Ask Any Woman A London Inquiry Into Rape And Sexual Assault:

Confronting the Human Rights Act 1998 Nicolas Kang-Riou, 2012-03-15 This book critically examines the Human Rights Act 1998 HRA and evaluates its impact from a multi disciplinary perspective The book includes both a domestic and international analysis of the effectiveness of the HRA and also considers possible future developments in policy and practise as well as contemplating the potential for a British Bill of Rights The editors have collected pieces from contributors drawn from diverse spheres all of whom are internationally recognised for their impact in the field of human rights law Contributors include members of the bench in the United Kingdom and Australia academics researchers members of NGOs and campaigners as well as people s testimony of lived experiences in relation to the Human Rights Act Valuable contributions from the likes of Costas Douzinas Keith Ewing Helen Fenwick Lady Hale Irene Khan Michael Kirby Francesca Klug Peter Tatchell and others have resulted in a book which draws out the connections between legal framework theory and the actual experience of the protection afforded to groups and individuals by the HRA Confronting the Human Rights Act 1998 will be of particular interest to scholars and students of Law International Studies and Political Science **Modern Love** Marcus

Collins, 2006-06 Private life has altered beyond all recognition during the past one hundred years Britain in 1900 was emerging from a Victorian era in which prudery patriarchal authority and pettifogging rules of etiquette were widely perceived to have circumscribed relations between men and women The twentieth century witnessed a reaction against this system of separate spheres spearheaded by reformers eager that the sexes become each other s equals and intimates Modern Love traces the trajectory of this new model of personal relationships over the course of the twentieth century from its emergence out of the crucible of the suffrage campaign through its reshaping by the women s liberation movement It explores its impact on smut merchants warring couples and teenagers as well as its reception by such diverse figures as Bertrand Russell and Germaine Greer It draws on sources as varied as suffragette propaganda banned sex manuals marriage counseling literature and pin up magazines Marcus Collins teaches modern British history at Emory University

Researching Sexual Violence against Women Martin D. Schwartz, 1997-02-24 As the backlash against feminist research continues unabated this important volume signals no retreat Bringing together the foremost international researchers in the area of violence against women Researching Sexual Violence Against Women offers excellent assessments of the dimensions of date rape particularly on college campuses Reasons why this form of violence against women has provoked such intense responses as well as new methodologies are thoroughly explored Finally the work examines the impact this research has on those who do it and calls for more work on women s victimization and the links between it and other forms of discrimination Meda Chesney Lind Women s Studies Program University of Hawaii Manoa A remarkable introduction to research in the field Researching Sexual Violence Against Women provides cutting edge information on the various studies conducted on North American campuses This compelling book not only provides a strong overview of the

entire field but also simultaneously offers an answer to backlash critics who claim that feminists exaggerate their statistics. Several of the best known researchers describe their own work and that of others to illustrate both large scale and local studies. The contributors also take a compelling look into the emotions of sexual assault research by discussing their own emotional experiences of working with rape research including experiences of harassment by subjects or disrespect by colleagues. In addition, several scholars peruse empirical and epistemological questions and arrive at surprising conclusions on feminist participatory research into lesbian battering, reflexivity in studying prostitutes, the gendered nature of research interviews, and white women studying battered women of color. Including chapters on very hot topics and celebrating feminist research methodology, *Researching Sexual Violence Against Women* speaks to a broad audience including researchers, academics, professionals, and students in the areas of interpersonal violence, social work, sociology, criminology, women's studies, psychology, family studies, and counseling, as well as college administrators and mental health practitioners.

The Trauma of Sexual Assault Jenny Petrak, Barbara Hedge, 2003-07-07. The psycho-social needs of victims of rape and sexual assault are increasingly recognised and there is a need for a critical synthesis of knowledge and practice to support the development of training and best practice in the mental health and sexual health professions. *The Trauma of Sexual Assault* provides an understanding of the theoretical underpinning of the wide range of clinical problems that can follow sexual assault. Focusing on adult victims of sexual assault, this book brings together research findings, theoretical perspectives, and implications for treatment, longer term management, and future policy. The first text to consider the psychological impact of sexual assault on women and men. Incorporates a comprehensive flow through model of psychological and social management from the initial presentation of the assaulted person onwards. A much needed reference accessible to a wide range of professionals. Part of the Wiley Series in Clinical Psychology.

Ask Any Woman Ruth E. Hall, 1985. This is the first major survey on rape and sexual assault in Britain, answers the questions: how much? where? by whom? what must be done? The pain of rape and the cost to women's confidence, freedom, and relationships uncovered in this report are heartbreaking. But every woman will feel less alone as she sees her personal fears and her experience shared by others on a massive scale. While official statistics rely on the few cases reported to the police, the statistics and quotations in this report overturn accepted notions about rape and about what life is really like for women and girls. Back cover.

Handbook on Sexual Violence Jennifer Brown, Sandra Walklate, 2011-10-19. This book situates the complexity of violence within its broader context and covers a wide span of sexual violence including sexual harassment, bullying, and murder, as well as domestic violence.

The Crisis of London Andy Thornley, 2003-09-02. London is in a mess with homelessness, poverty, unemployment, transport problems, and environmental problems. This book looks at what has gone wrong, exploring policy directions that could make the city a more humane and livable place.

Women's Issues in Transportation Susan Herbel, Dana Gaines, 2010. September 27-30, 2009. Irvine, California. Title page.

Talking of Silence Carrie M. H. Herbert, 1989. This book outlines a

research project concerned with the sexual harassment of thirteen girls and the way in which a group of Inner London girls disclosed their experiences of sexual violence as children

The Causes and Cures of Criminality Hans J. Eysenck, Gisli H. Gudjonsson, 2013-03-09 The title that the authors have chosen for this book *The Causes and Cures of Criminality* suggests that it may be just another book speculating on the sociological evils that need to be put right for everything in the garden to be lovely If this is the expectation the reader could not be more mistaken The recurrent theme in fact is a strong accent on psychological experiments Both authors have tackled the theoretical and practical side of crime through an exhaustive literature review of past experimental work Hans J Eysenck has concentrated on the constitutional and biological theory of criminality whereas Gisli Gudjonsson has concerned himself more with a review of ongoing research into therapy and possible prevention of antisocial behavior Part I goes into considerable detail on the causes of criminality stressing much of the strangely neglected area of individual differences in personality Research studies point to a very heavy involvement of heredity in the causation of criminality but the authors are careful to acknowledge that much can be done environmentally to discourage a life of crime once those persons who are at risk have been identified

Anorexic Bodies Morag MacSween, Morag Macsween, 2013-11-26 This book explores the ways in which anorexic women use their eating to control their bodies It argues that the female body in modern Western culture is understood as open and accessible and female appetite as dangerous and voracious Anorexia attempts to resist both these constructions in the creation of a closed desireless body Since anorexic women resist the power of collective ideologies their resistance cannot work the closed body becomes its own prison

The Oxford Handbook of Criminology Rod Morgan, Mike Maguire, Robert Reiner, 2012-04-12 The approach of the year 2000 has made the study of apocalyptic movements trendy But groups anticipating the end of the world will continue to predict Armageddon even after the calendar clicks to triple Os

Female Survivors of Sexual Abuse Christine D. Baker, 2014-01-14 How can we treat survivors of sexual abuse more effectively Sexual abuse against females is a serious problem in society and there is a need for a greater understanding of the presentation and treatment of adult survivors of sexual abuse In *Female Survivors of Sexual Abuse* Christine Baker combines her clinical experience with an innovative approach to the treatment of this problem *Female Survivors of Sexual Abuse* addresses the experience of 180 female adults who were sexually abused in childhood and provides detailed analyses and treatment approaches The subject matter is presented in an accessible and compassionate way imparting personal opinion and experience It covers female survivors their stories and the evidence integration the alliance and the therapist the survivor's journey to recovery the families disclosure and the role of the mother This book enables the reader to enter the experience of the survivors and follow their progress to recovery while highlighting the ever changing state of knowledge in this difficult area It will be invaluable to practitioners and students of clinical psychology counselling and psychiatry

Acts of Abuse Adam Sampson, 2003-05-20 Sexual crime is a topic of massive public concern Yet the debate over its causes and the appropriate

responses of the criminal justice system is often fuelled by ignorance and prejudice with little understanding of the reality of sexual crime Acts of Abuse explores the response of the criminal justice system to this important issue Its author Adam Sampson examines the existing research about the causes of rape and child abuse the number of offences being committed and the policy of the courts He then examines in detail the responses of the probation service and the prison system to the increased number of offenders with which they are being required to deal Written by a prominent critic of the British penal system this is the first comprehensive survey of the phenomenon of sexual crime in the British penal context It will appeal to students and all those with an interest in issues relating to crime and justice

Fear Joanna Bourke,2007-04-09 Fear the word itself conjures the appropriate response With a dark cacophony of associations like fright dread horror panic alarm anxiety and terror fear is universally understood as one of the most basic and powerful of human emotions obtaining a nearly palpable and overwhelming substance in today s world In this groundbreaking book acclaimed historian and prize winning author Joanna Bourke covers the landscape of fear over the past two hundred years From the nineteenth century dread of being buried alive a subject dear to the heart of Edgar Allen Poe to the current worry over being able to die when one chooses from the diagnoses of phobias and anxieties produced by psychotherapists and lovingly catalogued to the role of popular culture and media in inciting panic and dread from the horrors of the nuclear age to the fear of twenty first century terrorism Fear tells the story of anguish in modern times A blend of social and cultural history with psychology philosophy and popular science this astonishing book exhaustively researched and beautifully written offers strikingly original insights into the mind and worldview of the long twentieth century from one of the most brilliant scholars of our time

Rethinking Domestic Violence Audrey Mullender,2002-09-11 This book explodes the myths concerning domestic violence and explores how the responses of social workers and probation officers to the people involved need to be far better coordinated and more effective

Sexual Assault on the College Campus Martin D. Schwartz,Walter S. DeKeseredy,1997-01-02 For many students coeducational college campus life is marred by traumatic experiences of sexual assault While there are many social determinants of rape and attempted rape this work examines the pivotal role of male peer support in legitimizing the sexual assault of women The authors use extensive prior studies together with their own investigations including a national representative study and local campus victimization surveys carried out in the United States and Canada

Gender Violence Laura L. O'Toole,Jessica R. Schiffman,Margie L. Kiter Edwards,2007-08 The approach of the year 2000 has made the study of apocalyptic movements trendy But groups anticipating the end of the world will continue to predict Armageddon even after the calendar clicks to triple 0s A Domsday Reader brings together pronouncements edicts and scriptures written by prominent apocalyptic movements from a wide range of traditions and ideologies to offer an exceptional look into their belief systems Focused on attaining paradise millenarianism often anticipates great cosmic change While most think of religious belief as motivating such fervor Daniels comparative approach encompasses secular movements such as

environmentalism and the Montana Freeman and argues that such groups are often more political than religious in nature. The book includes documents from groups such as the Branch Davidians, the Order of the Solar Temple, Heaven's Gate, and white supremacists. Each document is preceded by a substantive introduction placing the movement and its beliefs in context. This important overview of contemporary politics of the End will remain a valuable resource long after the year 2000 has come and gone.

Serial Survivors Jan Jordan, 2008. The survival stories of fifteen women who were sexually assaulted by the same man, Malcolm Rewa, a serial rapist who terrorised women in Auckland.
