Mincy, David Blakenhorn, 2003-08-28 The majority of African American children live in homes without their fathers but the proportion of African American children living in intact two parent families has risen significantly since 1995 Black Fathers in Contemporary American Society looks at father absence from two sides offering an in depth analysis of how the absence of African American fathers affects their children their relationships and society as a whole while countering the notion that father absence and family fragmentation within the African American community is inevitable Editors Obie Clayton Ronald B

Mincy and David Blankenhorn lead a diverse group of contributors encompassing a range of disciplines and ideological perspectives who all agree that father absence among black families is one of the most pressing social problems today In part I the contributors offer possible explanations for the decline in marriage among African American families William Julius Wilson believes that many men who live in the inner city no longer consider marriage an option because their limited economic prospects do not enable them to provide for a family Part II considers marriage from an economic perspective emphasizing that it is in part a wealth producing institution Maggie Gallagher points out that married people earn invest and save more than single people and that when marriage rates are low in a community it is the children who suffer most In part III the contributors discuss policies to reduce absentee fatherhood Wornie Reed demonstrates how public health interventions such as personal development workshops and work related skill building services can be used to address the causes of fatherlessness Wade Horn illustrates the positive results achieved by fatherhood programs especially when held early in a man s life In the last chapter Enola Aird notes that from 1995 to 2000 the proportion of African American children living in two parent married couple homes rose from 34.8 to 38.9 percent a significant increase indicating the possible reversal of the long term shift toward black family fragmentation Black Fathers in Contemporary American Society provides an in depth look at a problem affecting millions of children while offering proof that the trend of father absence is not irrevocable

**The Fractious Nation?** Jonathan Rieder,Stephen Steinlight,2003-11-06 What are we to make of the speed with which the new climate of national solidarity emerged after September 11 Does it not look strange against a backdrop of the much touted divisiveness of American life In truth The Fractious Nation makes clear the contrast of the time of divisiveness before and the time of unity that followed is much too stark indeed Less than a year before two planes slammed into the World Trade Center the 2000 presidential election produced not just the starkly blue and red electoral map but also the two tribal Americas those totemic colors emblazoned And from the cultural wars to immigration restriction from the Christian right to political correctness recent decades have witnessed much hand wringing on the left and the right about the fragmentation of American life The Fractious Nation enlists the critical intelligence of fourteen distinguished contributors who illuminate the schisms in American life and the often volatile debates they have inspired in the realms of culture ethnic and racial pluralism and political life The collective wisdom of The Fractious Nation suggests a counterview to all the overheated rhetoric The authors warn against fixating on flamboyant incidents of racial conflict when black and white values overlap considerably On a range of cultural issues the gap between our citizens has closed as well And even as the rivalry between liberalism and conservatism transmutes into new forms the political center remains vital and democratic We are tied together not just by shared values but by institutions the Constitution the culture of consumption the etiquette of ethnic respect In private life and public affairs our nation has expanded the meaning of democratic citizenship Still there s no room for self congratulations here Tendencies toward preoccupation with private life encourage indifference to the suffering of the less privileged This is also one of the main failings of the narrative of fragmentation In its focus on matters of shared values it too distracts from issues of poverty and inequality that also fragment the human spirit Contributors Richard Bernstein John J DiIulio Jr Paul DiMaggio E J Dionne Jr Kevin Gaines Jennifer Hochschild Douglas S Massey Martha Minow Cecilia Mu oz Jonathan Rieder Theda Skocpol Paul Starr Mary C Waters Jack Wertheimer
