Birds Without A Nest A Novel:

Birds without a Nest: A Novel Clorinda Matto de Turner, 2010-07-05 I love the native race with a tender love and so I have observed its customs closely enchanted by their simplicity and as well the abjection into which this race is plunged by small town despots who while their names may change never fail to live up to the epithet of tyrants They are no other than in general the priests governors caciques and mayors So wrote Clorinda Matto de Turner in *Aves sin nido* the first major Spanish American novel to protest the plight of native peoples First published in 1889 *Birds without a Nest* drew fiery protests for its unsparing expose of small town officials judicial authorities and priests who oppressed the native peoples of Peru Matto de Turner was excommunicated by the Catholic Church and burned in effigy Yet her novel was strongly influential indeed Peruvian President Andres Avelino Caceres credited it with stimulating him to pursue needed reforms In 1904 the novel was published in a bowdlerized English translation with a modified ending This edition restores the original ending and the translator's omissions It will be important reading for all students of the indigenous cultures of South America

Au Naturel Lara Anderson,J. P. Spicer-Escalante,2010-03-08 Literary naturalism within the Hispanic context has traditionally been read as a graphic realist school or movement linked predominantly to late nineteenth century literary production The essays in *Au Naturel* Re Reading Hispanic Naturalism written by scholars from different generations nationalities and ideological backgrounds propose a major revisionist contribution to the study of Hispanic naturalism Based on a theoretical proposal that re semanticizes naturalismo as a diachronic counter metanarrative phenomenon that transcends the chronological and geographic limitations imposed by traditional criticism on naturalism the collection provides new readings of traditional

naturalist fare as well as re readings of works that have not been read within the bounds of conventional criticism as naturalist Re read within the proposed theoretical framework its essays demonstrate the countless ways in which Hispanic naturalist texts literary and more recently filmic continue to frankly engage the societal problematics that has impeded true social political economic and cultural progress from taking place in the Hispanic world from the turbulent fin de si cle period of the nineteenth century through the present day globalized context Au Naturel Re Reading Hispanic Naturalism is thus also an open invitation to the scholarly community to re consider other socio critical works within the Hispanic naturalist context that observe and reflection upon social issues that continue to plague Hispanic society today **Mathilda - Mary.
