Jupiter Subsequently 3 500 years ago it made two catastrophically close passes by Earth 52 years apart It later interacted with Mars which had a series of near collisions with Earth ending in 687 BCE before finally settling into its current orbit Was Velikovsky correct did Venus appear as a gigantic comet in ancient times Comet Venus is the second book in the God King Scenario Series The first book An Ancient World in Chaos presented a fascinating model whereby Mars Venus Mercury and the Moon played havoc with Earth for an incredible 3 000 years coming so close they loomed larger than the Sun In support of such incredible claims Gilligan calls upon the most fascinating civilisation of ancient times the Ancient Egyptians He proposes that the divine god kings of Pharaonic Egypt were first and foremost guises of planetary bodies as they appeared to move back and forth to Earth He further proposes that these heavenly monarchs were represented by human doubles mortal Pharaohs who were believed to be earthly manifestations of god king planets The primary objective of Comet Venus is to vindicate Velikovsky and conclusively demonstrate that the comet images on the front and back covers of this book have nothing whatsoever to do with the Sun They are exact physical representations of the planet Venus as it took on the attributes of a comet in the skies above Earth only a few thousand years ago **All About Auras Duo** TA Sullivan,1900

What Really Goes on in That Head of Yours? Christy Koleszar, 2013-07-03 *What Really Goes On In That Head of Yours* is about a Medium delving into the Unknown. About the brain and what you can see and feel is happening around you when you are having a psychotic breakdown. It is a journey which can only be described as pure hell which Christy experienced on and off for over 5 years. *What Really Goes On In That Head of Yours* is one of a kind, unique in that no one has seen or experienced as much as she has going through a psychotic breakdown. My journey as a Medium over a span of 5 years. A rollercoaster of emotions of highs and lows. Seeing the unexplained, experiencing the unbelievable. What the brain can conjure up when you are heading for a nervous breakdown. A journey into the Unknown. What a Medium experiences when she is going through psychosis. Is it real? It is to her, and it is a journey into hell she never wants to experience again. Delving into the unknown of the paranormal with a twist. Seeing the unexplained whilst living through what can be only described as a Medium's worst nightmare.
