Anand, 2022-09-30 India will soon be the world's most populated country and its political development will shape the world of the 21st century Yet Hindu nationalism at the helm of contemporary Indian politics is not well understood outside of India and its links to the global neoliberal trajectory have not been explored Covering 30 years of Indian politics this book shows for the first time the importance of education in propagating the acceptance of Hindu nationalism within a neoliberal system including the reframing of the concept of Indian citizenship The first five years of Modi rule failed to bring about the development that had been promised and have seen India's rapid change from a largely inclusive society to one where religious minorities are denied their basic rights **Democracy and Political Change in the Third World** Jeff

Haynes, 2003-09-02 This book examines the experience of democracy in developing countries such as Mexico Zambia India and Indonesia The book will be of interest to scholars of Comparative Politics Third World Politics and Development studies

India's 1999 Elections and 20th Century Politics Paul Wallace, Ramashray Roy, 2003-05-27 This book examines the consequences and results of the 1999 general elections in light of the recent developments in Indian politics and the Indian party system **URBAN POLITICAL PARTIES AND ADMINISTRATION** Dr. Ashokkumar V. Paled, 2021-07-23 Political

parties are central to India political life Their role in political mobilization governance the formulation and implementation of economic and social policy ethnic conflict separatist movements and the working of democracy has long been the focus of analysis Their centrality arises from the fact that they are the key link between individual and state and state and society as stated earlier Political parties provide the crucial connection between social process and policy makers and influence debates and policies on issues affecting the interests of various social groups in the political system As more and more people participated in the democratic process competitive politics and the party system have undergone a major change over the past two decades The Congress and the ruling BJP led National Democratic Alliance face dissension at all levels extending from differences between the BJP and organizations it is affiliated with such as the Rashtriya Swayam Sevak Sangh RSS and the Vishwa Hindu Parishad VHP and between the party and its coalition partners **The Politics of Soft Hindutva** Amod Damle, Nilu Damle, 2023-06-16 This book examines the rise of two contrasting variants of Hindu nationalism the Bharatiya Janata Party's BJP divisive cultural nationalism and the softer less threatening variant of Hindutva espoused by the Aam

Aadmi Party AAP and Trinamool Congress TMC Historically the overlaps between Hinduism and Islam bolstered the narrative that the Muslims were culturally inferior to the Hindus and that Hinduism was India's unifying tradition As a result for many Hindus emphasizing the distinctiveness of a minority group especially the Muslims represents a threat to Hindu superiority and India's cultural integrity With the rise of the BJP AAP and TMC we witness a tussle between two strains of Hindu nativism The BJP attempts to attract the Hindu vote by heightening the differences between Hindus and Muslims and portraying itself as the restorer of national integrity The AAP and TMC revive a much older form of cultural nativism by downplaying the separateness of the Muslims indicating that India is already a Hindu nation and that there is no need to persecute religious minorities Comparing the two variants of cultural nationalism provides valuable insights into how culture matters in Indian politics

Indian Politics and Society Since Independence Bidyut Chakrabarty, 2008-05-12 Focusing on politics and society in India this book explores new areas enmeshed in the complex social economic and political processes in the country Linking the structural characteristics with the broader sociological context the book emphasizes the strong influence of sociological issues on politics such as social milieu shaping and the articulation of the political in day to day events Political events are connected with the ever changing social economic and political processes in order to provide an analytical framework to explain peculiarities of Indian politics Bidyut Chakrabarty argues that three major ideological influences of colonialism nationalism and democracy have provided the foundational values of Indian politics Structured thematically and chronologically this work is a useful resource for students of political science sociology and South Asian studies
