Bitter Glory:

Militant Anti-Fascism M. Testa, 2015-04-14 Fascism is not a thing of the past In this era of crisis and austerity it is growing even stronger The question is How do we stop it According to M Testa the fight against it must be aggressive and unrelenting Using a mixture of orthodox history eyewitness accounts and unflinching analysis he makes the case for a resolutely militant anti fascism one that gives no quarter and tolerates no excuses Unlike other partisan accounts of contemporary battles against fascism and ultra nationalism *Militant Anti Fascism* takes us from proto fascists in nineteenth century Austria to modern day street fights in London providing a broad context for its arguments and looking at numerous countries over a longer period of time The result is both a serious historical study and a story of victory and struggle past and present designed to inspire and energize militants Lay aside as M Testa does your faith in liberal legislative and state approved approaches to today s fascist threat Start by reading this provocative and unapologetic overview of militant anti fascism and the strategies that have successfully confronted the far right when it has reappeared in its many guises
