Bitter Legacy Ideology And Politics In The Arab World

John Malloy Owen

Bitter Legacy Ideology And Politics In The Arab World:

Bitter Legacy Paul Salem, 1994-10-01 Ideology has been described as the single most powerful driving force in modern Arab politics In this analysis Salem examines the rise and fall of the main ideological currents in the Arab world and their effect on the region's politics Using an engaging multidisciplinary approach he analyzes the root psychological political and economic causes of ideological politics and studies the intellectual content of the principal movements from Arab nationalist to Islamic fundamentalism Marxism and various regional nationalisms The picture he paints is of a political culture thirsty for grand illusions and millennial promises but all too conscious of its disarray Indeed the empty husks of collapsed ideological movements are part and parcel of this region's all too bitter legacy Bitter Legacy's fluid style and wide scope recommend it to all those interested in gaining deeper insights into the Middle East Islamic movements in the Arab world He uses a multidisciplinary approach and a breadth of theoretical work from the fields of sociology social psychology and political science He also draws on primary Arabic sources examining the main works of Sati al Husri Michel Aflaq Sayyid Qutb and Antoun Saadeh *The Oxford Handbook of the Sociology of the Middle East* Armando Salvatore, Sārī Ḥanafī, Kieko Obuse, 2022 The Oxford Handbook of the Sociology of the Middle East integrates the study of the social dynamics in the Middle East within history culture and politics The volume transcends a purely regional perspective to investigate the global nature of these dynamics and their impact on the life of people in the region It provides a comprehensive perspective in connecting the vexed state society relations in the region with movements of transformation and the affirmation of rights and creativity in the public arenas **The Arabic Novel** Roger Allen, 1995-01-01 This edition includes new material on the Arabic novel up to 1993 It is a survey of the Arabic novel and its development from its beginnings in the 19th century until today It traces the origin early cultivation and the mature period after World War II of the Arabic novel *Arab Nationalism in the Twentieth Century* Adeed Dawisha, 2016-02-16 Like a great dynasty that falls to ruin and is eventually remembered more for its faults than its feats Arab nationalism is remembered mostly for its humiliating rout in the 1967 Six Day War for inter Arab divisions and for words and actions distinguished by their meagerness But people tend to forget the majesty that Arab nationalism once was In this elegantly narrated and richly documented book Adeed Dawisha brings this majesty to life through a sweeping historical account of its dramatic rise and fall Dawisha argues that Arab nationalism which he says was inspired by nineteenth century German Romantic nationalism really took root after World War I and not in the nineteenth century as many believe and that it blossomed only in the 1950s and 1960s under the charismatic leadership of Egypt's Gamal Abd al Nasir He traces the ideology's passage from the collapse of the Ottoman Empire through its triumphant ascendancy in the late 1950s with the unity of Egypt and Syria and with the nationalist revolution of Iraq to the mortal blow it received in the 1967 Arab defeat by Israel and its eventual eclipse Dawisha criticizes the common failure to distinguish between the broader cultural phenomenon of Arabism and the political secular desire for a united Arab state that defined

Arab nationalism In recent decades competitive ideologies not least Islamic militancy have inexorably supplanted the latter he contends Dawisha who grew up in Iraq during the heyday of Arab nationalism infuses his work with rare personal insight and extraordinary historical breadth In addition to Western sources he draws on an unprecedented wealth of Arab political memoirs and studies to tell the fascinating story of one of the most colorful and significant periods of the contemporary Arab world In doing so he also gives us the means to more fully understand trends in the region today Complete with a hard hitting new and expanded section that surveys recent nationalism and events in the Middle East Arab Nationalism in the Twentieth Century tells the fascinating story of one of the most colorful and significant periods in twentieth century Middle Eastern history **Arabic Thought Against the Authoritarian Age** Jens Hanssen,Max Weiss,2018-02-15 Cutting edge scholarship on post war Arab intellectual history that challenges conventional thinking about authoritarianism religion and revolution in the modern Middle East **The International Politics of the Persian Gulf** Arshin

Adib-Moghaddam,2006-09-27 Adib Moghaddam examines the causes and consequences of conflict in one of the most important regions of the world Bridging the gap between critical theories of international relations and the empirical study of the Gulf area this book expands on the many ideologies cultural inventions and ideational constructs that have affected relations in the past three decades Key issues explored include the rise and fall of Arab and Persian nationalism the international repercussions of the Islamic revolution in Iran the events surrounding the three Gulf Wars the mindset of terrorist networks such as al Qaeda why US neo conservatism is threatening regional order Provocatively written persuasively researched and conclusively argued The International Politics of the Persian Gulf presents the first comprehensive analysis of international relations in the Gulf from an explicitly multidisciplinary perspective **Fascism, and the Doctrine of National Socialism** H.R. Morgan,2015-12-16 What this all adds up to is the re establishment of freedom Freedom to be ourselves to have the right to our feelings to have the right to our own thoughts to have the right to free speech whatever it is that we have to say and to say it whenever and wherever we find ourselves To have the right to see the truth in all things as we are able to perceive it To deliberately recognize the reality that surrounds us as we engage in the continual struggle for genuineness Keeping it real is good for all people without this faculty fantasy and prevarication takes over Our culture is our social environment We need to have the power and the will to protect it It is the womb of our civilization Our innately personal ideals as well as our interpersonal social norms mores and colloquialisations our national integrity is being cancelled out by the corrupt regime in Congress and the Federal courts We all have the right to live within the society and culture we were born into at the very least the right to our own individuality to our own opinions and to express our love of who and what we are Unfortunately the current phase that the Federal government has lapsed into is one of denying all of these rights to the degree that the Bill of Rights is superseded Citizenship has become superfluous It is time to get radical It is past time for citizens to revolt Otherwise this will soon become no different than any other oppressed

country with the federal tyranny of the D C Treason Regime HRM **Twenty Years of Islamic Revolution** Eric Hooglund,2002-05-01 The works gathered here are based on recent intensive fieldwork in Iran by leading scholars of Iranian culture The contributors cover a multitude of important topics such as civil society foreign relations Islamism religious secular debates and women s issues These essays challenge stereotypes that have developed about modern day Iran and will stimulate debate and discussion among scholars and students of the Middle East **Crossing Borders** Judith Caesar,1999-08-01 In the five years that Judith Caesar taught literature in Saudi Arabia and Egypt during the 1980s key events took place that changed the face of Middle Eastern politics Seen through the eyes of many Westerners the assassination of Anwar Sadat the Israeli invasion of Lebanon and the Intifada were incidents reflective of a seemingly volatile and aggressive culture But Caesar saw these events from another perspective Part memoir and part travelogue Crossing Borders conveys simply and eloquently the voices of the people and the cultures Caesar came to know during her time in the Arab world Some of her writings in this book have first appeared in publications such as the Christian Science Monitor In the tradition of the best writings on foreign places Caesar s narrative is both an inward as well as an outward journey of discovery In addition to the political reverberations taking place around her she writes of the misconceptions generated by both the Saudi and the American press In All the News That s Fit to Print Caesar notes wildly disparate interpretations of news stories when they are translated from one language to another Caesar also demonstrates an openness in discovering the meaning inherent in the simplest daily tasks She focuses on what is politically significant in what people do every day such as drinking tea shopping and teaching Crossing Borders will appeal to people interested in a non dogmatic description of the Middle East and to those who love good travel writing When Politics Are Sacralized Nadim N. Rouhana,Nadera Shalhoub-Kevorkian,2021-05-27 This book provides a comparative interdisciplinary analysis of the invocation and interaction of religious and national assertions in sacralizing local and global politics **Women in Muslim Family Law** John L. Esposito,2001-09-01 This second edition of John L Esposito s landmark book expands and updates coverage of family law reforms in marriage divorce and inheritance throughout the Middle East North Africa and South and Southeast Asia and analyzes the diverse interpretation of Muslim family law identifying shifts key problems and challenges in the twenty first century The Future of Think Tanks and Policy Advice in the United States James McGann,2021-01-15 At a moment when both think tanks and experts are being questioned significant policy and technology disruptions have called into question the value and efficacy of policy advice Within that context Dr McGann launched this book to examine the future of think tanks and policy advice around the world with a series of authoritative reflections written by the presidents of some of the leading think tanks in the United States The book explores the challenges think tanks face today in an information rich and highly competitive operating environment that includes the impact of technology big data and artificial intelligence competition from advocacy groups and public relations firms increased polarization of politics and major changes in how think tanks are

funded **NATO and the Middle East** Mohammed Moustafa Orfy, 2010-10-04 This book examines the role of NATO in the Middle East It reviews the strategic importance of the region and why it has become a source of instability looks at US and international initiatives to counteract this instability and charts the development of NATO in this context **Imagining the Middle East** Matthew F. Jacobs, 2011-09-12 As its interests have become deeply tied to the Middle East the United States has long sought to develop a usable understanding of the people politics and cultures of the region In *Imagining the Middle East* Matthew Jacobs illuminates how Americans ideas and perspectives about the region have shaped justified and sustained U S cultural economic military and political involvement there Jacobs examines the ways in which an informal network of academic business government and media specialists interpreted and shared their perceptions of the Middle East from the end of World War I through the late 1960s During that period Jacobs argues members of this network imagined the Middle East as a region defined by certain common characteristics religion mass politics underdevelopment and an escalating Arab Israeli Palestinian conflict and as a place that might be transformed through U S involvement Thus the ways in which specialists and policymakers imagined the Middle East of the past or present came to justify policies designed to create an imagined Middle East of the future Jacobs demonstrates that an analysis of the intellectual roots of current politics and foreign policy is critical to comprehending the styles of U S engagement with the Middle East in a post 9 11 world

Routledge Handbook on the Modern Maghrib George Joffé, 2023-11-20 This comprehensive Routledge Handbook on the Modern Maghrib introduces and analyses the region in its full complexity focussing on the countries of Morocco Tunisia Algeria and Libya as well as the regions of the northern and western Sahara In addition to country studies that provide historical and geopolitical background a series of thematic explorations engage with a range of social linguistic cultural and economic aspects providing a rich mosaic of current scholarship on the region Addressing important debates such as the volatile international relations among constituent states the role of women in society and the environmental impact of climate change the book considers natural resources music media and language and revisits the history of borders and social tribal structures What emerges is not only a variegated picture of the Maghrib as a complex and rapidly changing region but one marked by stark contrasts and divergences among its constituent states based on their Ottoman and colonial experiences their relationships with their Saharan and Mediterranean neighbours and their own political trajectories This Handbook fills an important gap in knowledge on a region increasingly significant in European and American affairs and will appeal to anyone interested in the history economies and societies of North Africa *The Decline of Arab Unity* Elie Podeh, 2015-01-01 Analyses the political and socio economic processes that led to the rise and fall of the UAR as well as the ramifications of this episode on the Arab world This book tells the story of this important yet neglected episode in Arab history It is based on the archiveal material located in the US Britain Canada Israel and sources in Arabic **Confronting Political Islam** John Malloy Owen, 2016-09-06 Owen is generous rational and balanced H e is astute enough to understand the vast real world

differences that block the resolution of conflict Publishers Weekly

Political Succession in the Arab World Anthony Billingsley, 2009-12-16 Political succession is a key issue in the contemporary Middle East In this new study the author examines the process and shows how respect for those in authority and tribal codes of loyalty have been far more influential in maintaining regimes than security institutions and political repression The Arab world is faced by political turmoil and demands for reform Many of the problems of the region are attributed to the form of leadership that dominates the area leadership that is authoritarian and focused on regime survival rather than political change The book highlights the ways in which family loyalties pervade political economic and social life and how constitutions are being used to consolidate the power of ruling families in republics and monarchies The volume explores the notion that the region's rulers monarchic and republican are inclined to pass their power on to their sons and evaluates the use they make of family and tribal networks to maintain their power The work seeks to demonstrate that despite economic and social problems Arabs value stability and prefer an authoritarian family based regime than government run by Islamist groups Providing new insights into the influences on political succession in the Middle East this work will be of great interests to scholars of Middle East studies history and international relations

Nasser's Gamble Jesse Ferris, 2013 Nasser's Gamble draws on declassified documents from six countries and original material in Arabic German Hebrew and Russian to present a new understanding of Egypt's disastrous five year intervention in Yemen which Egyptian president Gamal Abdel Nasser later referred to as my Vietnam Jesse Ferris argues that Nasser's attempt to export the Egyptian revolution to Yemen played a decisive role in destabilizing Egypt's relations with the Cold War powers tarnishing its image in the Arab world ruining its economy and driving its rulers to instigate the fatal series of missteps that led to war with Israel in 1967 Viewing the Six Day War as an unintended consequence of the Saudi Egyptian struggle over Yemen Ferris demonstrates that the most important Cold War conflict in the Middle East was not the clash between Israel and its neighbors It was the inter Arab struggle between monarchies and republics over power and legitimacy Egypt's defeat in the Arab Cold War set the stage for the rise of Saudi Arabia and political Islam Bold and provocative Nasser's Gamble brings to life a critical phase in the modern history of the Middle East Its compelling analysis of Egypt's fall from power in the 1960s offers new insights into the decline of Arab nationalism exposing the deep historical roots of the Arab Spring of 2011

Reclaiming a Plundered Past Magnus T. Bernhardsson, 2013-08-21 The looting of the Iraqi National Museum in April of 2003 provoked a world outcry at the loss of artifacts regarded as part of humanity's shared cultural patrimony But though the losses were unprecedented in scale the museum looting was hardly the first time that Iraqi heirlooms had been plundered or put to political uses From the beginning of archaeology as a modern science in the nineteenth century Europeans excavated and appropriated Iraqi antiquities as relics of the birth of Western civilization Since Iraq was created in 1921 the modern state has used archaeology to forge a connection to the ancient civilizations of Mesopotamia and or Islamic empires and so build a sense of nationhood among

Iraqis of differing religious traditions and ethnicities This book delves into the ways that archaeology and politics intertwined in Iraq during the British Mandate and the first years of nationhood before World War II Magnus Bernhardsson begins with the work of British archaeologists who conducted extensive excavations in Iraq and sent their finds to the museums of Europe He then traces how Iraqis growing sense of nationhood led them to confront the British over antiquities law and the division of archaeological finds between Iraq and foreign excavators He shows how Iraq s control over its archaeological patrimony was directly tied to the balance of political power and how it increased as power shifted to the Iraqi government Finally he examines how Iraqi leaders including Saddam Hussein have used archaeology and history to legitimize the state and its political actions

Embracing the Beat of Term: An Mental Symphony within **Bitter Legacy Ideology And Politics In The Arab World**

In a world eaten by monitors and the ceaseless chatter of instant conversation, the melodic beauty and emotional symphony developed by the prepared term often fade in to the background, eclipsed by the constant sound and distractions that permeate our lives. Nevertheless, located within the pages of **Bitter Legacy Ideology And Politics In The Arab World** a stunning literary treasure brimming with fresh emotions, lies an immersive symphony waiting to be embraced. Constructed by a masterful musician of language, this charming masterpiece conducts viewers on an emotional journey, well unraveling the concealed tunes and profound impact resonating within each cautiously constructed phrase. Within the depths of the emotional assessment, we can examine the book is key harmonies, analyze their enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
