S. Washington, De'Quan Foster, 2012-12-12 Aeon creator and lord of the universe has brought forth all things into existence The universe is one with Aeon but his presence on the physical plain would cause the universe to fold in upon itself destroying everything Looming deep in stasis sleep his essence remains ever present while he himself remains ever absent Our Union is the assembly of the children of Aeon tasked with keeping the balance throughout the universe They are the invisible watchers who become embroiled in their own internal war The collective is shattered when one of them is slain Sides are taken and the entire universe hangs in the balance of the outcome Merridia lies at the center of the universe Corvus the first of the lower beings was blessed by Thutmos to rule there as chieftain of the gods Ages have passed and the Merridians have only grown stronger Black Dawn the son of Corvus is haunted by visions of a great calamity that threatens Merridia In defiance of his father s orders he sets off to meet the threat head on Will he quiet the storm or shall it be his undoing Scicremeon always thirsting for blood is driven only by her want to avenge the death of a father she never knew Even in the face of a god hell bent on her destruction she stands defiant until the last breath In her wake she leaves behind only rivers of blood Yet the love of a young boy teachers her that killers too can be kind Titans clash as bonds are broken and new alliances are formed while a brewing storm could wash away the fabric of what once was forming it anew in a sea of darkness where no light may shine Compelling suspenseful insanelly gripping and packed with unforgettable characters The Twelve is space fantasy that packs a real punch Dark Dawn , Black Dawn Peter J. Evans, 2006-06-15 The final book in the Chronicles of Durham Red Woken from 1 000 years in suspended animation mutant vampire Durham Red has found that an entire religion has built up around her life The mutants see her as a messiah whilst the fanatical human Iconoclasts hunt her down as a heretic and abomination After a failed attempt to get past an Iconoclast fleet Red is forced to seek refuge on the planet

Purity It is a harsh world and the citizens have outlawed all forms of technology Now something is stirring in Purity s darkest streets citizens are being slaughtered by a creature of unimaginable strength and ferocity With techno heretics on one side and sword wielding inquisitors on the other Red finds herself being hunted Black Dawn Mia Steiner,1950 Serial Vigilantes of Paperback Fiction Bradley Mengel,2009-10-21 Rough justice has often been served in the pages of serial novels notably beginning with Don Pendleton s The Executioner in 1969 This is the first overview of the serial vigilante genre which featured such hard boiled protagonists as Nick Carter Mark Stone Jake Brand and Able Team among the 130 series that followed Pendleton s novel Serial vigilantes repeatedly take the law into their own hands establishing and imposing their own moral standards usually by force The book examines the connections between the serial vigilante and the pulp hero that preceded him and how the serial vigilante has influenced a variety of tough guys private eyes spies and cops in different media A complete bibliography for each series is featured Dark Around The Edges Katherine Black,2007-07 Who Is Tulovski It still hurt One week two days and fourteen hours after the momentous event it still hurt like hell The object of her misery was coming around that night to collect the last of his stuff She felt sick when she thought of the hussy s hands all over him touching him caressing him wanting him Damn the thoughts that wouldn t go away Day and night they pestered her prying at the edges of sleep and forcing it back so that her wilting eyes flew open under a barrage of painful images that she d rather not imagine And that was how the plot came to be hatched It shot across her thought process as she lovingly ironed along the seam of his fly on the dark grey boxer shorts the ones with the tiny hole in the material of the left buttock I ll tell him I ve met somebody else she said aloud She actually enjoyed doing the rest of the ironing and by the time she had pressed the last of his fourteen shirts she had invented built and fleshed out the perfect partner Soyala's Saga Richard Donahue,2015-03-31 Author House Review The Sixth Coming is set within an original mythology to fascinating results It combines vividly realized characters with spiritual themes and elements of Aztec lore There is an incredible array of exciting sequences that could provide great material for adapting this work into another medium Due to the nontraditional structure and storytelling style live theater could be an interesting option Film is another option perhaps animation could make the most of the impressive locations creatures and spectacles There are several elements that are very well suited for a film or theater piece Because both these mediums usually feature the interactions between characters the strong personalities of The Sixth Coming are essential to capture Soyala is a great heroine from her borderline petulance over the Builders gift to her reluctant and confused acceptance of her destiny She isn t perfect which makes her all the more compelling as she overcomes overwhelming odds Kajika Buriilgi and the Minstrel are wonderful supporting characters Each of these brothers has his own distinct personality and their squabbling provides comic relief Buriilgi and the Minstrel in particular provide humor Kajika could bring in sex appeal for female audiences while Soyala and Xochiquetzal could do so for males Xochiquetzal Tona teotl is a fascinating villain Her sinister sexuality when welcoming Soyala and Kajika could play very well

in a film The later scenes on the Barge are thrilling due to Tona teotls increasingly evident madness These scenes would provide terrific moments for an actor to really chew up the scenery The Shield Maidens story begins with the reader being introduced to her loved ones Each character is well developed and had distinctive characteristics When bad things happen to them we also feel her loss We also learn more about how she came to be and how important loyalty is to her survival The places that this story takes us to are either incredibly beautiful or eerily foreboding The creatures in it are also very uniquely described and incredibly different from the mundane realm that we currently inhabit **Lethal Payload** Don
