

## MOHO WEBINAR

*with Gustaf Lindstrom*

Wednesday, March 8 at 9am PST (California Time)

### Making Black Death series with MoHo

Join us on **Wednesday, March 8 at 9am PST (California Time)** for a **FREE** 1-hour webinar with Gustaf Lindstrom. In this webinar, Gustaf will discuss his experience creating the animated series *Black Death* using MoHo. Gustaf will take you through his entire workflow, from pre-production to post-production, and share his tips and tricks on how to create engaging and entertaining animated content using MoHo. Following the presentation, there will be a Q&A session.

### About the Presenter

Gustaf Lindstrom is an award-winning animator and director, known for his work on *Planets*, *Drifters*, *Black Death*, and *All-Star Party*. He's also worked as a visual effects artist on commercials for major UK brands and projections for live events at prestigious venues like The Royal Albert Hall. Gustaf graduated with a Bachelor's Degree in Computer Graphic Arts at The Animation Workshop in Denmark in 2014.

# Black Death Then And There Series

**Louise Slavicek**

## **Black Death Then And There Series:**

The Complete History of the Black Death Ole Jørgen Benedictow, 2021 Completely revised and updated for this new edition Benedictow's acclaimed study remains the definitive account of the Black Death and its impact on history The first edition of The Black Death collected and analysed the many local studies on the disease published in a variety of languages and examined a range of scholarly papers The medical and epidemiological characteristics of the disease its geographical origin its spread across Asia Minor the Middle East North Africa and Europe and the mortality in the countries and regions for which there are satisfactory studies are clearly presented and thoroughly discussed The pattern pace and seasonality of spread revealed through close scrutiny of these studies exactly reflect current medical work and standard studies on the epidemiology of bubonic plague Benedictow's findings made it clear that the true mortality rate was far higher than had been previously thought In the light of those findings the discussion in the last part of the book showing the Black Death as a turning point in history takes on a new significance OLE J BENEDICTOW is Professor of History at the University of Oslo

**The Black Death, 1346-1353** Ole Jørgen Benedictow, 2004 Benedictow's findings relating to the mortality caused by the Black Death are based on the study and synthesis of all available demographic studies Published over the past forty years most of them in widely dispersed local journals and local histories this cumulative evidence astounding in its implications has gone largely unnoticed This book makes it indisputably clear that the true mortality rate was far higher than has been previously thought **BOOK JACKET** **The Black Death, Updated Edition** Louise Slavicek, 2021-04-01 In 1347 Europe was hit by the worst natural disaster in its recorded history the Black Death Now believed to be a combination of bubonic plague and two other rarer plague strains the Black Death ravaged the continent for several terrible years before finally fading away in 1352 Most historians believe that the pandemic which also swept across parts of Western Asia and North Africa annihilated 33 to 60 percent of Europe's population roughly 25 to 45 million men women and children This massive depopulation had a deep impact on the course of European history speeding up or initiating important social economic religious and cultural changes **The Black Death** Diane Zahler, 2009-01-01 Describes the history of the Black Death

plague in the fourteenth century including the causes of the plague the conditions that exacerbated it and the effects it had on the surviving societies **The Cult of Remembrance and the Black Death** Samuel Kline Cohn, 1997-06-15 In his award winning study Death and Property in Siena historian Samuel K Cohn Jr used close analysis of last wills to chart transformations in mentalities over a six hundred year history Now in The Cult of Remembrance and the Black Death Cohn applies the same methodology to fashion a comparative history of six Italian city states Arezzo Florence Perugia Assisi Pisa and Siena showing the rise of a new Renaissance cult of remembrance In 1363 the Black Death devastated central Italy for the second time causing a detectable shift in notions of afterlife and patterns of charitable giving Throughout Tuscany and Umbria patricians and peasants alike abandoned the practice of dividing their bequests into small sums combining them

instead into last gifts to enhance their fame and glory But this new cult of remembrance Cohn argues does not support Burckhardt's thesis of Renaissance individualism Instead the new piety grew in tandem with reverence for ancestors and a strong sense of family identity founded on the importance of male blood lines But rather than retreat into the religious pessimism of earlier times survivors of the plague would develop into a new generation of art patrons albeit one with a taste for distinctively cruder and more regimented forms of religious art From the supposed center of Renaissance culture Florence to the citadel of Franciscan devotion Assisi the widespread change of sentiment created a new demand for monumental burials testamentary commissions for art and other efforts to exert control over the living from beyond the grave

Between Black Death and Red Plague Maria Szubert, 2013-11-27 This short book captures Maria Szubert's reminiscences of the Second World War and life under communism in Poland It offers a revealing snapshot of the terror and some of the hardships she endured during the war and the privations she suffered under communism which held Poland in its grip until 1989 The book undoubtedly reflects the author's deep humanity and her compassion towards the Nazi invaders when fortune turned them from masters into slaves Equally poignant is her forbearance in the face of Poland's subsequent subjugation by the communist Soviet Union

**After the Black Death** Mark Bailey, 2021 The Black Death was the worst pandemic in recorded history This book presents a major reevaluation of its immediate impact and longer term consequences in England

**Myths and Memories of the Black Death** Ben Dodds, 2021-12-11 This book explores modern representations of the Black Death a medieval pandemic The concept of cultural memory is used to examine the ways in which journalists writers of fiction scholars and others referred to described and explained the Black Death from around 1800 onwards The distant medieval past was often used to make sense of aspects of the present from the cholera pandemics of the nineteenth century to the climate crisis of the early twenty first century A series of overlapping myths related to the Black Death emerged based only in part on historical evidence Cultural memory circulates in a variety of media from the scholarly article to the video game and online video clip and the connections and differences between mediated representations of the Black Death are considered The Black Death is one of the most well known aspects of the medieval world and this study of its associated memories and myths reveals the depth and complexity of interactions between the distant and recent past

*Plague: The Black Death* Janey Levy, 2015-07-15 The plague aptly known as the Black Death swept through Europe in the 1300s killing more than 20 million people Not only deadly but incredibly painful the disease was characterized by black boils all over the body that oozed blood and pus While providing more details about the plague this book an asset to any social studies collection also addresses where the lethal outbreak originated and whether it could return Aided by striking illustrations sidebars and fact boxes readers will discover the conditions in the Middle Ages that made it possible for such an appalling disease to spread so easily

**The Encyclopedia of Medieval Literature in Britain, 4 Volume Set** Sian Echard, Robert Rouse, 2017-08-07 The Encyclopedia of Medieval Literature in Britain vereint erstmals wissenschaftliche Erkenntnisse zu

Multilingualität und Interkulturalität im mittelalterlichen Britannien und bietet mehr als 600 fundierte Einträge zu Schlüsselpersonen Zusammenhängen und Einflüssen in der Literatur vom fünften bis sechzehnten Jahrhundert Einzigartiger multilingualer interkultureller Ansatz und die neuesten wissenschaftlichen Erkenntnisse Das gesamte Mittelalter und die Bandbreite literarischer Sprachen werden abgedeckt über 600 fundierte verständliche Einträge zu Schlüsselpersonen Texten kritischen Debatten Methoden kulturellen Zusammenhängen sowie verwandte Terminologie Repräsentiert die gesamte Literatur der Britischen Inseln einschließlich Alt und Mittelenglisch das frühe Schottland die Anglonormannen Nordisch Latein und Französisch in Britannien die keltische Literatur in Wales Irland Schottland und Cornwall Beeindruckende chronologische Darstellung von der Invasion der Sachsen bis zum 5. Jahrhundert und weiter bis zum Übergang zur frühen Moderne im 16. Jahrhundert Beleuchtet die Überbleibsel mittelalterlicher britischer Literatur darunter auch Manuskripte und frühe Drucke literarische Stätten und Zusammenhänge in puncto Herstellung Leistung und Rezeption sowie erzählerische Transformation und intertextuelle Verbindungen in dieser Zeit

*The Black Death, and The Dancing Mania* J. F. C. Hecker, Henry Morley, 2025-08-15 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

**All the Year Round** Charles Dickens, 1879 **The Black Death in the Fourteenth Century** Justus Friedrich Carl Hecker, 1833 **The Spectator**, 1879 A weekly review of politics literature theology and art

*Edward III & His Wars, 1327-1360* William James Ashley, 1887 The More Developed Realm Glenn T. Trewartha, 2016-06-06 The More Developed Realm **Beeton's Encyclopædia of universal information** Samuel Orchart Beeton, 1880 *Tribe of Survive* J & C, 2012-07-24 You will not learn how to eat a tree but rather how you and your loved ones can live comfortably during the terrible disasters that are surely to come This book is not all inclusive as there is no such thing You WILL learn of those items that have been thoroughly tested for preparedness and survival Each topic goes right to the point There is no flowery rhetoric or page fillers to make this a thick book The only goal of this book is to KEEP YOU ALIVE to prepare you mentally and physically to get you ready for any bad times BEFORE they arrive All treatise in this book are interchangeable to meet any disaster Only a very few of these items listed have but one use Most everything can be used for camping or outdoor indoor activities and absolutely none are a waste of money Knowledge is power the more the better This book attempts to show items valuable in any emergency however small or large and everything in this book is defensive You will find synopses of various scenarios that could devastate this great country so you will have some cursory knowledge of the evil that men can do and the power of an angry Mother Nature

**The Complete History of Plague in Norway, 1348-1654** Ole Jørgen Benedictow, 2022-07-08 Historical studies of plague are predominantly related to individual local epidemics often associated with the Black Death However this unique book provides a complete presentation of the entire Second Plague Pandemic in Norway from the Black Death to the last outbreaks of plague in 1654 It begins with a

succinct presentation of the history of plague and its basic clinical and epidemiological features while also drawing upon new scholarship and research It confirms the great genetic stability of the plague contagion and shows that the outbreaks and spread of plague can be studied in interaction with two historical societies of two historical periods the late medieval society and the early modern society The changes and differences in epidemiology and dynamics of plague between the two halves of the pandemic are gateways to understanding how plague epidemics are transmitted disseminated and evolve The book s long term perspective allows it to study plague s epidemiology and to identify consistent long term features      **The White Company** Arthur Conan Doyle,1890

Getting the books **Black Death Then And There Series** now is not type of inspiring means. You could not lonely going subsequently ebook hoard or library or borrowing from your contacts to log on them. This is an completely easy means to specifically acquire guide by on-line.
