

Asthma Stop Suffering Start Living

Thomas Griffiths

Asthma Stop Suffering Start Living:

Asthma, Stop Suffering, Start Living Eric M. Gershwin, 1986 *Taking Charge of Asthma* Betty B. Wray, 2008-05-02

Asthma touches all ages races and walks of life and it is on the rise both in frequency and in severity Taking Charge of Asthma provides practical up to date information to help you develop an effective personal strategy for managing your symptoms World renowned asthma expert Dr Betty Wray outlines specific steps you can take to control your environment and reduce the onset and severity of attacks She lists clinically tested foods fabrics and substances that can trigger asthma Dr Wray also explains the connection between asthma and allergies details occupational hazards lists alternative strategies and tells how to work with your doctor and how to make the most with the least medication She also offers authoritative advice on helping children with asthma lead healthier happier lives This fact packed handbook includes 800 numbers helplines Web sites asthma organizations and treatment centers Taking Charge of Asthma includes everything you need to know about The causes of asthma The best diagnostic methods The latest treatments **Bronchial Asthma** M. Eric Gershwin, Timothy E. Albertson, 2001-04-15 They asked if the sneezles came after the wheezles or if the first sneeze came first It has been nearly 25 years since the first edition of this textbook was published During that time we have witnessed an enormous improvement in the understanding of the basic pathophysiology of asthma and more importantly better treatment options However and with regret the incidence and prevalence of asthma during this 25 year period increased significantly Recent studies from the NIH highlight this point and illustrate that despite improved care and diagnosis mortality continues to rise In fact asthma remains the most common chronic childhood illness and is among the most common chronic adult diseases Despite improved medications increased awareness and a better understanding of the pathophysiology of this disease mortality and morbidity continue to rise Both international and national consensus positions have been published that offer guidance on treatment approaches The importance of the primary care physician and provider cannot be overestimated in the appropriate diagnosis and management of this disease The management options in asthma are changing rapidly with the advent of new drugs and approaches The recent introduction of the leukotriene inhibitors has added an entirely new class of anti inflammatory agents in the treatment of asthma The potential of even newer approaches including cellular modulation of the asthma patient with specific anti IgE antibodies opens up exciting possible treatments **Asthma** M. E. Gershwin, E. L. Klingelhofer, 1992-10-20 This authoritative book clarifies a complex disease with the latest medical facts sympathetic advice and many helpful charts and illustrations Use its complete program to stop suffering and start living With this book you can truly breathe more easily Whether you suffer from asthma or care for an asthmatic child Asthma Stop Suffering Start Living is the complete guide to controlling this disease what to do during an asthma attack new information on drug treatments which medicines to use first and which are not recommended advice on aerosol inhalers and other ways adults and children can take medicine how to choose and work with an asthma specialist tips on how people with asthma can

exercise travel and enjoy all aspects of life warning lists of food preservatives and other common substances that can trigger asthma facts asthmatics should know about pregnancy anesthesia and other situations not discussed in similar books home remedies and alternative ways to control asthma listings of groups concerned with asthma programs for asthmatic children and sources of useful products *Handbook of Clinical Psychology in Medical Settings* Ronald H. Rozensky, Jerry J. Sweet, Steven M. Tavian, 2013-06-29 For two decades I have been responding to questions about the nature of health psychology and how it differs from medical psychology behavioral medicine and clinical psychology From the beginning I have taken the position that any application of psychological theory or practice to problems and issues of the health system is health psychology I have repeatedly used an analogy to Newell and Simon's General Problem Solver program of the late 1950s and early 1960s which had two major functional parts in addition to the executive component One was the problem solving core the procedural competence the other was the representation of the problem environment In the analogy the concepts knowledge and techniques of psychology constitute the core competence the health system in all its complexity is the problem environment A health psychologist is one whose basic competence in psychology is augmented by a working knowledge of some aspect of the health system Quite apparently there are functionally distinct aspects of health psychology to the degree that there are meaningful subdivisions in psychological competence and significantly different microenvironments within the health system I hesitate to refer to them as areas of specialization as the man who gave health psychology its formal definition Joseph Matarazzo has said that there are no specialties in psychology cited in the editors preface to this book *Asthma* M. Eric Gershwin, Edwin L. Klingelhofer, 1986-01-21 *Taking Charge of Your Child's Allergies* M. Eric Gershwin, 2013-11-11 The number of children with allergies is astounding nearly one child in six is said to suffer from some sort of allergy The problems of these allergic children can be as mild as occasional attacks of hay fever or as severe as disfiguring eczema and life threatening bronchial asthma In addition to the obvious health problems associated with having allergies affected children may experience recurring colds painful ear infections and other allergy linked conditions all of which cause frequent school absences Childhood allergies affect school performance adversely they may be instrumental in reducing attention span and they are certainly a major social psychological and financial burden for children and their parents This book is a complete guide to childhood allergies presented in simple jargon free language It provides parents with comprehensive up to date and practical information and advice on how to help their allergic children It identifies the many allergic symptoms tells what they look like how prevalent they are what causes them and what to do about them It outlines steps parents can take to help their children understand manage and control their allergies Its goal is to help parents and children cope effectively with a major childhood problem *Living with Asthma* Anthony R. Rooklin, Shelagh Ryan Masline, 1995 Twelve million Americans suffer from asthma yet misconceptions about the disease abound The fourth book in Plume popular Living With series Living with Asthma is a user friendly guide that explains

everything from what causes asthma to vital information on nutrition and medication **Breathless** Louise A. DeSalvo,1998-03 For acclaimed memoirist and biographer Louise DeSalvo who was diagnosed several years ago with asthma any moment can become a terrifying struggle for air Here she applies her searching mind and scholarship to untangle the connections between physical illness childhood trauma and the creative mind **Asthma Self-Help Book** Paul J. Hannaway,1994-02-21 A winner of the American Writers Association Award in its first edition this is the best manual for the millions of asthma sufferers **Respiratory Disorders** Susan Fickertt Wilson,June M. Thompson,1990 **Asthma Information for Teens** Omnigraphics,2005 Including Facts about Asthma Causes Triggers Symptoms Diagnosis and Treatment Respiratory Care ,2002 **Asthma** M. Eric Gershwin,1986 **Breathing Easy** Maryann Stevens,1991 When three of her children were diagnosed with asthma Maryann Stevens decided to become an expert this authoritative sourcebook is the result of her experience and the experience of the hundreds of parents who have successfully taken her courseand whose families now live fuller happier lives **Forthcoming Books** Rose Arny,2001 *Encyclopedia of Life Sciences* Anne O'Daly,1996 An encyclopedia covering the disciplines of zoology botany evolutionary science medicine physiology human anatomy cytology and genetics Sick! Diseases and Disorders, Injuries and Infections David E. Newton,2000 Presents articles describing the causes and symptoms diagnosis treatment both traditional and alternative prognosis and prevention of various diseases disorders injuries and infections The Journal of Respiratory Diseases ,1997-07 **Conquering Your Child's Allergies** M. Eric Gershwin,Edwin L. Klingelhofer,1990-01-21
