Acting White Stuart Buck,2010-05-25 Commentators from Bill Cosby to Barack Obama have observed the phenomenon of black schoolchildren accusing studious classmates of acting white How did this contentious phrase with roots in Jim Crow era racial discord become a part of the schoolyard lexicon and what does it say about the state of racial identity in the American system of education The answer writes Stuart Buck in this frank and thoroughly researched book lies in the complex history of desegregation Although it arose from noble impulses and was to the overall benefit of the nation racial desegregation was often implemented in a way that was devastating to black communities It frequently destroyed black schools reduced the

numbers of black principals who could serve as role models and made school a strange and uncomfortable environment for black children a place many viewed as quintessentially white Drawing on research in education history and sociology as well as articles interviews and personal testimony Buck reveals the unexpected result of desegregation and suggests practical solutions for making racial identification a positive force in the classroom

A Black Theology of Liberation James H. Cone, 2010 With the publication of his two early works *Black Theology Black Power* 1969 and *A Black Theology of Liberation* 1970 James Cone emerged as one of the most creative and provocative theological voices in North America These books which offered a searing indictment of white theology and society introduced a radical reappraisal of the Christian message for our time Combining the visions of Malcolm X and Martin Luther King Jr Cone radically reappraised Christianity from the perspective of the oppressed black community in North America Forty years later his work retains its original power enhanced now by reflections on the evolution of his own thinking and of black theology and on the needs of the present moment
