Parliamentary Papers Great Britain. Parliament. House of Commons, 1897 **Waking Up to India** Great Britain. Parliament. House of Commons. Business and Enterprise Committee, 2008 There has been a significant improvement in economic relations between the UK and India since the 2006 report from the Trade and Industry Committee HC 881 I 3rd report session 2005-06 ISBN 9780215029355 which urged greater engagement with India Both Government and private sector bodies have worked to achieve this The sizeable investments and deals made both by Indian companies in the UK and British companies in India are encouraging signs of a deepening relationship which should benefit both countries The establishment of the UK India Business Council is perhaps the most tangible manifestation of this This new report welcomes

the improved climate but identifies areas for further work India's economy has recently enjoyed growth rates of around 9 per cent a year it is possible this will slow slightly in 2008 and 2009 India faces significant challenges such as real poverty poor infrastructure and public sector bureaucracy But the Indian market is liberalising and has much to offer Not all the barriers to a deepened relationship are on the Indian side The recommendations in this report on education links on visas on the future of JETCO on the work of UKTI and on trade negotiations need to be seen against this wider backdrop
