having two is much better than having one Many times we see God move and speak in numbers When the Lord shows His great faithfulness He does above and beyond what we can imagine ask or think This is what I call the double In the book of Joel He promised to pour out the former and latter rain Isaac reaped and sowed twice in the same year There are many examples of the double blessing in the word of God As you read this book allow yourself to begin to stretch your faith to believe for what would seem impossible to you but ALL things are possible with God He is such a patient loving Father who teaches us about Himself through everyday life experiences But for those who can believe Him for more He will show Himself able time and time again to be faithful There are many times He allows us to be stretched so our faith can grow and in turn trust Him for greater things in the future Never forget that His word will never return void to Him it always accomplishes what He has sent it to do So be bold and step out in faith and watch what the Lord will do in your life We see in the Old Testament how Elisha asked for a double portion of what Elijah had When he did the prophet told him you have asked for a hard thing yet if you see me when I am taken it will be yours We have a new and better covenant because of the blood of Jesus So dare to ask God who loves to give good gifts to His children Let today be the day you begin your journey to the double

Born too soon: decade of action on preterm birth World Health Organization, 2023-05-09 Every year 1 in 10 babies are born too soon Preterm birth is the leading cause of under 5 child deaths and accounts for over one third of all newborn deaths A preterm baby's chances of survival are starkly different based on where they are born newborns in sub Saharan Africa and Southern Asia are 10 times more likely to die in their first month than newborns in high income countries In 2012 an impressive global coalition of partners launched Born Too Soon The Global Action Report on Preterm Birth setting a pathway for intensified advocacy and action on maternal and newborn health Today there is much progress to celebrate especially in the care of preterm babies However rates of preterm birth have barely shifted and the burden of preterm birth remains huge impacting babies families communities and whole societies through a staggering loss of human capital At this juncture 10 years since the original report partners from over 60 organizations and 40 countries have come together again to develop Born Too Soon A Decade of Change for Preterm Birth This report looks back at the progress and challenges of the past decade and grapples with contemporary challenges such as conflict climate change COVID 19 and the cost of living crisis Born Too Soon elevates the voices of survivors and affected families and puts a strong emphasis on upholding their rights and providing respectful and family centered care The report identifies priority investments and solutions needed at scale to accelerate action country examples demonstrate that progress is possible

**Matters of Choice** Iris Ofelia López, 2008 In *Matters of Choice* Iris Lopez presents a comprehensive analysis of the dichotomous views that have portrayed sterilization either as part of a coercive program of population control or as a means of voluntary even liberating fertility control by individual women Drawing upon her twenty five years of research on sterilized Puerto Rican women from five different families in Brooklyn Lopez untangles the interplay between how women make fertility decisions and their social

economic cultural and historical constraints Weaving together the voices of these women she covers the history of sterilization and eugenics societal pressures to have fewer children a lack of adequate health care patterns of gender inequality and misinformation provided by doctors and family members      *Boston Medical and Surgical Journal* ,1888
