Toshack, 2001 *Othello* Virginia Mason Vaughan, 1996-12-05 Shakespeare's *Othello* has exercised a powerful fascination over audiences for centuries with its portrayal of destructive jealousy This study is a major exercise in the historicisation of *Othello* in which the author examines contemporary writings and demonstrates how they were embedded in the text of *Othello* discourse about conflict between Turk and Venetian treatises on the professionalisation of England's military forces representations of Africans and blackamoors and narratives depicting jealous husbands The second section traces *Othello*'s history in England and the United States from the Restoration to the late 1980s using illustrations where appropriate Each chapter highlights a specific historical period actor or production to demonstrate how and why elements from Shakespeare's text were emphasised or repressed *Othello* is revealed as a significant shaper of cultural meaning Spectacular Shakespeare Courtney Lehmann, Lisa S. Starks, 2002 *Spectacular Shakespeare* includes an introduction nine essays and an afterword that all address the spectacle of Shakespeare in recent Hollywood films The essays approach the Shakespeare as star phenomenon from various perspectives some applauding the popularization of the Bard others critically questioning the appropriation of Shakespeare in contemporary mass culture *Mixing of Genres. A Fury in the Words: Harry Berger, 2013 Shakespeare's two Venetian plays are dominated by the discourse of embarrassment The Merchant of Venice is a comedy of embarrassment and Othello is a tragedy of embarrassment This nomenclature is admittedly anachronistic because the term embarrassment didn't enter the language until the late seventeenth century To embarrass is to make someone feel awkward or uncomfortable humiliated or ashamed Such feelings may respond to specific acts of criticism blame or accusation To embarrass is literally to embar to put up a barrier or deny access The bar of embarrassment may be raised by unpleasant experiences It may also be raised when people are denied access to things persons and states of being they desire or to which they feel entitled The Venetian plays represent embarrassment not merely as a condition but as a weapon and as the wound the weapon inflicts Characters in The Merchant of Venice and Othello devote their energies to embarrassing one another But even when the weapon is sheathed it makes its presence felt as when Desdemona means to praise Othello and express her love for him I saw Othello's visage in

his mind 1 3 253 This suggests among other things that she didn't see it in his face *Shakespeare's English Histories and Their Afterlives* Peter Holland, 2010 Shakespeare Survey is a yearbook of Shakespeare studies and production Since 1948 Survey has published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism Each volume is devoted to a theme or play or group of plays each also contains a section of reviews of that year's textual and critical studies and of the year's major British performances The theme for volume 63 is Shakespeare's English Histories and their Afterlives The complete set of Survey volumes is also available online at <http://www.cambridge.org/online/shakespearesurvey> This fully searchable resource enables users to browse by author essay and volume search by play theme and topic and save and bookmark their results *Shakespeare Survey* Stanley Wells, Jonathan Bate, Michael Dobson, 2003-10-16 Shakespeare Survey is a yearbook of Shakespeare studies and production Since 1948 Survey has published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism Each volume is devoted to a theme or play or group of plays each also contains a section of reviews of the previous year's textual and critical studies and of major British performances The books are illustrated with a variety of Shakespearean images and production photographs The current editor of Survey is Peter Holland The first eighteen volumes were edited by Allardyce Nicoll numbers 19-33 by Kenneth Muir and numbers 34-52 by Stanley Wells The virtues of accessible scholarship and a keen interest in performance from Shakespeare's time to our own have characterised the journal from the start Now backnumbers are gradually being reissued in paperback **Shakespeare's Tragic Cosmos** T. McAlindon, Thomas McAlindon, 1996-04-18 This study focuses on Romeo and Juliet Julius Caesar the four main tragedies and Antony and Cleopatra Tom McAlindon argues that there were two models of nature in Renaissance culture one hierarchical in which everything has an appointed place and the other contrarious showing nature as a tense system of interacting opposites liable to sudden collapse and transformation This latter model informs Shakespeare's tragedy Artificial Intelligence: A Systems Approach M.
