Childbirth and Authoritative Knowledge Robbie E. Davis-Floyd, Carolyn Fishel Sargent, 2023-04-28 This benchmark collection of cross cultural essays on reproduction and childbirth extends and enriches the work of Brigitte Jordan who helped generate and define the field of the anthropology of birth The authors focus on authoritative knowledge the knowledge that counts on the basis of which decisions are made and actions taken highlights the vast differences between birthing systems that give authority of knowing to women and their

communities and those that invest it in experts and machines Childbirth and Authoritative Knowledge offers first hand ethnographic research conducted by anthropologists in sixteen different societies and cultures and includes the interdisciplinary perspectives of a social psychologist a sociologist an epidemiologist a staff member of the World Health Organization and a community midwife Exciting directions for further research as well as pressing needs for policy guidance emerge from these illuminating explorations of authoritative knowledge about birth This book is certain to follow Jordan's Birth in Four Cultures as the definitive volume in a rapidly expanding field This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1999 This benchmark collection of cross cultural essays on reproduction and childbirth extends and enriches the work of Brigitte Jordan who helped generate and define the field of the anthropology of birth The authors focus on authoritative knowledge the known *Women's Bodies* Edward Shorter, 2017-07-05 What has been the source of women's oppression by men Shorter argues that women were victimized by their own bodies Exploring five centuries of medical records and folklore from Europe and the US he shows how pregnancy childbirth and gynecological disease have kept women in positions of social

Britain's Population Stephen Jackson, 1998 Britain's Population addresses issues relating to the demographic characteristics of British society Many of the contemporary features of the population relate to changes in the past particularly the ups and downs in attitudes to marriage and family formation The history of these trends is considered including the baby boom of the 1960s when three million children were added to the population within the space of ten years Jackson argues that the impact of this bulge generation can still be identified and will become of increasing importance when the generation reaches retirement age Current trends in fertility are influenced by the changing structure of the labour market and by the delay in marriage and child bearing to later life The 1990s has been the era of the double income no kids yet partners and the thirty something mother In this book Stephen Jackson highlights how the plight of single mothers the problem of funding pensioners and the future of the welfare state all depend on demographic trends in society *Normative Motherhood*: Andrea O'Reilly, 2023-03-23 A central aim of motherhood studies is to examine and theorize normative motherhood Where does it come from What are its defining features and demands How does it work as a regulatory discourse and practice across differences of age class race ability sexuality and region What is the impact of normative motherhood on women's lives What does an intersectional analysis of normative motherhood reveal How is normative motherhood reflected and enacted in public policy workplace practices family arrangements and so on How is normative motherhood represented and resisted in literature art photography and film How do or may women resist normative motherhood This collection explores these questions of normative motherhood under three interrelated topics Regulations

Representations and Reclamations *Gentle Birth Choices* Barbara Harper, 2005-08-09 Birth as every woman would like it to be Recommended by Lamaze International as one of the top ten books for pregnant women and their families Includes a 45 minute DVD of six live gentle births More than 32 000 copies sold of the original edition New parents are faced with a myriad of choices about pregnancy labor and birth In *Gentle Birth Choices* Barbara Harper renowned childbirth advocate nurse former midwife and mother of three helps to clarify these choices and shows how to plan a meaningful family centered birth experience She dispels medical myths and reimagines birth without fear pain or violence Harper explains the numerous gentle birth choices available including giving birth in an independent birth center at home or in a hospital birthing room finding a primary caregiver who shares your philosophy of birth and deciding how to best use current technologies She also provides practical advice for couples wishing to explore the option of using a doula or water during labor and birth to avoid the unwanted effects of drugs and epidurals The *Gentle Birth Choices* DVD blends interviews with midwives and physicians and six actual births that illustrate the options of water birth home birth and vaginal birth after a prior Cesarean section The DVD clearly reveals the strength of women during childbirth and the healthy and happy outcome of women exercising gentle birth choices It is a powerful instructional tool not only for expectant parents but also for midwives hospitals birth centers and doctors

Research on the Fetus: Appendix United States. National Commission for the Protection of Human Subjects of Biomedical and Behavioral Research, 1975 **Epigenetics** Joel D. Wallach, Ma Lan, Gerhard N. Schrauzer, 2014-05 WHAT IS EPIGENETICS Epigenetics is an emerging field of science that studies alterations in gene expression caused by factors other than changes in the DNA sequence Epigenetics The Death of the Genetic Theory of

Disease Transmission is the result of decades of research and its findings that could be as critical to our understanding of human health as Pasteur's research in bacteriology Dr Joel Doc Wallach has dedicated his life work to identifying connections between certain nutritional deficiencies and a range of maladies formerly thought to be hereditary including Cystic Fibrosis and Muscular Dystrophy This nexus between nutrition and so called genetic disease has been observed in both humans and primates and it is the central theme of Epigenetics To bring us Epigenetics Wallach has teamed with noted scholars Dr Ma Lan and Dr Gerhard N Schrauzer Their collective expertise gives this book its far reaching perspective Epigenetics is of vital importance to anyone who wants real knowledge about how the human body functions and it provides a path for better health Epigenetics dispels the dogma and misinformation propagated by medical institutions and doctors resistant to change Epigenetics is the beginning of a new era of well being on this planet *Women, Birth, and Death in Jewish Law and Practice* Rochelle L. Millen, 2004 A sensitive exploration of the development of pivotal life cycle rituals as they touch Jewish women's lives **Childhood** Courtney L. Meehan, Alyssa N. Crittenden, 2016-05-01 This collection is the first to specifically address our current understanding of the evolution of human childhood which in turn significantly affects our interpretations of the evolution of family formation social organization cultural transmission cognition ontogeny and the physical and socioemotional needs of children Moreover the importance of studying the evolution of childhood has begun to extend beyond academic modeling and into real world applications for maternal and child health and well being in contemporary populations around the world Combined the chapters show that what we call childhood is culturally variable yet biologically based and has been critical to the evolutionary success of our species the significance of integrating childhood into models of human life history and evolution cannot be overstated This volume further demonstrates the benefits of interdisciplinary investigation and is sure to spur further interest in the field **The Mama Natural Week-by-Week Guide to Pregnancy and Childbirth** Genevieve Howland, 2017-04-25 With more than 1.3 million video views each month and over fifty two million total views on her YouTube channel Howland's aka Mama Natural funny but informational videos have empowered millions of women to embrace natural pregnancy and parenting Now Howland is turning to the page offering up the first week by week natural pregnancy book for soon to be moms For the last half century control over childbirth has been in favor of doctors Many pregnancy guidebooks are conventional fear based and written by male physicians deeply entrenched in the old school medical model of birth But change is underway A groundswell of women are taking back their pregnancy and childbirth and embracing a natural way Genevieve Howland the woman behind the enormously popular Mama Natural blog and YouTube channel has created an inspiring fun and informative guide that demystifies natural pregnancy and walks mom through the process one week at a time The Mama Natural's Week by Week Guide to Pregnancy and Childbirth is the modern and yet ancient approach to pregnancy and childbirth Natural recognizes that pregnancy and birth are normal and that having a baby is a wondrous biological process and rite of passage not a medical condition This book draws upon the latest

research showing how beneficial and life changing natural birth is for both babies and moms Full of weekly advice and tips for a healthy pregnancy Howland details vital nutrition to take natural remedies for common and troublesome symptoms as well as the appropriate and inappropriate use of interventions Peppered throughout are positive birth and pregnancy stories from women of all backgrounds and all stages of their natural journey along with advice and insights from a Certified Nurse Midwife CNM plus a Registered Nurse RN doula and lactation consultant Encouraging well researched and fun The Mama Natural s Week by Week Guide to Pregnancy and Childbirth will be an essential companion for women everywhere to embrace natural pregnancy and reap all the benefits for both baby and mama **Research on the Fetus** United States.
