Bird's Eye View Dancing With Martha Graham And On Broadway:

Bird's Eye View Dorothy Bird, Joyce Greenberg, 2012-01-12 With a foreword by Marcia B Siegel In 1930 seventeen year old Dorothy Bird from Victoria British Columbia was sent to study dance at the Cornish School in Seattle There she was totally captivated by Martha Graham who at the end of summer invited Dorothy to study with her at the Neighborhood Playhouse in New York City Dorothy debuted with the Graham Group in 1931 in *Primitive Mysteries* and was a company member and Graham's demonstrator until 1937 *Bird's Eye View* is a warm and human story that chronicles the early development of modern dance from a dancer's perspective Dorothy Bird was the only dancer of her time to work with all the major choreographers in concert and on Broadway George Balanchine Agnes de Mille Doris Humphrey Helen Tamiris Anna Sokolow Herbert Ross Jose Limon and Jerome Robbins among others She recounts fascinating theater experiences with such luminaries as Orson Welles Gertrude Lawrence Carol Channing Danny Kaye and Elia Kazan Dorothy shares her methods and experiences as a teacher for Balanchine and her twenty five year tenure at the Neighborhood Playhouse to highlight her philosophy of giving back to the next generation of performers Of all the artists Dorothy Bird worked with Martha Graham figures most strongly in the book and in her life Her narrative about Graham's early creative process is a valuable addition to the literature as is the story of her personal involvement with Graham The reader gains an intimate insight into the love and fear instilled by Graham in her followers

The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The *Encyclopedia of Women in World History* captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The *Oxford Encyclopedia of Women in World History* benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The *Encyclopedia* contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune women's and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

the Encyclopedia of Leadership BOOK NEWS
The enormous demands on leadership in today's world, the rise of militant followings, the struggle of long-suppressed people to rise to leadership positions, the heightened demand for moral, principled leadership—all these dynamic forces contribute to making this encyclopedia timely and timeless. From the Foreword by James MacGregor Burns, Williams College author of *Leadership* and winner of the Pulitzer Prize and National Book Award: As the field of leadership studies expands and the list of important authors and concepts grows, the time is at hand for a comprehensive encyclopedia of leadership. This collection will be welcomed by all who want to understand this important and complex field.

Howard Gardner, John H. and Elisabeth A. Hobbs, Professor of Cognition and Education at the Harvard Graduate School of Education and author of *Good Work: When Excellence and Ethics Meet* (2001) and *Leading Minds: An Anatomy of Leadership* (1995): In 1975, I declared that the concept of leadership should be abandoned. It was not of course. The 300 contributors to the Encyclopedia of Leadership are leaders among the many thousands of scholars responsible for the health and vast breadth of leadership studies. They show us that leadership plays an important, increasingly integral role today in fields ranging from world politics to community development.

Bernard M. Bass, Distinguished Professor Emeritus, Center for Leadership Studies, School of Management, Binghamton University and author of *Transformational Leadership: Industrial, Military, and Educational Impact* (1998) and *Leadership and Performance beyond Expectations* (1985): This new Encyclopedia provides leaders with the historical perspective and a vision of the tenuous future so essential if leaders of the future are to redefine leadership on their own terms, with their own people.

Frances Hesselbein, Chairman of the Board of Governors, Leader to Leader Institute (formerly the Drucker Foundation) and coeditor of *On Creativity, Innovation, and Renewal: A Leader to Leader Guide* (2002) and *Leading Beyond the Walls* (1999): From the earliest times, people have been entranced by stories about leaders: about Greek city-state rulers, Roman consuls, Chinese emperors, religious potentates, military conquerors, and politicians. Perhaps more importantly, leadership is a challenge and an opportunity facing millions of people in their professional and personal lives. The Encyclopedia of Leadership brings together for the first time everything that is known and truly matters about leadership as part of the human experience.

Developed by the award-winning editorial team at Berkshire Publishing Group, the Encyclopedia includes hundreds of articles written by 280 leading scholars and experts from 17 countries, exploring leadership theories and leadership practice. Entries and sidebars show leadership in action in corporations and state houses, schools, churches, small businesses, and nonprofit organizations. Questions the Encyclopedia of Leadership will answer: What is a leader? What is a great leader? How does someone become a leader? What are the types of leadership? How can leadership theories help us understand contemporary situations? How can I be a good and maybe great leader? The Encyclopedia of Leadership is an unprecedented learning resource. Scholars, students, professionals, and active citizens will turn to the Encyclopedia for guidance on the theory and practice of leadership, for the stories of great leaders, and for the tools and knowledge they need to lead in the 21st century.
