Birthright In Land An Essay On The Right Of Property In Land:

Birthright in Land William Ogilvie,1970 **An Anthology of Single Land Tax Thought** Kenneth C. Wenzer,1997 An understanding of the Single Land Tax or the single tax on land value as it is usually known and of Henry George go hand in hand for this was a major tenet of his political economy This final volume in the Henry George Centennial Trilogy comprises selections from the works of distinguished scholars both past and present on the single land tax and its relation to Georgist philosophy Drawing upon principles of land economics they offer detailed and diverse insights into the concept of a single tax based on land value and the practical uses of land value taxation in industrialised economies as an effective and equitable way to redistribute wealth John Locke and the Origins of Private Property Matthew H. Kramer,2004-01-29 John Locke s labor theory of property is one of the seminal ideas of political philosophy and served to establish its author s reputation as one of the leading social and political thinkers of all time Through it Locke addressed many of his most pressing concerns and earned a reputation as an outstanding spokesman for political individualism a reputation that lingers widely despite some partial challenges that have been raised in recent years In this major new study Matthew Kramer offers an extensive critique of the labor theory and investigates the consequences of its downfall With incisive analyses of the merits and failings of many aspects of Locke s political thought Kramer advances a powerful challenge to Locke s image as an individualist Employing a rigorously philosophical methodology but remaining aware of the insights generated by historical approaches to Locke Kramer concludes that Locke s political vision was in fact profoundly communitarian **Sans-Culottes** Michael Sonenscher,2018-06-12 This is a bold new history of the sans culottes and the part they played in the French Revolution It tells for the first time the real story of the name now usually associated with urban violence and popular politics during the revolutionary period By doing so it also shows how the politics and economics of the revolution can be combined to form a genuinely historical narrative of its content and course To explain how an early eighteenth century salon society joke about breeches and urbanity was transformed into a republican emblem Sans Culottes examines contemporary debates about Ciceronian Cynic and Cartesian moral philosophy as well as subjects ranging from music and the origins of government to property and the nature of the human soul By piecing together this now forgotten story Michael Sonenscher opens up new perspectives on the Enlightenment eighteenth century moral and political philosophy the thought of Jean Jacques Rousseau and the political history of the French Revolution itself *A List of Books on Social Reform in the Public Library of the City of Boston* Boston Public Library,1898 Who Made the Scottish Enlightenment? Colin Russell,2014-10-29 The Scottish Enlightenment is often portrayed as elitist and Edinburgh based with no universally agreed beginning or end Additionally the Philosophers and scholars the great Scottish Enlightenment figures sometimes obscure significant contributions from other disciplines so that the achievements of a wider conception of the Scottish Enlightenment are not universally known Sir Walter Scott also recognised that his nation the peculiar features of whose manners and character are daily melting and

dissolving into that of her sister and ally had an identity crisis Both issues are addressed in this enquiry which seeks to highlight the scale and breadth of the Scottish Enlightenment whilst posing the question as to how Scottish identity can be preserved

The Reception of Locke's Politics Vol 6 Mark Goldie, 2024-10-28 Locke has iconic status as the founder of Western liberalism yet his legacy is contested by both conservatives and social democrats These volumes contain over 60 important texts with scholarly annotation and explanatory headnotes that debate Locke's political ideas Publications: Aberdeen University and King's College.
