Bizarre Endings Strange Happenings:

Weird U.S. Mark Sceurman, Mark Moran, Matthew Lake, 2008 Explores ghosts and haunted places local legends cursed roads crazy characters and unusual roadside attractions found in the United States **Weird Virginia** Jeff Bahr, Troy Taylor, Loren Coleman, 2007 **Gharmen** Rafael Santy, 2010-10-19 Have you ever wondered where the stories about shamans come from Is it possible they might be true Gharmen is a book which answers some of these questions You will realise that not everything we see and not all the people we meet whom we regard as constants in our real world have necessarily to be as we are used to thinking them The action grabs you on the very first pages and does not let go of you The shaman practices serve here as a method of connecting two worlds legend and myth and the world of reality But you will start to wonder which is which The key is now in your hand If you opt for the tension and mysticism of this book you will be rewarded not only by a tense spellbinding read but possibly a new outlook on your own life and the world in which we live You will set forth on a trip with the central character from a country in the heart of Europe via London all the way to the rainforests of Orinoco and the Amazon You will get acquainted with multi dimensionals for whom we are simply images in their understanding of the world Follow how the revelation knowledge of the guardianship of the gate between worlds and the training of a shaman allows for the linkage of these worlds Discover that not even on other levels is the relationship between man and woman simple But more than anything else enjoy yourself *Weird Science* Jim Wiese, 2004-04-19 Discover the weird science behind the ickiest wackiest most unusual things ever to exist Would you like to make your own slime discover how lava lamps work or learn how materials decompose Have you ever heard about ball lightning or the Aurora Borealis on the news and wondered what the reporter was talking about Are you looking for great ideas for your next science fair project If you answered yes to any of these questions then *Weird Science* is for you From banana slugs and dry ice to optical illusions and time travel you will investigate some of the most bizarre scientific oddities on Earth Dozens of fun packed activities help you see for yourself how quicksand really works why our feet sometimes get smelly how worm holes and black holes are formed why insects can walk on water and much more You will even see how you can turn these amazing activities into science projects Each experiment is safe and easy to do and all you need is everyday stuff from around the house So get ready to take a strange creepy and sometimes even gross journey through *Weird Science* [El-Hi Textbooks & Serials in Print](#), 2005, 2005 *Baseball's Longest Games* Philip J. Lowry, 2010-04-23 Baseball is the only major team sport that doesn't feature a clock and there's a familiar saying among fans that as long as outs remain the game can theoretically go on forever Every now and again it nearly does as author Phil Lowry demonstrates The product of more than four decades of research this book catalogs baseball games from around the world and throughout history that lasted 20 or more innings stretched five or more hours or ended after 1:00 am Lowry also examines probability models to predict how often games of unusual length will occur [In Passing](#) Randall Baker, 2019-12-11 An unusual collection of fascinating offbeat anecdotes from the life

of a much travelled Welsh professor The stories become more and more unlikely though all are true Randall Baker has a real talent for making the mundane marvellous in an engaging humorous style with echoes of P G Wodehouse

Descriptosaurus: Ghost Stories Alison Wilcox, 2015-08-27 Descriptosaurus Ghost Stories builds on the vocabulary and descriptive phrases introduced in the original bestselling Descriptosaurus and within the context of ghost stories develops the structure and use of the words and phrases to promote colourful cinematic writing This essential guide will enable children to take their writing to the next level combine their descriptions of setting and character and show how the two interact Children can then experiment with their own ghost stories armed with the skills techniques and vocabulary necessary to describe their ghostly scenes in a way that allows the reader to feel the characters fear and visualise the source of their terror within the setting This new system also provides a contextualised alternative to grammar textbooks and will assist children in acquiring understanding and applying the grammar they will need to improve their writing both creative and technical

Weird Missouri James Strait, 2008 Each fun and intriguing volume in the award winning series offers more than 250 illustrated pages of places where tourists usually don't venture the oddball curiosities ghostly sites local legends crazy characters cursed roads and peculiar roadside attractions
