Dr. Douglas M. Baker ,2014-04-15 Bach Flower

Remedy Repertoires Part One Agrimony to Impatiens Larch to White Chestnut It takes several years to become familiar with the dispensing of the Bach Flower Remedies and it is only then that the clinician becomes aware that there are always certain symptoms and signs which do not quite fit into the specific categories indicated in the traditional Bach allocations Some Remedies seem to overlap naturally and others seem to require a balancing component Still others seem to indicate chronicity and there are even others that are suggestive of acute disorders By using a repertoire we blanket an area of the patient's symptoms and thus more effectively reach the levels of causation In fact a repertoire is no less than a spectrum of treatment that can be applied to a range of symptoms that themselves form a spectrum This is why antibiotics are found to be very effective in certain instances when they are applied as a broad spectrum to cover a range of bacteria Man s symptoms are very like his flora of bacteria Remove one type of bacterium and you have created favourable conditions for another type to appear Similarly we find in practice that one often deals competently with a presenting symptom only to discover that when it is disposed of another related to it deeply takes its place We have deliberately linked the repertoires to their astrological correspondences because from experience we are finding that the majority of practitioners using Flower Remedies are also intimately involved in their studies and research with astrology Even the dispenser of Flower Remedies who is not an astrologer can quickly learn to identify the position of the planets in his patient s horoscope and through this simple knowledge he can select and try out the appropriate repertoire Quite frequently a patient will telephone to describe his symptoms and if you have the patient s horoscope it will give you considerable helpful information in the absence of being able to observe the patient s signs The New Medical Astrology Mario Kertscher, 2025-02-25 The teaching of a New Medical Astrology is an attempt to bring medicine and astrology closer together again While medicine has continued to develop and gain new insights into the organs classical medical astrology has hardly developed at all in the last 2000 years since the doctrine that Aries begins with the head and Pisces ends with the feet After 40 years of thorough research the New Medical Astrology is now based on 12 vital organ systems within the head and torso which correspond to the 12 signs of the zodiac Unlike in Hippocrates time more than 2000 years ago the arms and legs do not play a major role in the new classification as they do not represent vital organs This work is a new connection between the psychological astrology human anatomy psychosomatics and eye diagnosis This textbook forms the basis for learning astrology New Medical Astrology and at the same time forms a bridge to the psychosomatic explanations of illnesses in relation to the individual zodiac signs The intention was to write a textbook in an easily understandable way and to avoid confusing foreign or technical terms that too difficult to understand This makes it equally suitable for learning teaching or just exploring for both young and old explorers of astrology BACH FLOWER REMEDIES SHERIHAR ZAVERI,2019-10-23 REMEDIES FROM FLOWERS HOW FLOWERS CAN HELP US TO FIGHT AGAINST ANY BODY DISEASES **How to Believe in a Sagittarius** Mary English, 2012-03-16 To believe in a Sagittarius is the biggest compliment you can pay them Learn how to believe in the
