Altmanns Tongues Stories And Novella:

Altmann's Tongue ,2002-01-01 Brian Evenson has added an O Henry Award winning short story Two Brothers to this controversial book and a new afterword in which he describes the troubling aftermath of the book s publication in 1994

Trauma, Memory, and Narrative in the Contemporary South African Novel ,2012-01-01 The contributions to this volume probe the complex relationship of trauma memory and narrative By looking at the South African situation through the lens of trauma they make clear how the psychic deformations and injuries left behind by racism and colonialism cannot be mended by material reparation or by simply reversing economic and political power structures Western trauma theories as developed by scholars such as Caruth van der Kolk Herman and others are insufficient for analysing the more complex situation in a postcolony such as South Africa This is because Western trauma concepts focus on the individual traumatized by a single identifiable event that causes PTSD Post Traumatic Stress Disorder What we need is an understanding of trauma that sees it not only as a result of an identifiable event but also as the consequence of an historical condition in the case of South Africa that of colonialism and more specifically of apartheid For most black and coloured South Africans the structural violence of apartheid s laws were the existential condition under which they had to exist The living conditions in the townships pass laws relocation and racial segregation affected great parts of the South African population and were responsible for the collective traumatization of several generations This trauma however is not an unclaimed and unclaimable experience Postcolonial thinkers who have been reflecting on the experience of violence and trauma in a colonial context writing from within a Fanonian tradition have on the contrary believed in the importance of reclaiming the past and of transcending mechanisms of victimization and resentment so typical of traumatized consciousnesses Narration and the novel have a decisive role to play here Short Story Index ,1999 **The Passion of Martin Fissel-Brandt** Christian Gailly,2002-01-01 Follows middle aged Martin Fissel Brandt who begins a quest to find his former lover Anna Posso after he finds a hidden letter addressed to the apartment where they used to meet Responding to Creative Writing Graeme Harper,2020-09-29 Creative writing is a responsive human activity We use it to respond to the world to our feelings to ideas to observations to other people to historical and cultural events and to the wonders created in our imaginations This book shows how we go about doing this responding Contributors discuss practice led research in creative writing They look at the ways a writer can use language or employ genre and consider how we each define themes and subjects and use writing techniques to explore to these themes and subjects In examining creative writing teaching the contributions gathered here suggest that teaching can be more responsive more engaged with student interests and more successful This book shows that exploring creative writing through a variety of means can produce inventive energetic results that can improve our own creative writing as well as substantially contribute to our critical understanding of creative writing **Religious Imaging in Millennialist America** Ashley Crawford,2018-09-19 Ashley Crawford investigates how such figures as Ben Marcus

Matthew Barney and David Lynch among other artists novelists and film directors utilize religious themes and images via Christianity Judaism and Mormonism to form essentially mutated variations of mainstream belief systems He seeks to determine what drives contemporary artists to deliver implicitly religious imagery within a secular context Particularly how religious heritage and language and the mutations within those have impacted American culture to partake in an aesthetic of apocalypticism that underwrites it
