Chronicle and Agricultural Gazette ,1868 College Football and American Culture in the Cold War Era Kurt Edward Kemper,2023-12-11 The Cold War era spawned a host of anxieties in American society and in response Americans sought cultural institutions that reinforced their sense of national identity and held at bay their nagging insecurities They saw football as a broad though varied embodiment of national values College teams in particular were thought to exemplify the essence of America strong men committed to hard work teamwork and overcoming pain Toughness and defiance were primary virtues and many found in the game an idealized American identity In this book Kurt Kemper charts the steadily increasing investment of American national ideals in the presentation and interpretation of college football beginning with a survey of the college game during World War II From the Army Navy game immediately before Pearl Harbor through the gradual expansion of bowl games and television coverage to the public debates over racially integrated teams college football became ever more a playing field for competing national ideals Americans utilized football as a cultural mechanism to magnify American distinctiveness in the face of Soviet gains and they positioned the game as a cultural force that embodied

toughness discipline self deprivation and other values deemed crucial to confront the Soviet challenge Americans applied the game in broad strokes to define an American way of life They debated and interpreted issues such as segregation free speech and the role of the academy in the Cold War College Football and American Culture in the Cold War Era offers a bold new contribution to our understanding of Americans assumptions and uncertainties regarding the Cold War The American Rose Magazine ,1960 **Kelly's Directory of Merchants, Manufacturers and Shippers** ,1897 **The Lancet** ,1894
