What is the relationship between history and fiction in a place with a contentious past And of what concern is gender in the telling of stories about the past This study explores these questions as it considers key Central American texts      **Oxford Studies in Metaphysics, Volume 9** Karen Bennett, Dean W. Zimmerman, 2015-03-19 Oxford Studies in Metaphysics is the forum for the best new work in this flourishing field Much of the most interesting work in philosophy today is metaphysical in character this series is a much needed focus for it      **A Dictionary of the English Language** Samuel Johnson, 1882  
**Good words, ed. by N. Macleod** Norman Macleod, 1861      **Translation Review**, 1998      *Palmer's Index to the Times Newspaper*, 1899      Romantic Aversions J. Douglas Kneale, 1999 Romanticism is often regarded as a turning point in literary history the time when writers such as Wordsworth and Coleridge renounced the common legacy of poets and sought to create a new literature Yet despite their emphasis on originality genius and spontaneity the first generation Romantics manifest a highly intertextual style that while repressing certain classical and neoclassical literary conventions reveals a deep dependence on those same rhetorical practices Repression results in the symptoms of originality but it inevitably leads to the return of tradition in a different form      *Anime and Manga*, "A" *Dictionary of the English Language* Robert Gordon Latham, 1876      *Directors and Their Films* Brooks Bushnell, 1993 This is the most comprehensive reference work available anywhere ever to 1 films and their directors and 2 directors and their films Part one is by director Each entry lists films years of release alternate titles and when appropriate the director's pseudonym Part two is a listing of over 108 000 films from A directed by Jan Lenica to Zyte from Rene Leprince giving a director for each      **The Masculinities of John Milton** Elizabeth Hodgson, 2022-09-08 The Masculinities of John Milton is the first published monograph on Milton's men Examining how Milton's fantasies of manly authority are framed in his major works this study exposes the gaps between Milton's pleas for liberty and his assumptions that White men like himself should rule his culture From schoolboys teaching each other how to traffic in young women in the Ludlow Masque to his treatises on divorce that make the wife less husband the best possible citizen and to the later epics in which Milton wrestles with male small talk and the ladders of masculine social power his verse and prose draw from and amplify his culture's claims about manliness in education warfare friendship citizenship and conversation This revolutionary poet's most famous writings reveal how ambivalently manhood is constructed to serve itself in early modern England      **Bijdragen tot de taal-, land- en volkenkunde van Nederlandsch-Indië**, 1984 *Literatur overzicht* issued with v 95      **Palmer's Index to the Times Newspaper ...**, 1895      **Handbook of Methods in Cultural Anthropology** H. Russell Bernard, Clarence C. Gravlee, 2014-07-08 The Handbook of Methods in Cultural Anthropology now in its second edition maintains a strong benchmark for understanding the scope of contemporary anthropological field methods Avoiding divisive debates over science and humanism the contributors draw upon both

traditions to explore fieldwork in practice The second edition also reflects major developments of the past decade including the rising prominence of mixed methods the emergence of new technologies and evolving views on ethnographic writing Spanning the chain of research from designing a project through methods of data collection and interpretive analysis the Handbook features new chapters on ethnography of online communities social survey research and network and geospatial analysis Considered discussion of ethics epistemology and the presentation of research results to diverse audiences round out the volume The result is an essential guide for all scholars professionals and advanced students who employ fieldwork

**Anthropologica** ,1984 Includes reports of meetings of the institute      **Evaluation of the Sexually Abused Child**

Astrid M. Heger,S. Jean Emans,David Muram,2000-09-07 Written by a group of nationally recognized physicians Evaluation of the Sexually Abused Child 2E is a comprehensive and authoritative resource that provides a step by step discussion of how to interview and clinically evaluate suspected child sexual abuse cases The contributors draw on their extensive experience to provide sensitive and practical guidance on psychological aspects of abuse conducting the medical interview and physical exam to make a diagnosis sexually transmitted disease and the role of the physician in court This new edition includes updated information on lab techniques revised protocols for intervention programs and a host of new data from several recently released longitudinal studies that followed abused children into adolescence and adulthood A key feature of the first edition a photographic atlas documenting and classifying ambiguous signs of abuse has been expanded by more than 40% to incorporate new photos on the sexual abuse of adolescents patterns of healing trauma and additional examples of normal variations and medical conditions      Local Story John P. Rosa,2014-08-31 The Massie Kahahawai case of 1931 1932 shook the Territory of Hawai i to its very core Thalia Massie a young Navy wife alleged that she had been kidnapped and raped by some Hawaiian boys in Waik k A few days later five young men stood accused of her rape Mishandling of evidence and contradictory testimony led to a mistrial but before a second trial could be convened one of the accused Horace Ida was kidnapped and beaten by a group of Navy men and a second Joseph Kahahawai lay dead from a gunshot wound Thalia s husband Thomas Massie her mother Grace Fortescue and two Navy men were convicted of the lesser charge of manslaughter despite witnesses who saw them kidnap Kahahawai and the later discovery of his body in Massie s car Under pressure from Congress and the Navy territorial governor Lawrence McCully Judd commuted their sentences After spending only an hour in the governor s office at Iolani Palace the four were set free Local Story is a close examination of how Native Hawaiians Asian immigrants and others responded to challenges posed by the military and federal government during the case s investigation and aftermath In addition to providing a concise account of events as they unfolded the book shows how this historical narrative has been told and retold in later decades to affirm a local identity among descendants of working class Native Hawaiians Asians and others in fact this understanding of the term local in the islands dates from the Massie Kahahawai case It looks at the racial and sexual tensions in pre World War II Hawai i that kept local men and white women apart and at the

uneasy relationship between federal and military officials and territorial administrators. Lastly, it examines the revival of interest in the case in the last few decades through true crime accounts, a fictionalized TV mini series, and most recently a play and a documentary, all spurring the formation of new collective memories about the Massie Kahahawai case. Migration and Return in Modern African Literature Ernest Cole, 2025. Using close readings of nine novels by African or African descended novelists, this book examines three phases of African migration: departure, disillusionment, and the impulse to return. The experiences of African migrants in the diaspora are deeply inflected by the condition of living as Black bodies in white spaces. In this work, author Ernest Cole examines closely the narratives of migration and return presented in nine powerful novels by authors who include Chimamanda Adichie, NoViolet Bulawayo, Teju Cole, and others. The novels reveal a reversal of expectations that migrants from Africa experience upon arrival in the West: a reversal prompted in part by the racial prejudice they are confronted with as Black individuals. As the author notes, the novels also illustrate the desire to return to the homeland as a better alternative to the precarious life in the West, even though such a move is not without its complications. The study is divided into three parts with seven chapters. The first two chapters deal with the reasons for the departure of migrants from the continent; the next two depict the experiences of migrants in the West; and the last three focus on contemplations of the return journey home. Collectively, the chapters lay out three phases in the migration process: departure from home, disillusionment in the West, and return to the country of origin. Within this framework, the book uses displacement and dislocation to examine a host of themes: social alienation, alterity, and the precarity of Africans in the diaspora.

**Beta Earth: Legacy** J.R. Napier, 2014-10-25. Our heroes from Beta Earth: Between Worlds return. The now legendary status: Clave, The stronghearted Lana, The ever vigilant Vin, The young prodigy Anul, The increasingly ambitious Gaidon, The hopelessly desperate Abel, and the alloy enhanced enigma Kamon. All of them, now older and more skilled, will be put to the ultimate test as they are dragged into an ever growing war for Paradise. KIRKUS REVIEW: The search for Paradise, which people believe will be the only place to survive the fated collision between two inhabited planets, leads to endless battles. In Napier's Beta Earth: Between Worlds 2.0 Edition 2014, etc., the latest sci-fi outing, this collection comprises three stories, each drastically shorter than the last. In the first, *Awakening*, Theia, or Beta Earth, initially the second chance planet, has fallen prey to crimes and criminals that plague the original Earth. The new utopia is Paradise, which proves elusive. Factions such as the United Federation, a global military force, and Final Bloodline, a cult, are hunting members of Project Guardian, the members free of limiters which block people's true potential for power, are more susceptible as vessels for Tryle, a dormant messenger who will lead the way to Paradise. Mercenary Clave tries to protect Raph, who survived a UF attack on Beta Earth, from succumbing to Tryle while dodging bounty hunter Gene, who's out for revenge. *Awakening* is sometimes disjointed, coming across as a series of smaller battles with little story progression. There likewise isn't resolution by the end, which feels like the conclusion of a chapter rather than a story. The sometimes lethal clashes, though, are entertaining, resembling

Dungeons those in confrontations generally one on one will often score a hit or blow The second story System Failure is more focused zeroing in on Montello a small but notable character in Awakening who helps hackers work remotely He recruits them for an assault against the government and incurs the wrath and eventual retribution of Kid Vicious whom Montello embarrassed during a display of skills The exhilarating System Failure features numerous references to earlier characters The much shorter final yarn A Boy and His Cat spotlights Travis a significant character in a prior story under another name who endures a tragic event that ultimately leads to his powerful status later in life Disjointed storylines don't diminish Napier's endearing and contagious adoration of the sci fi genre The book is not your average read If I may use a tree analogy It's like reading different branches that form into a solid structure and dig to the roots Be brave Give it a chance and it will take you to the heights of euphoria JR Napier
