Dawn Hughes, 2001-01-01 A must resource for the millions of people affected by Fibromyalgia and Chronic Fatigue Syndromes (FMS and CFS). Unlike well-known and understood diseases like cancer, it's a journey for education, understanding, and compassion. The book powerfully captures this journey and is the first to provide patients, family, and friends with the imperative resources to find support through their walk. In addition, *The Life Planner* is a workbook that maps out a step-by-step guide for adapting and coping with the lifestyle changes fibromyalgia and chronic fatigue patients must face. The book is divided into four sections: *The Syndromes* provides an extensive look at the cause, diagnosis, symptoms, and treatments. From current research to clinical trials. *The Resources* is a comprehensive listing of FMS/CFS books, medical journals, association newsletters, periodicals, and videos recommended by FMS/CFS Associations. *The Support* provides worldwide listings of FMS/CFS Associations as well as associations for sub-categories of these syndromes, including Advocacy, pain management, alternative therapies, and disability issues. *The Life Planner* details how to manage life emotionally and physically. A compassionate look at what to expect, how to work through feelings, goal planning, worksheets, and charts, exercise, nutritional choices, how to educate family and friends, and work options. Written by a fibromyalgia and chronic fatigue patient, the book outlines not only the journey for the patient but gets to the heart of awakening family and friends to the devastating effects these illnesses cause and provides the tools needed for years to come.
