riveting and exciting challenges to the status quo of our present day Christian culture Based on interviews with more than 1000 adults nationwide the survey discovered that less than one out of every five adults believes that children under the age of 13 are being superbly or pretty well prepared for life emotionally physically spiritually intellectually or physically Fewer than one out of every twenty adults believes that America s youngsters are receiving above average preparation in all five of those areas of life Americans Agree Kids Are Not Being Prepared for Life The Barna Group October 26 2004 The couples who discover the answers to the moral morass of our postmodern Christian culture are those who know that the future of their children is in jeopardy and that we are in a war for the control of that future Sadly the statistics of broken homes divorces adultery domestic violence drugs and promiscuity to mention only some of the ills of our culture are almost equally divided between Christian families and non Christian families This is unacceptable as a comparison and must change Consequently fathers and mothers of faith and grace are those who are and or who will experience God s promise of victory over these fruits of our fallen nature and live a marriage experience that captures the best of God s gifts of love sex and romance in marriage Daddy s Little Girl and Mommy s Little Boy brings us clear evidence of just how America s Christian couples can have this victory in their marriage and how to duplicate this success in their sons and daughters Almost a Husband Carol Grace,1995-07-25 Almost A Husband by Carol Grace released on Jul 25 1995 is available now for purchase I'm Still Standing Wendy Watson,2011-10-13 When Wendy Watson was just 16 her mother died from breast cancer After researching her family history she discovered a further nine relatives had fallen victim to the disease Although little was known about the genetic link to breast cancer at the time Wendy was concerned about her own risk of developing the disease The idea came into my head that if I had my breasts removed I wouldn t develop breast cancer I d never heard of anyone having an elective double mastectomy before but I felt it could be the solution for me At the age of 37 Wendy was the first woman in Britain to have a pre emptive double mastectomy to avoid the breast cancer that had stalked her family Now thirteen years later at 24 her daughter Becky has made the same choice In 1996 Wendy set up the Hereditary Breast Cancer Helpline to offer support to women 24 hours a day 365 days a year The following year she successfully spearheaded a campaign against the patenting of two genes linked to breast cancer all the time challenging the bureaucracy of many Primary Care Trusts in the UK and the European Parliament Written by Wendy this is the inspiring and courageous story of her family s personal struggle with the disease and her efforts to help thousands of other women understand and cope with this aggressive cancer
