## **Alone In The Dawn The Life Of Adelaide Crapsey:**

**Alone in the Dawn** Karen Alkalay-Gut, 2008-09-01 *Alone in the Dawn* is the first full length study of life and work of Adelaide Crapsey an American poet who lived at the same time and often in the same places as Gertrude Stein H D Hilda Doolittle Ezra Pound W B Yeats and Virginia Woolf but whose artistic goals were antithetical to those of her literary contemporaries Dedicated to understanding the scientific basis of literature Crapsey invented the cinquain a poetic form based on principles of stress and meter and conducted an intensive critical study of prosody Placing Crapsey's work within its critical and historical context Karen Alkalay Gut's biography presents an inventive poet who worked outside the mainstream of twentieth century poetry The daughter of an Episcopal priest Crapsey was raised in a liberal environment that encouraged great expectations for women She excelled in her studies at a private girls school in Wisconsin and then at Vassar College Described as a bewitching wraithlike figure Crapsey captivated teachers and peers alike with her innocence wit and mischievous irreverence seeming to embody the very ideal of the 1900s new woman Her college roommate novelist Jean Webster later used Crapsey as a model for some of the progressive and spirited female protagonists in her fiction Crapsey never fulfilled the promise of her early success Before succumbing to tuberculosis at age thirty six she had to sacrifice years of her life in search of health rather than the pursuit of truth Her completion of a major article on her research and interpretation of metrics was followed by a devastating physical collapse In a last desperate attempt to find a cure Crapsey was sent to a famous sanatorium at Saranac Lake in upper New York state Though required to remain immobile and completely isolated she managed in the months before her death to collect her poems in a volume she called her funeral urn When Crapsey's posthumous book of selected poems appeared in 1914 readers were unable to separate the work from her death associating Crapsey with the popular literary stereotype of the beautiful young writer consumed by her fiery artist's soul Yet Crapsey's life was not romantic drama but a grim never ending encounter with illness grief and impecunity a losing struggle between ambition and death In *Alone in the Dawn* Alkalay Gut reveals within the lines of Crapsey's poetry the tragic truncated eloquence of her life

[Resting among Us](#) Steven Huff, 2023-10-15 Too often the lives and works of authors who called Upstate New York home are overshadowed by the icons of New York City *Resting among Us* uncovers the region's rich literary heritage through Steven Huff's journeys to the graves of writers both famous and celebrated as well as those that have been forgotten While most Upstate residents are aware that Mark Twain's grave is in Elmira and that James Fenimore Cooper's is in Cooperstown many people don't realize a noted author may be buried in their local cemetery For instance Paul Bowles is buried in Lakemont John Gardner in Batavia Rod Serling in Interlaken John Burroughs in Roxbury and Adelaide Crapsey in Rochester Interwoven with these remarkable literary lives are the connected stories of the region's history and Huff's own encounters and friendships with some of the writers included in the book With directions to each author's grave as well as photographs of the graves and authors themselves *Resting among Us* is the perfect companion for your own

**The Georgia Review**, 1989      **Algernon Sidney Crapsey** Dr. Stephen T. Neese, 2009-03-26 Algernon Sidney Crapsey *The Last of the Heretics* is a biography about a man whose life reflected the religious social and cultural conventions of late nineteenth and early twentieth century America The fascinating changes that Crapsey experienced in his personal life paralleled the intellectual developments that attended the nation as it moved from a Protestant Christian culture to a primarily secular one Recognizing those transformations in the life of Crapsey helps us to understand them at the societal

level as well After a short stint in the military during the Civil War Crapsey began his career as a young man caught up in the pomp and ritual of the Oxford Movement and Anglo Catholicism He maintained a long romance with the medieval communitarian based Anglican institution He eventually became a leading missionary or one who brought instruction and Episcopal evangelism to various places both at home and abroad He was at one point the leading candidate for the Bishopric of Omaha Nebraska though he ultimately declined the offer But as he became more successful at one point traveling to Great Britain he eventually witnessed the discrepancies between the hierarchical church and the laity The seeds of socialism both Christian and secular were set at this point He became more and more broad minded and liberal in his thinking leading to his utterances of heresy and eventual excommunication between 1905-07 His trial captivated the nation twenty years before the Scopes Monkey Trial and every major newspaper carried its developments As he moved on in years his life deepened becoming more interesting and legendary as a favorite circuit speaker author avowed communist and New York State's first youth probation officer For many his death at the end of the decade of the twenties marked the end of an era of modernism in America As a true progressive Crapsey had not only helped to initiate a process that brought successive modification to society but he also helped to establish a tradition of liberality within the Episcopal Church The subsequent controversies surrounding Bishops Pike and Spong attest to this tradition as does the current controversy concerning the openly gay Bishop Gene Robinson
