han (pseud.), 1982

Global Hakka Jessieca Leo, 2015-08-25. In *Global Hakka*. Hakka Identity in the Remaking. Jessieca Leo offers a needed update on Hakka history and a reassessment of Hakka identity in the global and transnational contexts. Leo gives fresh insights into concepts such as ethnicity, identity, Han-Chineseness, overseas Chinese, and migration in relation to Hakka identity. Globalization, transnationalism, deterritorialization, and migration drive the rapid transformation and reformation of Hakka identity to the point of no return. Dehakalization through cultural adaptation or genetic transfer has created an elastic identity in the global Hakka, and different kinds of Hakka communities around the world. Jessieca Leo convincingly shows that the concept of being Hakka in the twenty-first century is better referred to as Hakkaness, a quality determined by lifestyle and personal choices. Among the Chinese, tradition long resisted the idea of migration. In practice, however, there were many layers of adaptation to different circumstances. The Hakka have been exceptional in having always been conscious of their migratory successes. This book explores with great sensitivity how Hakka history outside China influences the way they respond to the new global environment. Combining careful scholarship with self-discovery, Jessieca Leo captures the processes by which one group of Chinese became migrants who consider migration as normal. Her fascinating and original work takes the study of the Hakka to a higher level and offers fresh insights for understanding how other migratory Chinese are transforming tradition today. Bamboo Shoots After the Rain Ann C. Carver, Sung-Sheng Yvonne Chang, 1993-01-01. A short story collection hailed as a welcome and valuable addition to our growing knowledge about the inner lives and literary talents of Chinese women. Amy Ling, author of *Between Worlds*. Women Writers of Chinese Ancestry. This remarkable anthology introduces the short fiction of fourteen writers, major figures in the literary movements of three generations who represent a range of class, ethnic, and political perspectives. It is filled with unexpected gems such as Lin Hai-yin's story of a woman suffering under the feudal system of Old China and Chiang Hsiao-yun's optimistic solutions to problems of the elderly in rapidly changing 1980s Taiwan. And in between, a dozen rich stories of aristocrats, comrades, wives, concubines, children, mothers, sexuality, female initiation, rape, and the tensions between traditional and modern life. This is not western feminism with an Asian accent, says *Bloomsbury Review*, but a description of one culture's reality. The woman protagonists survive both despite and because of their existence in a changing Taiwan.

Eurasian Emma Teng, 2013-07-13. In the second half of

the nineteenth century global labor migration trade and overseas study brought China and the United States into close contact leading to new cross cultural encounters that brought mixed race families into being Yet the stories of these families remain largely unknown How did interracial families negotiate their identities within these societies when mixed race marriage was taboo and Eurasian often a derisive term In *Eurasian Emma* Jinhua Teng compares Chinese Western mixed race families in the United States China and Hong Kong examining both the range of ideas that shaped the formation of Eurasian identities in these diverse contexts and the claims set forth by individual Eurasians concerning their own identities Teng argues that Eurasians were not universally marginalized during this era as is often asserted Rather Eurasians often found themselves facing contradictions between exclusionary and inclusive ideologies of race and nationality and between overt racism and more subtle forms of prejudice that were counterbalanced by partial acceptance and privilege By tracing the stories of mixed and transnational families during an earlier era of globalization *Eurasian* also demonstrates to students faculty scholars and researchers how changes in interracial ideology have allowed the descendants of some of these families to reclaim their dual heritage with pride

Race War! Gerald Horne, 2005-11-01 Japan's lightning march across Asia during World War II was swift and brutal Nation after nation fell to Japanese soldiers How were the Japanese able to justify their occupation of so many Asian nations And how did they find supporters in countries they subdued and exploited *Race War* delves into submerged and forgotten history to reveal how European racism and colonialism were deftly exploited by the Japanese to create allies among formerly colonized people of color Through interviews and original archival research on five continents Gerald Horne shows how race played a key and

hitherto ignored role in each phase of the war During the conflict the Japanese turned white racism on its head portraying the war as a defense against white domination in the Pacific We learn about the reverse racial hierarchy practiced by the Japanese internment camps in which whites were placed at the bottom of the totem pole under the supervision of Chinese Korean and Indian guards an embarrassing example of racial payback that was downplayed by the defeated Japanese and the humiliated Europeans and Euro Americans Focusing on the microcosmic example of Hong Kong but ranging from colonial India to New Zealand and the shores of the U S Gerald Horne radically retells the story of the war From racist U S propaganda to Black Nationalist open support of Imperial Japan information about the effect of race on U S and British policy is revealed for the first time This revisionist account of the war draws connections between General Tojo Malaysian freedom fighters and Elijah Muhammed of the Nation of Islam and shows how white racism encouraged and enabled Japanese imperialism In sum Horne demonstrates that the retreat of white supremacy was not only driven by the impact of the Cold War and the energized militancy of Africans and African Americans but by the impact of the Pacific War as well as a chastened U S and U K moved vigorously after this conflict to remove the conditions that made Japan s success possible
