Alliance And Everywhere West:

Alliance and Everywhere West Richard Collins Kistler, Joseph C. Hardy, 1990 **European Peace Movements and the Future of the Western Alliance** Walter Laqueur, 2017-09-08 This extraordinary compendium concerns the future of the Western alliance and the development of the peace movements in Europe and in the United States The peace movement is an old phenomenon given new life by NATO decisions concerning nuclear deployment in Europe and the Soviet responses along the same lines After a long postwar marriage Europeans and Americans alike are reexamining the premises of the Western alliance The contributors provide a variety of scenarios extending from the maintenance of the status quo to the complete dismantling of the Western alliance or at least of its NATO component In a context of rapid change and new challenges to the democratic bloc the editors and authors argue for higher levels of economic integration and caution that competition might spill over into political collapse The work deals with thorny security issues in a frank and policy oriented way While each contributor expresses a unique standpoint a surprising consensus emerges The need for democratic nations to move toward a higher policy ground in order to preserve the fundamental alliance that led to the postwar consensus to begin with Some contributors feel this is still possible others that the time has passed and that national rather than regional interests will once more prevail The work contains an extraordinary array of talent from both the American and European perspectives Among the major contributors and their themes are Henry Kissinger on A Plan to Reshape NATO William G Hyland on The European Peace Movement and NATO Irving Kristol on What s Wrong with NATO Theodore Draper on The Western Misalliance Niels Haagerup on The Nordic Peace Movements Martin Ceadel on The British Nuclear Disarmers and Jeffrey Herf on The SPD and the Peace Movement in West Germany This is a well integrated text with no random essays *The Atlantic Alliance, Current Views* United States. Congress. Senate. Committee on Government Operations. Subcommittee on National Security and International Operations, 1967 *The Atlantic Alliance* United States. Congress. Senate. Committee on Government Operations. Subcommittee on National Security and International Operations, 1967 **Major Events of the Nuclear Age** Erik V. Nordheim, 1967 [America Coming to Terms: The Vietnam Legacy](#) Nguyen Anh Tuan, 2008-12-23 Douglas Pike an eminent authority on Southeast Asia and particularly on Vietnam wrote Dr Nguyen Anh Tuan is a highly respected economist and political thinker Even perhaps for our purpose here he is a man of great breadth of view a philosopher in the true meaning of the word In *America Coming to Terms* Dr Nguyen Anh Tuan addresses himself to the central issue of the Vietnam War This ambitious study seeks to place the U S involvement in Vietnam into the broader context of American and world history The legacy of the Vietnam War remains a critical topic particularly with the war in Iraq generating the specter of conflicting partisan politics in a deeply divided country America s involvement in Vietnam was misunderstood at the time and is still misrepresented now As the Iraq War often invites comparisons with the Vietnam War a full understanding of the U S experience in Vietnam is essential More importantly lessons learned from Vietnam can be applied to Iraq at present as well

as to any U S conflict in the future America Coming to Terms will help the American public to better understand the real legacy of the Vietnam War It will provide Americans liberal as well as conservative Democrat as well as Republican with substantive reasons to be united and to be proud of America Most importantly it will meaningfully impact the writing of American history for future generations and change for the better the world s perception of the American people and of America Steven Hayward a most distinguished scholar wrote Revisionist historians two or three generations from now are likely to begin making the argument that the United States won the ultimate victory in the Vietnam War and that it should be seen as the turning point in the Cold War In America Coming to Terms Dr Tuan set the record straight that notwithstanding a number of mistakes that were committed not only America won the Cold War but ultimately also won the Vietnam War
