Debus, 2022-11-02 Falcons are stunning and iconic birds Australia has six falcon species with two endemic to the continent
and two others endemic to the Australasian region They are important indicators of the health of our ecosystems due to their
position at the top of the food chain But several species are declining with two species threatened in some states In
Australian Falcons Ecology Behaviour and Conservation Dr Stephen Debus provides a 30 year update of knowledge on these
six species as well as a falcon like hawk the Black shouldered Kite This book is based partly on the author's field studies as
well as being a supplement to the Handbook of Australian New Zealand and Antarctic Birds HANZAB and recent global
treatises It offers up to date information on the Australian species including their behaviours ecology and biology It reviews
their population status and threats and suggests what needs to be done to ensure the future of these spectacular birds

(Third Edition.) [With Plates.] Alexander Hugh CHISHOLM, 1948 **Pigeons and Doves in Australia** Joseph
Forshaw, William Cooper, 2015-04-01 Possibly the most successful urban birds pigeons and doves in the Order Columbiformes
are one of the most easily recognised groups They are an ancient and very successful group with an almost worldwide
distribution and are most strongly represented in tropical and subtropical regions including Australia In most species simple
plumage patterns feature mainly grey and brown with black white or dull reddish markings but the highly colourful fruit
doves include some of the most beautiful of all birds From dense rainforests of north Queensland where brilliantly plumaged
Superb Fruit Doves *Ptilinopus superbus* are heard more easily than seen to cold windswept heathlands of Tasmania where
Brush Bronzings *Phaps elegans* are locally common most regions of Australia are frequented by one or more species For
more than a century after arrival of the First Fleet interest in these birds focused on the eating qualities of larger species In
addition to contributing to declines of local populations in some parts of Australia excessive hunting brought about the
extinction of two species on Lord Howe Island and another species on Norfolk Island In *Pigeons and Doves in Australia*
Joseph Forshaw and William Cooper have summarised our current knowledge of all species including those occurring on
Christmas Norfolk and Lord Howe Islands and with superb artwork have given readers a visual appreciation of the birds in
their natural habitats Historical accounts of extinct species are also included Detailed information on management practices
for all species is presented ensuring that *Pigeons and Doves in Australia* will become the standard reference work on these

birds for ornithologists and aviculturists Great Bird Stories of Australia and New Zealand Jack Pollard,1980 **Official Year Book of the Commonwealth of Australia No. 43 - 1957** , **Animal Wonder World** Frank W. Lane,2014-07-25

Kaplan,2004 Brings together everything we know about the biology and behaviour of this unusual species **Birds in Their Habitats** Ian Fraser,2018-03 Everywhere we go there are birds and they all have mysteries to be unravelled These mysteries include the way they look from bizarre to apparently mundane why they live where they live and the things they do many of which are far too incredible ever to be imagined as fiction Birds in Their Habitats is a collection of stories and experiences which introduce fascinating aspects of birdlife ecology and behaviour Informed by a wealth of historical and contemporary research Ian Fraser takes the reader on a journey through four continents from places as unfamiliar as the Chonos Archipelago of southern Chile and the arid Sahel woodlands of northern Cameroon to those as familiar as a suburban backyard This is a book of discovery of birds and the places they live And with humour and personal insight it is a book about the sometimes strange world of the people who spend a life absorbed in birds **The Literature of Australian Birds** Hubert Massey Whittell,1954 The English Catalogue of Books Published from January, 1835, to January, 1863 ,1864
