Moses I. Finley

Aspects Of Antiquity Discoveries And Controversies:

Aspects of Antiquity Moses I. Finley, 1977 *Aspects of Antiquity*, 1965 *The Archaeology of Etruscan Society* Vedia Izzet, 2007-12-13 The late sixth century was a period of considerable change in Etruria this change is traditionally seen as the adoption of superior models from Greece In a re alignment of agency this book examines a wide range of Etruscan material culture mirrors tombs sanctuaries houses and cities in order to demonstrate the importance of local concerns in the formation of Etruscan material culture Drawing on theoretical developments the book emphasises the deliberate nature of the smallest of changes in material culture form and develops the concept of surface as a unifying key to understanding the changes in the ways Etruscans represented themselves in life and death This concept allows a uniquely holistic approach to the archaeology of Etruscan society and has the potential for other archaeological investigations The book will interest all scholars and students of classical archaeology **Slavery from Roman Times to the Early Transatlantic Trade** William D. Phillips, 1985 *Christianity and Society* Everett Ferguson, 1999 First published in 1999 Routledge is an imprint of Taylor Francis an informa company **The End of the Past** Aldo Schiavone, 2000 THIS SEARCHING INTERPRETATION of past and present addresses fundamental questions about the fall of the Roman Empire Why did ancient culture once so strong and rich come to an end Was it destroyed by weaknesses inherent in its nature Or were mistakes made that could have been avoided was there a point at which Greco Roman society took a wrong turn And in what ways is modern society different Western history is split into two discontinuous eras Aldo Schiavone tells us the ancient world was fundamentally different from the modern one He locates the essential difference in a series of economic factors a slave based economy relative lack of mechanization and technology the dominance of agriculture over urban industry Also crucial are aspects of the ancient mentality disdain for manual work a preference for transcending rather than transforming nature a basic belief in the permanence of limits Schiavone s lively and provocative examination of the ancient world the eternal theater of history and power offers a stimulating opportunity to view modern society in light of the experience of our forebears *Studying Early India* Brajadulal Chattopadhyaya, 2006 A focal study of the methodological changes that confront historians of pre colonial India *The Means Of Naming* Stephen Wilson, 2003-09-02 First published in 2004 Routledge is an imprint of Taylor Francis an informa company *Questioning the Historicity of Jesus* Raphael Lataster, 2019-07-01 This volume moves beyond the mainstream scholarly scepticism over the Christ of Faith and considers if there is sufficient evidence to establish the existence of the more mundane Historical Jesus Using the logical tools of the analytic philosopher Lataster finds that the relevant sources are unreliable as historical documents and that the key method of those purporting that the Historical Jesus existed is to appeal to sources that do not exist Considering an ancient hypothesis suggesting that Jesus began as a celestial messiah that certain Second Temple Jews already believed in and was later allegorised in the Gospels Lataster discovers that it is more reasonable to at least be agnostic over Jesus historicity **Broken Cities** Martin Devecka, 2020-09-01 A

comparative study of cities that fell into ruin through human involvement We have been taught to think of ruins as historical artifacts relegated to the past by a catastrophic event Instead Martin Devecka argues that we should see them as processes taking place over a long present In Broken Cities Devecka offers a wide ranging comparative study of ruination the process by which monuments architectural sites and urban centers decay into ruin over time Weaving together four case studies of classical Athens late antique Rome medieval Baghdad and sixteenth century Mexico City Devecka shows that ruination is a complex social process largely contingent on changing imperial control rather than the result of immediate or natural events Drawing on literature legal texts epigraphic evidence and the narratives embodied in monuments and painting Broken Cities is an expansive and nuanced study that holds great significance for the field of historiography Legal Feminism Anna Simone, Ilaria Boiano, Angela Condello, 2022-09-30 The volume offers an overview of the theories and practices of Italian legal feminism presenting both the main themes addressed and the main protagonists of Italian feminist legal theory The book is divided into two parts The first is dedicated to deepening crucial issues that directly concern women's knowledge and lives from a feminist perspective such as the interconnection between law rights and justice diversity difference and equality sex sexuality and reproduction citizenship and borders deviance criminal matters and security and victims victimology and vulnerability Each set of thematic issues is analysed by a current Italian feminist legal scholar who engages with multiple feminist voices in order to emphasise the need for an interdisciplinary approach to law from a feminist perspective The second part of the book is devoted to outlining the paths of study research and practice of specific and renowned Italian legal scholars who have provided the foundation for legal feminism in Italy Letizia Gianformaggio Tamar Pitch Silvia Niccolai and Lia Cigarini The book thereby offers for the first time a comprehensive account of the traditions and trajectories of Italian legal feminism thus opening up a dialogue with other feminist approaches to law and justice The book will appeal to scholars in legal theory critical and sociolegal studies sociology gender studies and critical criminology *Delhi* Upinder Singh, 2006 Not many people know that the busy and bustling capital city of Delhi and its surroundings have a long past going back thousands of years Prehistoric stone tools have surfaced here and many ancient remains have been found sometimes accidentally by farmers tilling their fields and at other times by archaeologists carrying out systematic excavations A mound one passes everyday or a narrow strip of stream tells a story of ancient times Centuries of history coexist with metro stations and plush cars The readings in this book give us glimpses of the lives of people who lived in the Delhi area over the centuries and how these details have been pieced together by historians It brings into focus the importance of the historian's method and the sources of information found in ancient texts archaeology and even legends and folklore sometimes hanging on the thread of a slender historical fact The editor of the volume points to the urgency of further exploration and documentation to fill in the still all too meagre details of Delhi's ancient history However she ends on a note of caution bordering on alarm when she points out that invaluable evidence of the city's past is being extensively destroyed due to quarrying and the

construction of new roads and buildings Such activities are an integral part of the modernization of a living city but the balance between modernization and the preservation of ancient remains is indeed very fragile and needs to be maintained from an informed and realistic perspective This collection of essays has been put together by a teacher for students of history but will also be of enormous value to a large number of other interested readers Upinder Singh is Professor of history at the University of Delhi

Divine Domesticity Marjorie O'Rourke Boyle, 1997 This cultural analysis of the divine indwelling from the fourth through sixteenth centuries reverses the history of doctrine to venture doctrine as history It discovers a fundamental disparity between domestic values and the exilic asceticism that once dominated western civilization

The Oxford Handbook of Warfare in the Classical World Brian Campbell, Lawrence A. Tritle, 2017-07 This Handbook gathers 38 leading historians to describe analyze and interpret warfare and its effects in classical Greece and Rome

Antonia Augusta Nikos Kokkinos, 1992 Nikos Kokkinos presents a portrait of the most influential Roman matron of her time the daughter of Mark Antony and the great grandmother of Nero In addition to being pivotal to the political shifts of the Empire Antonia was strongly involved in many aspects of business life and thus her career has an important bearing on contemporary perceptions of the position of Roman women Marshalling many diverse archaeological source materials the author has produced a book which places Antonia firmly in the social context of her day

Troy Martin M. Winkler, 2009-02-04 This is the first book systematically to examine Wolfgang Petersen's epic film Troy from different archaeological literary cultural and cinematic perspectives The first book systematically to examine Wolfgang Petersen's epic film Troy from different archaeological literary cultural and cinematic perspectives Examines the film's use of Homer's Iliad and the myth of the Trojan War its presentation of Bronze Age archaeology and its place in film history Identifies the modern political overtones of the Trojan War myth as expressed in the film and explains why it found world wide audiences Editor and contributors are archaeologists or classical scholars several of whom incorporate films into their teaching and research Includes an annotated list of films and television films and series episodes on the Trojan War Contains archaeological illustrations of Troy relevant images of ancient art and stills from films on the Trojan War

Lessons from the Past Frances Anne Pownall, 2010-02-09 Deepens our understanding of the Greek tendency to view the past as a source for contemporary moral lessons

A History of Greek Philosophy: Volume 4, Plato: The Man and His Dialogues: Earlier Period W. K. C. Guthrie, William Keith Chambers Guthrie, 1986-04-24 Plato however so prolific a writer so profoundly original in his thought and so colossal an influence on the later history of philosophy that it has not been possible to confine him to one volume

The World of Saint Paul Joseph Callewaert, 2011-01-01 Joseph Callewaert's engaging work on St Paul reads like a novel With inviting even dramatic prose it recounts the story of the great Apostle to the Nations This is no dry tome or ponderous biography Nor is its subject a safe historical figure irrelevant to the issues of today St Paul remains controversial Some scholars claim he invented Christianity They believe his message radically departed from what Jesus taught The

Christian faith so the claim runs is the creation of Paul's religious experience not the doctrine of Jesus. Callewaert rejects this theory as do many other scholars. His interpretation rests on the Bible and the abiding tradition of the ages rather than tendentious theories or ideologically motivated revisions. Yet Callewaert's work is no anti-scholarly screed. *The World of Saint Paul* provides a popular yet expert account of the Apostle and his age. For those who know little about St Paul which includes many Christians it is a superb introduction. In my presentation of St Paul I have tried to absorb the spirit of his epoch as far as I could and put less trust in the present day judgments than in the abiding traditions of the ages. If I have perhaps evoked a little too much history and pursued rather too long a road in regions so rich with a past I have always made sure to trace a path which brings us back to this intrepid and tenacious Jew who will steadily appear in stark relief. From the Preface

Classical Slavery Moses I. Finley, 2014-01-14 Slavery in Greece and Rome has always prompted comparisons with that of more recent history. This volume includes discussions of the relationship between war, piracy and slavery; early abolitionist movements as well as the supply and domestic aspects of slavery in these ancient societies.

If you ally craving such a referred **Aspects Of Antiquity Discoveries And Controversies** book that will pay for you worth, get the no question best seller from us currently from several preferred authors.
