Alternative Lives Of Jesus:

Alternative Lives of Jesus Roland H. Worth, Jr.,2010-06-28 There is a body of religious literature most of which was written centuries after the New Testament that attempts to provide supplemental or alternative accounts of the life of Jesus Christ The most exhaustive surviving alternative versions to the New Testament come from orthodox circles and are often creative imaginings that try to fill holes in the canonical gospel accounts of Jesus life This work investigates the origins and nature of noncanonical retellings in detail both orthodox and heretical as well as Roman and traditionalist Jewish ones Extensive summaries of the text as well as substantial verbatim extracts of key incidents and assertions are provided to give the reader a feel for the character and intents of the various sources A concise introduction to a much neglected area of Bible related study that should be of potential use to students of Biblical literature comparative religion and early medieval thought

The Historical Jesus and the Literary Imagination 1860-1920 Jennifer Stevens,2010-07-14 An Open Access edition of this book is available on the Liverpool University Press website and the OAPEN library Fictional reconstructions of the Gospels continue to find a place in contemporary literature and in the popular imagination Present day writers of New Testament fiction and drama are usually considered as part of a tradition formed by mid to late twentieth century authors such as Robert Graves Nikos Kazantzakis and Anthony Burgess This book looks back further to the late nineteenth and early twentieth centuries when the templates of the majority of today s Gospel fictions and dramas were set down In doing so it examines the extent to which significant works of biblical scholarship both influenced and inspired literary works Focusing on writers such as Oscar Wilde George Moore and Marie Corelli this timely new addition to the English Association Monographs series will be essential reading for scholars working at the intersection of literature and theology

Frederick, 2014-02-07 Rachel K. Frederick once went through life without knowing who she was because she didn't know who God was. By age forty-two she'd become exhausted because the consequences of her sinful choices were just too heavy to carry. Just when she was ready to give up all hope, however, God's merciful arm reached down and lifted her into His grace. In that instant she was transformed into a follower and fighter devoted to Christ. Since that day, her God-given faith compels her to testify about her experiences and to reveal her sinful past which includes rebellion, fornication, adultery, murder, homosexuality, rage, vengeance, self-mutilation, suicidal tendencies, and with secrecy enabling them all. It's a journey that showcases the power of the Lord who can help you redefine your future just as it has redefined hers. Join Rachel as she walks with the Lord, putting her poor soul in His hands to witness the works of both God and Satan. She is awed by the many blessings that God intended for her in life, having discovered that it's never too late to turn back and receive them. **Jews and Christians in the First and Second**

Centuries: How to Write Their History Peter J. Tomson, Joshua J. Schwartz, 2014-08-21 The papers in this volume are organized around the ambition to reboot the writing of history about Jews and Christians in the first two centuries CE. Many are convinced of the need for a new perspective on this crucial period that saw both the birth of rabbinic Judaism and apostolic Christianity and their parting of ways. Yet the traditional paradigm of Judaism and Christianity as being two totally different systems of life and thought still predominates in thought handbooks and programs of research and teaching. As a result, the sources are still being read as reflecting two separate histories: one Jewish and the other Christian. The contributors to the present work were invited to attempt to approach the ancient Jewish and Christian sources as belonging to one single history precisely in order to get a better view of the process that separated both communities. In doing so, it is necessary to pay constant attention to the common factor affecting both communities: the Roman Empire. Roman history and Roman archaeology should provide the basis on which to study and write the shared history of Jews and Christians and the process of their separation. A basic intuition is that the series of wars between Jews and Romans between 66 and 135 CE, a phenomenon unrivalled in antiquity, must have played a major role in this process. Thus the papers are arranged around three focal points: 1. the varieties of Jewish and Christian expression in late Second Temple times; 2. the socio-economic, military, and ideological processes during the period of the revolts; and 3. the post-revolt Jewish and Christian identities that emerged. As such, the volume is part of a larger project that is to result in a source book and a history of Jews and Christians in the first and second centuries. *A Thematic Access-Oriented Bibliography of Jesus's Resurrection* Michael J. Alter, 2019-12-31 The

keystone of Christianity is Jesus's physical bodily resurrection. Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus. The literature measures well over seven thousand sources in English language books alone. This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task. Even when a specific book is relevant, finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort. A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic e.g. Christian, Jewish, Muslim, etc., agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease.

Love, Loss, and Abjection Melanie Baffes, 2016-06-03. This study explores the premise that the experience of being born from above in John's Gospel can be seen as mirroring the development of human subjectivity, particularly as understood through the psychoanalytic work of Julia Kristeva. It draws specifically on Kristeva's theory of how the human self subject takes shape in infancy, her contention that subjectivity is a work in progress, and her insistence on abjection as a catalyst for developing selfhood. Examining the story of Mary of Bethany as narrated in John 11:12 through this lens, this analysis seeks to better understand the concept of new birth and how it relates to being fully human.

The Right to Say No to God and Christianity Dr. William Derrick Moore, 2008-12-15. The Right to Say No to God and Christianity is a book that deals with the spiritual condition of many people today. There are a growing number of people who are exercising their God-given right to say no to Him, His holiness, love, and truth. This group of people wants to experience the alternatives to God and righteousness. They have created a movement and lifestyle that exists without a holy God. This movement promotes the idea that this life is as good as it gets, so enjoy what you want now because there is no life after death and certainly no consequences for your deeds while on earth other than from the civil authorities. This movement also exalts man as the only moral authority. The present condition of the world bears witness to what has happened to the world since man has taken on the role as the true moral authority. A negative consequence of man being a moral authority is his support of the spiritual war that has caused massive destruction to the moral standards that God has ordained for us to live by. Many people are engaged in activities that can be characterized as open rebellion against God and His righteousness. God's morality is no longer a standard that must be maintained but a standard that can be altered to justify ungodly behavior. Sin feels good, and many people want to feel good. They live their lives to please the desires of the flesh. They do this regardless of the eternal consequences that we all must face for our actions. This book serves as a guide for Christians to follow during this time of open rebellion against God.

Spiritual Dynamics in the Body of Christ Chris S. Sherrerd,2003 **The life of Jesus critically examined, tr. [by M.A. Evans]. Stereotyped ed., tr. by George Eliot** David Friedrich Strauss,1898 *The Life and Times of Jesus the Messiah* Alfred Edersheim,1883 **Connecting to the Gospel** James Boyd White,2010-02-11 How can we connect the Gospels the fundamental texts of Christian faith to our own experience of inner and outer life This is the question that animates *Connecting to the Gospel* In it James Boyd White presents a series of Gospel passages together with the sermons he gave on these passages as a lay preacher in the Episcopal Church with brief commentaries and questions on each as well The whole is designed as an aid to thought and reflection about the issues raised by the Gospel passages as they relate both to our own larger culture and to our internal religious experiences The texts are old texts from the past What relation do they have can they have with life in the twenty first century One aim of the book is to establish a set of questions both about the Gospels and about our own lives which the reader is invited to pursue on his or her own It can be used both by individuals and groups engaged in study and exploration **Imagine Paul** G. Roger Greene,2024-10-17 Can the real Paul the apostle live again in a postmodern technological age Paul s ministry stood at the very headwaters of the Christian gospel surrounding Jesus of Nazareth His letters are the earliest documents contained in the New Testament The current work calls upon the reader to actively engage Paul in his context rather than to affirm the assumed theological Paul of later Christian orthodoxy The reader is thus invited to walk with a more real Paul as he may be imagined from the sources we have to think Paul s thoughts with him through his letters and to more fully experience the gospel of God that Paul knew and proclaimed Paul was a man in Christ directly called by God to announce the gospel of God to both Jew and gentile in the midst of a world ruled by Rome He did so through two major campaigns rather than three missionary journeys He wrote pastoral letters to real first century churches The real Paul did not write theology but he rather proclaimed a gospel to a world in search of a soul **Official Report of the ...
