A yearning that's remained unfulfilled for years now. Little did I know that when the Shadowcrown Pack enlisted my skills to strengthen their weakest wolves I'd cross paths with the notorious twin alphas Jax and Noah. Not one man but two alphas who not only claim that I'm their second chance mate but who cannot keep their hands off me. As the line between professionalism and passion blurs I find myself ensnared in their powerful grasps. They'll stop at nothing to claim every inch of my body leaving me to wonder if I can withstand the relentless pursuit of these irresistible alphas even when their first mate shows up on their property and wants them back. New Understandings of Twin Relationships Barbara Klein, Stephen A. Hart, Jacqueline M. Martinez, 2020-12-23 *New Understandings of Twin Relationships* takes an experience based approach to exploring how twin attachment and estrangement are critical to understanding the push and pull of closely entwined personal relationships Based on the research expertise of each of the authors all identical twins in their own right and vignettes from twins across the globe this book describes the inner workings of the twin world showing how the twin world creates experiences that are often more intense and intricately textured than those in the singleton world

Chapters debunk myths surrounding twinship and analyze the developmental stages of the twin relationship as well as the effect of being a twin on one's mental health from different perspectives. The authors articulate how attachment, separation, anxiety, loneliness, estrangement, and the subjective experience of the twin and non-twin other impact behavior, thinking, and feeling. Through its careful study of the many psychological challenges that twins face throughout their lifetime, this text will help psychologists, scholars, clinicians, and twins themselves attain a deeper understanding of all interpersonal relationships.
